STORM-RELATED BRIDGE CLOSURE IN CENTER STRAFFORD
NH 202A BRIDGE NEAR THE NH 126 INTERSECTION

The New Hampshire Department of Transportation announces the immediate closure of a bridge on NH Route 202A in Center Strafford for necessary repairs.

The closed NH 202A bridge is over an unnamed brook near the intersection of NH Route 126. It was closed this afternoon (May 9) after an inspection revealed an undermined bridge abutment due to scouring associated with high water during the April storms and flooding.

Traffic seeking to access NH Route 126 in Center Strafford on NH 202A will be detoured via NH Route 202 for approximately one week until repairs can be completed. Message boards will be in place to assist with the detour.
