ROAD IMPROVEMENT WORK TO RESUME ON NH 120 IN LEBANON
INCLUDES LEDGE REMOVAL, WIDENING AND SIGNAL WORK

The New Hampshire Department of Transportation and Dartmouth Hitchcock Medical Center announce construction work is scheduled to resume the week of March 27 on roadway improvements to a section of NH Route 120 in Lebanon.

This work includes ledge removal and widening the existing road, as well as traffic signal and safety improvements. Message boards, uniformed officers and flaggers will be used to alert motorists to lane reductions.

Morrill Construction Company of Haverhill, New Hampshire is the contractor for the \$3.7 million project.
