    - **Concrete Foundation for Pedestal**
    - **Concrete Foundation for Controller Cabinet**

- **General Notes**
  - All light poles, luminaires, and arms to be furnished and installed by the Power Company, unless otherwise directed.
  - Anchor bolts, ground rod and ground wire to be furnished by the Power Company and installed by the Contractor, unless otherwise directed.
  - Bolt circle diameter shall be verified with the Power Company.
  - All bases shall be located 10'-0" (to center) from face of curb or edge of paved shoulder, unless otherwise noted.
  - Reinforcement shall conform to Section 544 of the Standard Specifications.
  - Any anchor bolts damaged during installation shall be repaired or replaced as directed by the Engineer.
  - Upon installation, anchor bolt threads shall be cleaned with a wire brush.
  - Terminal surfacing base must be graded as shown in detail 4.4 to prevent redirecting vehicles from grazing on base.
