The New Hampshire Department of Transportation announces a combined Public Officials/Public Informational Meeting will be held Thursday, September 27, 2007 to discuss the replacement of the US Route 4 Bridge over the Mascoma River in Lebanon.

This project will include improvements to the intersection of US Route 4 and NH Route 4-A just west of the bridge. Shoulders will be included on the bridge and the roadway approaches at each end of the bridge.

The purpose of this meeting is to present citizens and public officials with information regarding the proposed project, and to solicit input in order to ensure that project decisions meet public transportation needs, community goals, and protect and enhance the environment.

The September 27 public meeting will be held at 7:00 PM at the Lebanon City Hall Council Chamber, 51 North Park Street in Lebanon, New Hampshire.
