KEENE – SURRY PUBLIC INFORMATIONAL MEETING
PLANNED REHABILITATION OF FIVE MILES OF NH ROUTE 12

The New Hampshire Department of Transportation will hold a combined Public Officials/Public Informational Meeting on Tuesday, December 18, 2007 in Keene to discuss planned pavement rehabilitation on a five-mile section of NH Route 12 from 3,500 feet south of the NH Route 9 interchange to the Surry-Westmoreland town line.

This project is part of the Statewide Federal Resurfacing Program for 2008. The work also includes rehabilitating the bridge over Maple Avenue and minor work at the railroad bridge just south of Old Summit Road, scaling back the rock cut just east of Old Summit Road, and replacing deteriorated guardrail and drainage.

The purpose of this meeting is to present citizens and public officials with information regarding the proposed project, and to solicit input in order to ensure that project decisions meet public transportation needs, community goals, and protect and enhance the environment.

The December 18 public meeting will take place at 7:00 PM the Keene Public Library auditorium, 60 Winter Street in Keene, New Hampshire.
