

# Tell us what YOU think!

The New Hampshire Department of Transportation (NHDOT) has recently begun a project to study multi-modal improvements to NH Route 120 from Hanover Street to Etna Road in Lebanon, NH. This project (NHDOT reference #29612) seeks to address traffic and safety needs for all travel modes along the approximately 1.1 mile long corridor of NH Route 120, including the I-89 Exit 18 interchange and short segments of the adjacent local road network.

## YOUR INPUT IS NEEDED!

Help us find ways to improve safety and operations in the NH Route 120 Corridor by visiting our interactive, online mapping tool and completing a survey.
