Charles J. Saia, Executive Director

The Process for ADA Assistance

The Governor's Commission on Disability ("GCD") was established to serve as a source of information to the public regarding all services to persons with a disability. The GCD does not provide individuals with legal advice. However, if you are in need of assistance regarding the Americans with Disabilities Act ("ADA") and the rights protected thereunder, please feel free to contact us at the telephone number, mailing address or email address below. We encourage you to complete the attached Information Form to fully describe in writing the events which you would like to discuss. Although we welcome your calls, it may be easier for you to complete this form in advance so that we may address your inquiry in an expeditious and thorough manner. Kindly submit the Information Form to us via email or mail so that our staff may review the details and respond.

The GCD does not accept any information from anonymous individuals. You must completely fill out the Form with your name and the requested information. After reviewing the Form, the GCD may call you for further information. Filing a false form may result in a referral to the New Hampshire Attorney General's office or other entity for review and possible legal action.
