Governor Hassan's Statement on Senate Passage of Bipartisan Transportation Funding Bill

CONCORD - Following today's bipartisan Senate vote to pass SB 367, Governor Hassan released the following statement:

"Addressing our transportation challenges is essential for the success of New Hampshire's people and businesses and for encouraging long-term economic growth. Today's bipartisan vote to strengthen infrastructure investment reinforces that there is broad consensus that we must take action to improve New Hampshire's roads and bridges.

"I thank Senator Rausch for his leadership in bringing members of both parties together to pass this important legislation that will advance critical road and bridge projects across our state and help us finish the expansion of I-93.

"To keep New Hampshire's economy moving forward, we must continue to work together, across party lines, to address our challenges. I encourage both Democrats and Republicans in the House to support this bipartisan measure and send the bill to my desk so that we can boost our economy by strengthening our roads and bridges."
