

## HIGHWAY BLOCK GRANT AID

By law, all municipalities in the State having Class IV and V mileage are entitled to Highway Block Grant Aid. RSA 235:23 stipulates the funding apportionments. Highway Block Grant Aid is distributed to municipalities by the State of New Hampshire on a yearly basis with partial disbursements made four times a year. Sixty percent (60%) of the funds are distributed in the first two payments (30% in July and October) and the other 40% in the final two payments (20% in January and April). **The funds can only be used for construction, reconstruction and maintenance of each municipality's Class IV and V highways.** It can, therefore, be used to be part of the match for a project in the bridge aid program. It also can be used towards equipment to maintain the local roads. The intent here is that it be used towards the local roads; i.e., not used to build a new library or school or buy a fire truck.

Highway Block Grant Aid funds represent a portion of the State's highway revenues received in the preceding fiscal year including revenues resulting from SB 367. There are two "pots" of money from which allotments are made. The first, identified as Apportionment A, represents 12% of the State's highway revenues. One-half of that "pot" is distributed among the municipalities based on their population in proportion to the entire State's population and the other half is disbursed based on a municipality's Class IV and V road mileage in proportion to the total statewide Class IV and V mileage. In general, the allocation of these funds represents a disbursement of approximately \$1,437 for each mile of Class IV and Class V highway inventoried by each municipality and \$13 for each person residing in a municipality based on the state planning estimate of population.

The formula for dispensing funds from the second "pot" of money (a set sum of \$400,000) is less straightforward. It was established to assist those municipalities having high roadway mileage to maintain and whose overall value of property (on an equalized basis) is very low in relationship to other communities. In FY 2020, 18 municipalities received funds from this "pot".

As the New Hampshire Department of Transportation (NHDOT) is responsible for determining the actual disbursements of funds, it is important that they be provided accurate and current information regarding each municipality's Class IV and V mileage. This is typically accomplished by filling out the "Information Report" sent to municipalities each year by the Bureau of Planning and Community Assistance. At the conclusion of each municipality's yearly legislative meeting (i.e. Town Meeting), the NHDOT should be notified of all changes to the community's roadway system. The information should include the length and location of all Class IV and V highways reclassified, accepted, and/or discontinued by the municipality that year.

The total amount of funding distributed statewide annually over the last five state fiscal years is:

FY 2017 \$34,931,513  
FY 2018 \$35,859,434  
FY 2019 \$36,287,968  
FY 2020 \$36,911,575  
FY 2021 \$35,018,123
