**ASSISTANT COMMISSIONER**

**Work Zone Training Requirement for Law Enforcement:**

Effective April 1, 2013, all Uniformed officers working on any NHDOT funded projects, including municipally managed projects, shall have successfully completed a NHDOT approved course on ***The Safe and Effective Use of Law Enforcement Personnel in Work Zones***. This course shall be taken once every four years. Proof of successful course completion shall be supplied upon request.

**NHDOT Approved Work Zone Training Courses for Law Enforcement:**

1. Online at PoliceCommunity.net by The Response Network (TRN)
  - a. If your agency is already a subscriber to TRN's online training your agency, and therefore all officers who work at that agency, get the *NH Work Zone* course as part of TRN's course offerings; and therefore, there is no need for any individual officer to pay for access to the course.
  - b. If your agency is not a subscriber, there's a nominal fee for the course.
  - c. The Online Course can be found at the following link:  
<http://policecommunity.net/nhdot/index.html>
  - d. If you have any questions or issues with accessing the course, please feel free to contact TRN's CEO Brad Naples at [bnaples@comcast.net](mailto:bnaples@comcast.net).

or...

2. Classroom "train-the-trainer" training provided by NH Police Standards & Training Council in Concord, NH.
  - a. Contact Captain Mark Bodanza at (603) 271-2133
  - b. "Trainers" receive training from Police Standards and bring presentation and testing materials back to their respective areas and train and test individual officers in a classroom or office setting.
  - c. Trainers and/or Local or County Departments will be responsible for recording and/or submitting names of officers who successfully completed the training to NHDOT upon request. This will be required to confirm that the training has been completed and allow for release of payment.
  - d. The NHDOT is in the process of developing a tracking database for the trainers to document the list of officers who have successfully complete the training, but this database is not yet completed. Until the database is completed, the NHDOT is requesting that all trainers and/or Police Agencies maintain their lists locally.

\*Officer Work Zone training is required per Federal Highway Administration (FHWA) mandate: 23 CFR, Part 630, subpart K – Temporary Traffic Control Devices
