ALTON PUBLIC INFORMATIONAL MEETING
IMPROVEMENTS TO THE ALTON TRAFFIC CIRCLE

The New Hampshire Department of Transportation announces a combined Public Officials/Public Informational Meeting is scheduled for Wednesday, April 11, 2007 to discuss planned improvements to the Alton Traffic Circle to increase traffic safety and capacity.

This work will involve the approaches to the circle on NH Route 11 and NH 28, and possibly includes a relocation of New Durham Road where it connects to NH 11. The project could also include the construction of sidewalks. An option being considered is converting the existing traffic circle to a modern roundabout.

The purpose of this meeting is to present citizens and public officials with information regarding the proposed project and to solicit input in order to ensure that project decisions meet public transportation needs and community goals, and protect and enhance the environment.

The April 11 public meeting will be held at 7:00 PM at the Alton Museum, corner of NH 140 and NH 11, in Alton, New Hampshire.
