SPECIAL PROVISION

AMENDMENT TO SECTION 104 -- SCOPE OF THE WORK

**AMENDMENT TO 104.04 – RIGHTS IN AND USE OF
MATERIALS FOUND ON THE PROJECT**

*This special provision requires Limited Reuse Soil from
within the project limits to be reused on site.*

Amend the first paragraph of 104.04 as follows:

Materials found in the limits of excavation that are suitable for completing items of work may be used by the Design-Build Team. Material defined as LRS found in the limits of excavation must be reused on the Project unless otherwise stated in the Soils Management Plan or as authorized in writing by the Engineer.

Amend the third paragraph of 104.04 as follows:

Material shall not be excavated or removed from within the highway Right-of-Way that is not within the grading limits without written authorization from the Engineer. The Design-Build Team must handle LRS in accordance with the Soils Management Plan and provide information in the Project Operations Plan regarding how LRS will be addressed outside the grading limits. Replacement material covered under 104.04 shall be compacted to the density requirements specified for roadway embankment construction.
