Section 2: Statement of Qualification

- A. Theme. Provide a brief description of the unifying theme you plan to use to promote your byway. Please note that this should relate to the Intrinsic Quality(s) for which the route is being nominated. Does your theme reflect the central focus of your byway’s nomination story?
- B. Traveler Experience. Provide an overview of what visitors will experience when they drive the route. Note that you will have the opportunity to create a traveler itinerary later in the Visitor Experience section of the nomination application.
- C. Regional Significance. Explain and justify what is special, significant or unique about your byway in relation to the primary Intrinsic Quality for which you are nominating the road.

Section 3: Route Information

- A. Official Route Description (Written). Provide a complete, sequential route description that documents all road segments including any gaps and/or intrusions. Please include all the road segments which, when linked together, match the legal description used by your State/Indian tribe/Federal land management agency to officially designate the road and include total miles.

- B. Route Map. Provide the following information on a single map to use as a central reference point along with the other materials you include in the nomination application. The scale and size of the map will be relative to the location and length of your nominated byway. In some cases, this may require two or more pages. To facilitate review, we require that route maps be submitted in electronic form. The map and supporting legend should clearly show:
- The location of the byway within the State, Indian tribe, or Federal lands
 - The location of the byway in relation to other State, Indian tribe, and/or Federal land management agency byways and America's Byways® in your region
 - Each end point of the byway
 - Location of gaps and/or intrusions (NA)
 - The location of each community along the route
 - Boundaries and/or management areas of major entities (e.g., parks, forests, reserves)
 - Locations of critical directional signage, if any (to be added with CMP)
 - Locations of existing interpretive panels/information (to be added with CMP)
 - Locations of public visitor centers and other visitor amenities (food, fuel, restrooms, etc.) (to be added with CMP)
 - Locations of points of interest detailed in the Visitor Experience section of the nomination application
- C. Continuity of the Route. Provide explanations for any gaps and/or intrusions in your route that interrupt the continuity of the traveler experience (e.g., local zoning decisions, lack of community support, etc.).

Section 4: Route Conditions

- A. Confirm that passenger vehicles are accommodated along the entire route, and describe how this is facilitated if segments of the road are not paved.
- B. Describe the accommodation of bicycle and pedestrian travel along the byway, if applicable.
- C. Describe any restrictions to the types of vehicles that are allowed along the route.
- D. Describe any seasonal closures or other restrictions along the route.
- E. Describe, in one sentence, the best time during the year to drive the byway and experience the primary Intrinsic Quality(s) identified in this application
- F. In one sentence, describe any travel concentrations or high seasons when byway visitors might be more likely to encounter crowds or extra traffic.
- G. Describe all of the factors of your roadway that contribute to its safety for travelers.

Section 5: Visitor Experience

A. Convey information about how prepared your byway is to have visitors. Describe planning to address the following elements of the visitor experience:

1. Getting to the Byway

2. Traveler Services
