INFORMATIONAL BULLETIN

=====

Effective November 1, 2013, Vermont will no longer issue permits under the New England Consortium agreement. The consortium permit allowed a carrier to obtain one permit for multi-states, Vermont, New Hampshire, Maine and Massachusetts. Any oversize/overweight vehicles requiring a permit to operate through this state must obtain the permit directly from Vermont.

If you have any questions, please contact the Commercial Vehicle Permit Unit at 802-828-2064.

Robert Ide
Commissioner
