The development and prioritization of projects in the State of New Hampshire is an ongoing effort to address transportation needs at the local, regional, and statewide levels.

The Ten Year Transportation Improvement Plan, updated every other year, is the result of a complex interactive process.

With the previous Ten Year Plan as a starting point, the process includes input from the local level, development of Transportation Improvement Plans (TIPs) by nine Regional Planning Commissions (RPCs), numerous public hearings by the Governor’s Advisory Commission on Intermodal Transportation (GACIT), then review and approval by the Governor and Legislature. Performance measures and conditions such as pavement condition, bridge ratings, congestion levels, accident rates, user surveys and available funding levels are considered in determining project need and prioritizing project implementation.

The flowchart contained within this brochure highlights the major milestone points in the development of the Ten Year Plan. For more information on the Ten Year Plan Process, or a copy of the most recently approved Ten Year Plan, please contact your Regional Planning Commission or the NH Department of Transportation, or visit the world wide web at http://www.nh.gov/dot/org/projectdevelopment/planning/documents.htm - TYP

Regional Planning Commissions

North Country Council
Cottage at the Rocks, 107 Glessner Road
Bethlehem, N.H. 03574

NEW HAMPSHIRE'S TEN YEAR TRANSPORTATION IMPROVEMENT PLAN PROCESS (Ten Year Plan)

NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION
After adoption by the Legislature, Metropolitan Planning Organizations (MPOs) incorporate approved projects into their Transportation Improvement Program (TIP) and the STIP is updated.
