I-95 SOUTHBOUND BRIDGE REPAIRS IN PORTSMOUTH
LANE REDUCTION IN PLACE FOR UP TO EIGHT WEEKS

The New Hampshire Department of Transportation announces bridge repair work is scheduled to begin Tuesday, April 3, 2007 on the Interstate 95 southbound bridge over NH Route 16 in Portsmouth.

This bridge joint replacement project is expected to take up to eight weeks to complete. It will require both a lane shift and a lane reduction on the bridge from three to two lanes.

Warning signs, barrels, cones and concrete barriers will be used guide motorists through the work zone. Motorists should use caution when driving through the work zone. In the event of inclement weather, work will be postponed until the following day.
