SPECIAL PROVISION**AMENDMENT TO SECTION 520 -- PORTLAND CEMENT CONCRETE****Concrete Bridge Deck (QC/QA) (Panel Option)**

This special provision has applicability for substitution of Prestressed Concrete Deck Panels as stay-in-place formwork for a similar volume of cast-in-place reinforced bridge deck concrete.

Add to Description:

1.3 This work shall consist of furnishing and placing partial depth, prestressed concrete deck panels as stay-in-place formwork. In addition to the requirements set forth in 520, the special provision for 528, and the details as shown on the Precast Concrete Deck Panel Details sheet shall apply.

Add to 3.2 Forms and Falsework:

3.2.9 Deck Falsework Hardware. Falsework hangers and other hardware cast permanently into the concrete bridge deck shall not extend beyond the neat lines of the deck or haunch detailed on the Plans.
