**FINAL PAVING ON NH ROUTE 101 PROJECT IN BEDFORD**  
**WILL INCLUDE MEETINGHOUSE AND SOUTH RIVER ROADS**

The New Hampshire Department of Transportation announces final paving work is scheduled to take place over the next two weeks on the NH Route 101/US Route 3/Interstate 293 project in the vicinity of Macy's in Bedford. Also included in this paving work will be Meetinghouse Road and South River Road.

This paving will get underway on Monday, September 18 and continue for approximately two weeks. Daily work hours will be from 6:30 am until 5:00 pm.

Motorists should expect lane closures and delays, and take alternate routes if possible. Uniformed officers and flaggers will help motorists through the work zones.

Audley Construction of Bow, New Hampshire is the general contractor for the \$15 million project, which will be completed later this fall.
