NIGHT PAVING WORK ON F.E. EVERETT TURNPIKE IN BEDFORD
SOUTHBOUND NEAR THE I-293 SPLIT FOR FOUR NIGHTS

The New Hampshire Department of Transportation announces night paving work is scheduled to begin Monday, August 27 on the southbound lanes of the F.E. Everett Turnpike in Bedford.

This work will involve asphalt grinding and the repaving of approximately 8/10's of a mile on the Everett Turnpike southbound near the I-293 split.

Work hours will be from 8:00 PM until 6:00 AM for up to four nights. Lane closures will be necessary in order to perform the work. Uniformed officers will assist motorists through the work zone.

Brox Industries, Inc. of Dracut, Massachusetts is the contractor for this work, which is part of a larger resurfacing project that involves paving segments of the Everett Turnpike and Interstate 293 between Nashua and Hooksett. The total project contract is approximately \$1.4 million.
