<p>Jason Tremblay (jason.a.tremblay@dot.nh.gov) Paul Lovely (paul.m.lovely@dot.nh.gov) John Byatt (JByatt@BETA-Inc.com) Dan Taylor (Daniel.taylor@stantec.com)</p>	September 2021 to September 2024

2) Subcommittee Goals:

- Improve how the Department provides/shares information with consultants; especially topics related to changes in practice or details that evolve from the In- House section.
- Enable consultants to provide advice and other information related to innovation, concerns, and other topics aimed to help the Department.
- Improve the dissemination of information between the Bureau of Bridge Design and Consultants by conducting regular quarterly meetings and publishing meeting minutes to an accessible website within one month of the meeting date.
- Foster and identify mutually beneficial training and development opportunities offered by FHWA and other resources.
- Provide the Department technical or procedural information from the Consultant community to help improve or address issues of interest or need.
