Today's results include 34 people who tested positive by PCR test and 19 who tested positive by antigen test. There are now 500 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. The new cases reside in Rockingham (10), Hillsborough County other than Manchester and Nashua (8), Strafford (6), Merrimack (3), Belknap (2), Cheshire (1), Grafton (1), and Sullivan (1) counties, and in the cities of Nashua (9) and Manchester (7). Community-based transmission continues to occur in the State and has been identified in all counties. Of those with complete risk information, most of the cases have either had close contact with a person with a confirmed COVID-19 diagnosis or recently traveled.
