

Vision Statement-Approved by PAC 5/28/09

Winchester 12906 NH 10 Bridge Reconstruction

NH Route 10 is a major north-south arterial road providing access to and from southwest NH and the region. The corridor in the vicinity of the Winchester-Swanzey town line will be enhanced by the construction of a new bridge with improvements to the adjacent approaches to the bridge including:

- Improvements to roadway travel width
- Capacity for turning movements to Westport Village Road
- Break-down lanes
- Allowance for safe bicycle and pedestrian travel
- Improvements to roadway drainage
- Access to water supplies for fire control
- Access to the river for recreational opportunities

The bridge and its approaches will enhance safety, be aesthetically pleasing, and environmentally sensitive, in keeping with the rural character of southwest NH.
