Assistant Commissioner

New Hampshire Department of Transportation

Bureau of Highway Maintenance

Oversize/Overweight Permitting

2018 Construction Season Program

Nighttime Moves on NHDOT Construction Projects

Under a program that will begin on April 2, 2018 and end on November 30, 2018, New Hampshire Department of Transportation (NHDOT) will issue oversize/overweight (OS/OW) permits to allow nighttime permit movement for contractors working on NHDOT construction projects that require nighttime construction as part of the contract agreement. Request for OS/OW permits will be processed in accordance with current permit processing procedures. To order nighttime permits on the OverHaul permit system, applicants must type "NHDOT CONSTRUCTION PROJECT NIGHTTIME MOVE REQUESTED FOR PROJECT NO. "#####"¹ in the carrier comments field and "NIGHTTIME" in the serial number field in the OverHaul application. In order to complete a nighttime move, the applicant must have a valid permit issued by the NHDOT OS/OW Permit office and written approval for the actual date of the move by a NHDOT Contract Administrator. One copy of the NHDOT "Nighttime Move Approval Form" will be provided to the permit holder by the NHDOT Contract Administrator and will be required to be in the permitted vehicle during the nighttime move. It will be the responsibility of the permit holder to obtain the approved Nighttime Move Approval Form from the NHDOT Contract Administrator in a timely manner prior to daily construction activity.

Minimum escort requirements will be in accordance with current permit processing procedures. In addition, a police escort will be required for all nighttime permit moves. All other conditions on the permit will remain in effect for the duration of the permitted move. NHDOT contract work hour restrictions will be applicable to all nighttime permit moves. Further restrictions may be imposed on nighttime moves at the discretion of the NHDOT OS/OW Permit office and/or the NHDOT Contract Administrator.

NHDOT reserves the right to terminate this program at any time if conditions warrant. If you have any questions about this program for Nighttime OS/OW permit travel on NHDOT Construction Projects, please contact the NHDOT OS/OW Permit Office at 603-271-2691.

Notes:

1. The NHDOT project number shall replace "#####"
