

**STATE OF NEW HAMPSHIRE  
DEPARTMENT OF TRANSPORTATION**

**STODDARD  
42708**

October 14, 2020

**ADDENDUM NO. 1**

Bidders are hereby advised to make the following revisions to the Plans and Proposal:

1. **Insert**, in the Proposal, on page 12, into the *Prosecution of Work*, under the *Construction Requirements – Culvert Rehabilitation Work* section, **Note 12** to read as follows:

12. In accordance with Wetland Permit Condition #23 and Env-Wt 807.03(b), the Contractor shall submit a post-construction monitoring report, documenting the condition of the restored segments of stream channel at the twin culverts inlet and outlet. A report that includes the work completion date, photos associated with the wetlands and stream impact work (shortening of the pipes and stream creation) at various stages of construction with a brief narrative documenting the work completed within the stream shall be submitted to the Engineer within 30 days of completion of the work. Documentation shall include sets of photos at the inlet & outlet during the construction of the streambed subgrade, stone layer, final grade, and at completion. This report shall be subsidiary to Item 645.71.

**THE CONTRACTOR SHALL ACKNOWLEDGE  
THIS ADDENDUM ELECTRONICALLY  
AS PART OF THE ELECTRONIC BID**
