NIGHTTIME PAVING WORK AT THE DOVER TOLLS
SOME LANE CLOSURES FOR FOUR NIGHTS

The New Hampshire Department of Transportation announces nighttime paving work is scheduled to begin Sunday, May 6, 2007 in the immediate vicinity of the Dover Tolls on the Spaulding Turnpike.

This pavement grinding and resurfacing work will take place for four nights from 8:00 pm until 5:00 am and will include approximately 1,000 feet on both sides of the mainline toll plaza. Motorists and motorcycles should be prepared for lane closures and possibly rough surfaces during both daytime and nighttime hours.

Brox Industries, Inc. of Dracut, Massachusetts is the contractor for the resurfacing project.
