

**SPECIAL PROVISION****AMENDMENT TO SECTION 104 -- SCOPE OF THE WORK****AMENDMENT TO 104.04 – RIGHTS IN AND USE OF  
MATERIALS FOUND ON THE PROJECT**

*This special provision requires Limited Reuse Soil from  
within the project limits to be reused on site.*

**Amend** the first paragraph of 104.04 as follows:

Materials found in the limits of excavation that are suitable for completing bid items of work may be used by the Design-Build Team. The Design-Build Team will be paid both for the removal of the materials at the corresponding Contract unit price and for the pay item for which the removed materials are used. Material defined as LRS found in the limits of excavation must be reused on the Project unless otherwise stated in the Soils Management Plan or as authorized in writing by the Engineer.

**Amend** the third paragraph of 104.04 as follows:

Material shall not be excavated or removed from within the highway Right-of-Way that is not within the grading limits without written authorization from the Engineer. Material authorized to be removed outside the grading limits may be subject to compensation from the Design-Build Team at an agreed price at the time of authorization. The Design-Build Team must handle LRS in accordance with the Soils Management Plan and provide information in the Project Operations Plan regarding how LRS will be addressed outside the grading limits. Replacement material covered under 104.04 shall be compacted to the density requirements specified for roadway embankment construction.
