NH DHHS COVID-19 Update – May 7, 2020

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Thursday, May 7, 2020, DHHS announced 104 new positive test results for COVID-19. There have now been 2,843 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there is one individual under the age of 18 and the rest are adults with 59% being female and 41% being male. The new cases reside in Rockingham (30), Hillsborough County other than Manchester and Nashua (24), Merrimack (7), Strafford (3), Belknap (1), Carroll (1), Grafton (1), and Sullivan (1) counties, and in the cities of Manchester (28) and Nashua (6). The county of residence is being determined for two new case.

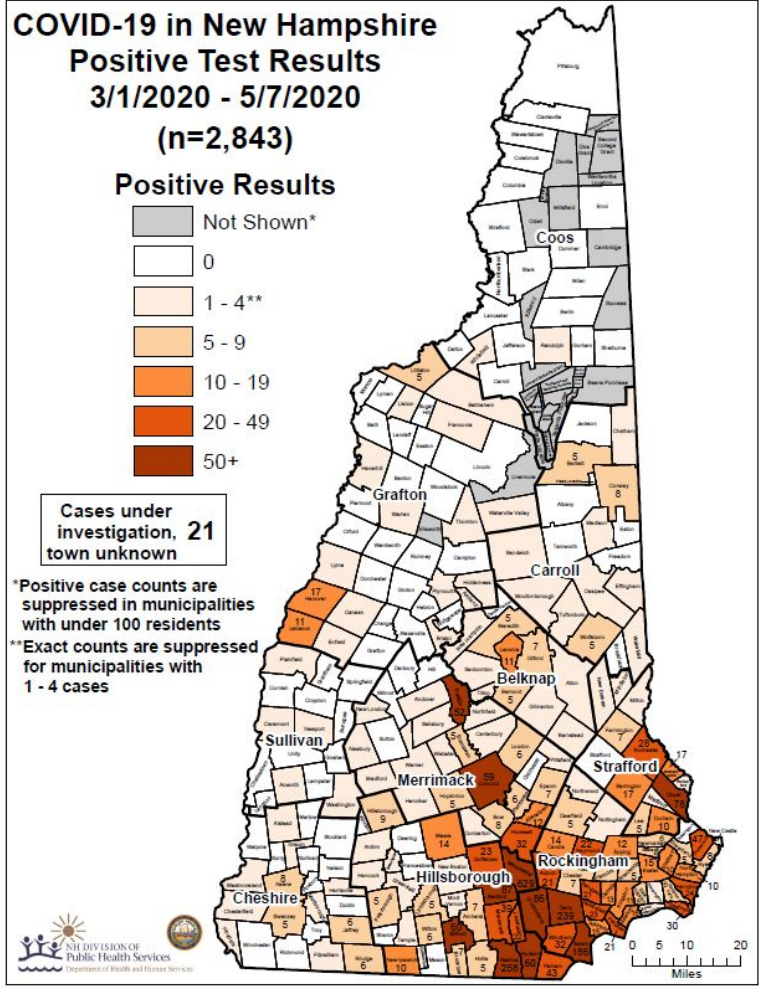

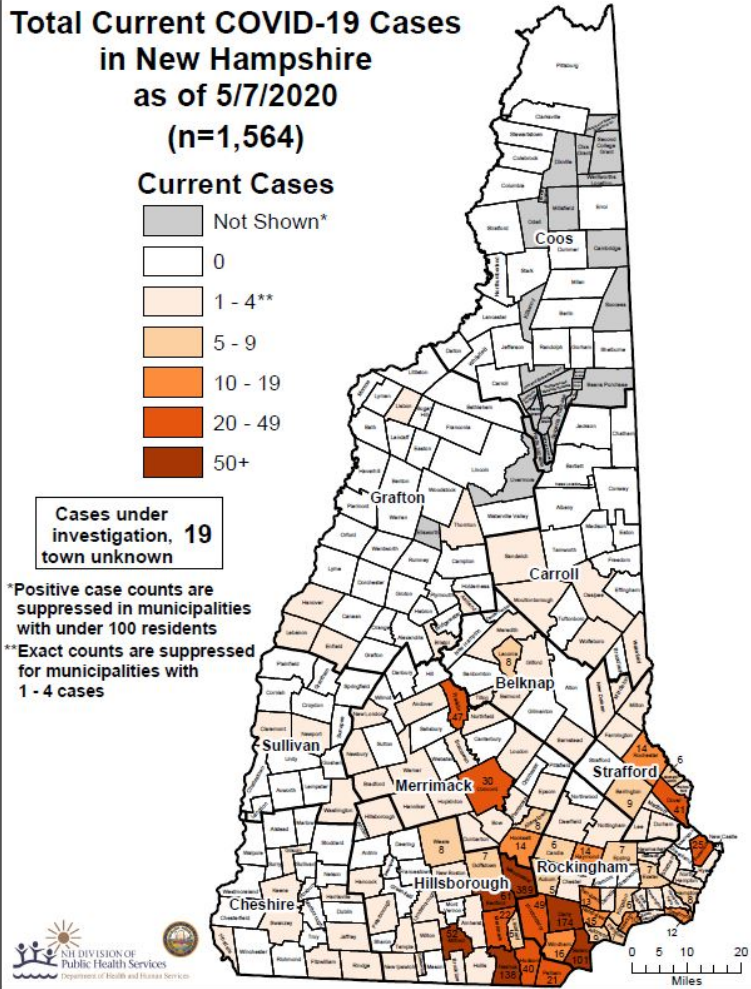

One new hospitalized case was identified for a total of 308 (11%) of 2,843 cases. Nine of the new cases have no identified risk factors. Community-based transmission continues to occur throughout the State and has been identified in all counties. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

DHHS has also announced 3 additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 female resident of Hillsborough County, 60 years of age and older
- 1 male resident of Rockingham County, 60 years of age and older
- 1 male resident of Strafford County, 60 years of age and older

DHHS has issued the COVID-19 Weekly Summary Report for the week of May 4, available at:
