The Department’s operating budget may be found at <http://www.gencourt.state.nh.us/LBA/Budget/OperatingBudget.aspx>.

## Insurance Department Organization and Function

The Department was established in 1851 as the first insurance regulator in the nation. The Insurance Commissioner is charged under Title XXXVII with the enforcement and execution of the insurance laws of New Hampshire, with the collection of premium taxes and fees, and the regulation of the insurance marketplace to ensure fair treatment of policyholders and claimants. The Department also is charged with promoting competitive and safe insurance markets.

## Mission Statement

The Department’s mission is to promote the public good by ensuring the existence of a safe and competitive insurance marketplace through the development and enforcement of New Hampshire’s insurance laws. We are committed to doing so in an honest, effective, and timely manner. We treat all of our constituencies in an open, fair, and respectful manner and strive to uphold the highest professional, ethical, and quality standards.

Insurance Department

# The 166th Report

## Financial Regulation Division

The Financial Regulation Division is responsible for ensuring company solvency, conducting financial examinations, financial analysis and licensing/registering all domestic and foreign companies. The New Hampshire Insurance Department currently has 1,078 licensed insurance companies to conduct business in the State, 58 of which are domiciled in New Hampshire. Of these companies, 373 are licensed to write life and health insurance, and the remaining 705 companies are licensed in various property and casualty lines.

The division processed and issued 26 new company licenses during Fiscal Year 2017. Eight are life and health and 18 are property and casualty insurance companies. (See Appendix A) Twenty-Nine companies withdrew from New Hampshire for reasons including dissolution, merger/consolidation or license surrender.

An alphabetical listing of all New Hampshire domestic companies with asset and liability information for calendar year-end 2016 may be found in Appendix B. Identical information is provided for all companies licensed in New Hampshire in Appendix C.

While New Hampshire does not license surplus lines companies, it does qualify unauthorized insurers as eligible surplus lines carriers in the state pursuant to RSA 405:26.

The Non-admitted and Reinsurance Reform Act (NRRA) became effective July 21, 2011. Under the NRRA non-admitted insurance may be placed with a non-admitted insurer domiciled in a U.S. jurisdiction, provided they are authorized to write such business in their state of domicile and maintain minimum capital and surplus of \$15 million. Non-admitted insurance may be placed with insurers domiciled outside the U.S. provided the insurer is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the NAIC.

As of June 30, 2017 One hundred fifty-four (154) unauthorized insurers qualified as eligible surplus lines carriers in Appendix D.

Financial examinations of the following domestic companies were completed during Fiscal Year 2017:

Bow Mutual Fire  
Concord General Mutual Insurance Co  
Sunapee Mutual Fire  
Tufts Health Freedom Insurance  
Weare Mutual Fire Insurance Company

Financial examinations in progress as of fiscal year-end 2017 include:

The Financial Regulation Division is additionally responsible for continually reviewing the financial health of all admitted and registered insurance companies in the State of New Hampshire's Insurance Department.

### Market Regulation Division

#### Actuarial and Market Regulation Division

The Market Regulation Division has as its goal the protection of New Hampshire consumers by overseeing the sale and administration of insurance products and services. To support this goal, Market Regulation is split into three functional areas: Market Conduct (itself split into a Property & Casualty (P&C) unit and a Life, Accident & Health (LAH) unit); Market/Industry Analysis; and P&C Actuarial. In addition, the Division is responsible for Workers' Compensation analysis.

#### Market Conduct Unit

The Market Conduct group performs two important functions: market conduct examinations and analysis of insurers. Market conduct examinations address observed market problems or violations of New Hampshire's insurance laws that affect insurance consumers. Examiners review and analyze insurance company market activity to ensure compliance with the state's administrative rules and laws, including reviewing insurers' procedures and processes to ensure that policyholders and claimants are treated fairly as spelled out in those laws. Findings, indicating violations of law, rule or regulatory standards, are referred to the Department's enforcement unit for administrative or disciplinary action. Examinations are conducted in accordance with uniform national standards and include investigations and examinations of insurers, producers, and other department licensees. The area also participates in certain joint and multi-state market conduct actions.

#### Life, Accident and Health

The Life, Accident and Health (LAH) market conduct unit gathers data and statistics from licensed insurers in New Hampshire and updates these annually. It conducts an in-depth review of accident and health insurers writing seven major lines of insurance in the state, which includes health, long-term disability, short-term disability, Medicare supplement, dental, long-term care, and home health care insurance.

This unit continues to support the National Association of Insurance Commissioners (NAIC) Market Conduct Annual Statement (MCAS) efforts, and utilizes MCAS data in its analysis program. This program serves to

## The 166th Report

identify potential issues at the market or company level that may adversely affect New Hampshire consumers. Preliminary analysis, which consists of comparing and contrasting statistical data of NH licensed insurers, is used to establish baseline data to develop and prioritize a list of companies for a more detailed review, known as a Level-1 Analysis, or for other market continuum actions, such as conduct inquiries, investigations or targeted examinations. All continuum actions up to and including examinations, are performed in accordance with the NAIC Market Regulation Handbook.

This unit supports the Department’s investigative and legislative efforts by providing industry expertise to various projects. In addition, a member of the unit serves as the state’s liaison with Centers for Medicare and Medicaid Services on senior product lines. The team also reviews and verifies data for accuracy and consistency in report from insurers.

A significant accomplishment of this unit in FY 2017 was the completion of three substance use disorder (SUD) market conduct examinations. These examinations focused on the coverage and claims handling practices of the state’s largest insurance carriers. Examiners reviewed the companies’ delegated services agreements, provider networks, prior authorization practices, grievances and appeals practices, claims and denial volumes, medication-assisted treatment protocols, and adherence to federal mental health parity law.

Below is a list of the significant market conduct actions performed by the LAH unit in FY 2017.

### Property and Casualty Actuarial Unit

The Property and Casualty Actuarial unit is responsible for general market and industry analysis, evaluation of the competitiveness of New Hampshire's insurance markets, and review of all P&C rate, rating rule, and predictive model filings. This unit also provides legislative testimony, analysis and research, data analysis and support for the market conduct unit, and provides consumer assistance on rate related issues and all Workers Compensation (WC) related complaints.

During Fiscal Year 2017, the P&C Actuarial unit reviewed 1,653 loss cost, rate, model, and rule filings for various P&C lines of business. More than 92% of these filings were resolved in the same period. 110 filings were related to workers compensation, and the remainder was split between personal lines (28%) and commercial lines (72%). As insurance company pricing models become more sophisticated, the actuaries have additionally become involved in evaluating many new and complex types of models that impact insurance cost, such as credit scoring models, catastrophe models, usage-based insurance programs, and highly complex predictive models that incorporate non-traditional pricing variables.

The P&C Actuarial unit provides support and analysis for workers compensation (WC) in New Hampshire. The WC Analyst provides information, technical assistance, and analysis to consumers who have inquiries or complaints about their WC coverage. During Fiscal Year 2017, the unit responded to 176 requests from both agents and consumers.

The P&C Actuarial unit is responsible for the review and approval of all WC loss cost, rate, and rule filings. In addition, the unit analyzes the annual WC rate/loss cost filing from the National Council on Compensation Insurance (NCCI) and testifies at the associated rate hearing.

The P&C Actuarial unit provides fiscal notes, legislative testimony, and analysis on WC related bills and other bills that impact insurance coverage or cost.

## The 166th Report

The P&C Actuarial unit is also responsible for baseline analysis of companies through the NAIC Level 1 and Level 2 report formats. These reports provide an overview of performance metrics and identify companies whose performance may indicate potential market conduct issues.

During Fiscal Year 2017, 28 companies were reviewed.

Additionally, the P&C Actuarial Unit is responsible for collecting and analyzing Market Conduct Annual Statement (MCAS) data. MCAS data is used to identify potential market conduct issues for further investigation and or analysis. The department participates in working groups with other states and the NAIC to develop and refine MCAS data.

The P&C group performs investigations as needed to ensure data is accurately reported and compliance with statutes and administrative rules are maintained.

Pursuant to Ins 1002.15, the P&C Actuarial Unit reviews the methods that insurers use to determine the value of an auto, after a total loss claim. Annually, the department reviews these methods, reviews sample reports and publishes a list of accepted vendors.

The P&C Actuarial unit maintains the online premium comparisons for personal automobile and homeowners insurance that are published regularly throughout the year. Both comparisons were updated to reflect current premium levels based on filings made through 2016. Since the first publication of these comparisons, thousands of consumers have used the reports to obtain comparative pricing information for the leading 35 insurers in New Hampshire, allowing for a more informed purchasing decision.

RSA 412:14 calls for the Insurance Commissioner to monitor the degree of competition in insurance markets in the state. The actuaries perform an annual analysis, including information on each line of business at the state level, the New England regional level and countrywide. This information is an important factor in determining whether a reasonable degree of competition exists in each line of insurance, and thus whether there are particular regulatory issues to be considered. The reports are published on the Department website.

## **Compliance and Consumer Services Division**

### **Compliance Unit**

The Compliance Unit is divided into two areas: Property & Casualty (P&C) and Life, Accident and Health (LAH). Each examines insurance forms, including policies, riders, endorsements, amendments, and applications that have been submitted for approval to ensure conformity with the state's laws and rules.

All filings by insurers and advisory organizations must be submitted electronically through the National Association of Insurance Commissioner' System for Electronic Rate and Form Filing (SERFF). All compliance examiners perform an initial review and correspond with the filers within 30 days of submission, ensuring quick filing disposition. This allows New Hampshire consumers to have access to new products and enhancements to existing products in a timely manner.

# The 166th Report

## Property & Casualty

The Property & Casualty Forms area has responsibilities that include the analysis of personal and commercial lines of business. These insurance lines include but are not limited to: automobile, homeowners', general liability, professional liability, and workers' compensation. Company and advisory organization filings are analyzed to assess compliance with New Hampshire's insurance laws and administrative rules.

The compliance examiners also participate in various working groups and serve on a number of commissions and boards at the request of the Commissioner, including the Commercial Automobile Insurance Plan and the New Hampshire Reinsurance Facility.

#### Received

P&C Rate and Form Filings	4,225
---------------------------	-------

#### Closed - Disposition

P&C Filings Closed-Disposition	4,979

## Life, Accident and Health

The Life, Accident and Health Forms area has responsibilities that include the review and analysis of all individual and group health policies, including Affordable Care Act-compliant Qualified Health Plans, life insurance products, disability policies, Medicare supplement policies, Health Maintenance Organizations, advertising, long-term care, annuity, credit life and disability coverages, life settlements, and continuing care retirement communities.

The ACA created a multitude of changes, to the health insurance marketplace in New Hampshire as well as in direct regulatory requirements for the NHID. From 2011 to the present, NHID has adapted its regulation of the New Hampshire health insurance industry to accommodate these marketplace changes.

With the passage of the ACA, there are many reforms that the Department continues to implement and enforce. The significant and structural changes that have taken effect over the past three years have required a more robust framework of legal and policy support within the NHID using contractors. This extra support has helped the Department effectively work toward implementation of the federal reform requirements, integrate federal and state changes to the marketplace, increase coordination across state agencies, and actively represent New Hampshire insurance consumers with the federal government and the NAIC, which has been delegated the responsibility by the federal government to assist states with ACA implementation and guidance.

## The 166th Report

The Life, Accident and Health compliance examiners provide technical assistance for, and are active participants on, the Council for Children and Adolescents with Chronic Health Conditions, the Producer Licensing Exam Review Committee, the New Hampshire Interagency Coordinating Council, and the New Hampshire Health Plan Benefit Association.

### **Consumer Services Unit**

The Unit's Customer Service Officers (CSOs) fulfill a threefold mission: educate residents about insurance products, companies and producers; assist residents who request help navigating the complexities and intricacies of the insurance industry; and work with other Department staff to investigate consumer complaints to ensure that licensees, including companies and producers (aka insurance agents), comply with NH insurance laws and rules.

In Fiscal Year 2017, Consumer Services assisted consumers with 945 formal complaints and responded to 5,361 consumer inquiries. During the fiscal year, Consumer Services recovered approximately \$2.4 million for New Hampshire consumers. Following is a summary of the complaints and inquiries received by the Property and Casualty (P&C) and Life, Accident and Health (LAH) sub-units.

### **Property and Casualty**

The P&C sub-unit provides insurance consumers with assistance by answering questions, investigating complaints, distributing educational materials, and assisting the NH Emergency Management Operations Center during catastrophic weather events. During Fiscal Year 2017, the unit responded to 514 formal complaints and 1,711 requests for service, during which the Consumer Services Officers answered questions, provided

information and referrals, and otherwise assisted the public. On behalf of NH consumers, the sub-unit facilitated the recovery of \$1,722,468.

### **Life, Accident, and Health**

In Fiscal Year 2017, the LAH sub-unit responded to 431 formal complaints and 3,650 requests for assistance. The LAH Consumer Services Officers responded to consumer complaints and inquiries on a variety of life accident and health insurance topics, including coverage issues, the impact of legislation, suitability of annuity sales to seniors, and claims concerns. On behalf of NH consumers, the sub-unit facilitated the recovery of \$696,499.

The Insurance Department is responsible for administering the appeals process for adverse health insurance claim decisions under RSA 420-J:5 and for certifying independent review organizations, which render the decisions in these appeals. The Department also certifies long term care insurance independent review organizations under Department rule Ins. 3601.

During Fiscal Year 2017, 73 applications for external health review were received. Of those, 35 met the legal requirements to qualify for external review and 14 health insurance company decisions were overturned or partially overturned by the certified external review organizations.

### **Communications**

The Insurance Department's communications unit features a communications director who oversees media and public relations for the Insurance Department and an outreach coordinator who is responsible for educating consumers and other stakeholders throughout the state on insurance matters. The Department's primary outreach platforms include:

The Department's **website**: [www.nh.gov/insurance](http://www.nh.gov/insurance)

In FY17, the Department responded to dozens of press inquiries and issued 22 press releases to inform the public about important insurance-related issues on a range of topics.

## Operations Division

### Premium Tax Unit

The premium tax unit is responsible for the accounting and auditing of all general fund and restricted revenue received by the department. Upon request, revenue and tax related information is provided to the legislative committees.

The department received total general fund revenue of \$121.9 million in fiscal year 2017. The unit monitors general fund revenue and prepares revenue projections for current and future fiscal years. General fund revenue is generated primarily from two sources - a premium tax on premiums written, and fees from companies, producers, and other sources. Premium tax is received from licensed companies, surplus lines producers, and companies and individuals that acquire insurance policies independently of licensed producers.

In fiscal year 2017, the unit reported \$105.3 million in premium tax revenue and \$16.6 million in licensing and other fee revenue, totaling \$121.9 million that was credited to the general fund. Also see Appendix E – General Fund Revenue.

The unit also administers the department’s administrative assessment that provides reimbursement for the administrative expenditures of the department.

### Insurance Fraud Unit

In 1993, the Legislature enacted RSA 417:23, which authorized the Insurance Department to establish the New Hampshire Insurance Fraud Investigation Unit (“Fraud Unit”). The Fraud Unit investigates insurance fraud and other insurance-related crimes. The Fraud Unit is composed of two investigators. If a company has reason to believe that fraud has been committed, there is a statutory requirement that it refer the issue(s) to the Fraud Unit for review. The unit also accepts referrals from all sources. It has established a referral form online but will accept referrals in writing, in person, or by telephone.

In fiscal year 2017, the Fraud Unit received 207 referrals of suspected fraud or other insurance-related crimes. Of these referrals, the unit conducted 26 criminal investigations, of which 7 were prosecuted either by the County Attorney’s office, the NH Attorney General’s office, or the United States Attorney.

The Fraud Unit has unique powers of authority granted to it by the Commissioner allowing the unit to secure evidence far more quickly than most law enforcement agencies. In its efforts to take a proactive stance against insurance crimes, the Fraud Unit works jointly with the National Insurance Crime Bureau and other local, state, and federal law enforcement agencies conducting undercover operations. Although most of these operations generally target suspected healthcare fraud by providers and/or clinics, the undercover operations can expand as far as necessary to combat all lines of fraud.

## The 166th Report

### **Producer Licensing Unit**

The Licensing Division has seen continued steady growth in the number of licenses issued and maintained in New Hampshire. As of June 30, 2017, NH had close to 141,000 active licensees authorized to sell insurance and adjust claims in the Granite State.

There were over 73,000 producers licensed in New Hampshire. Of those, 6377 are residents of our state. We have over 5900 business entity producers licensed. There are 608 resident business entities licensed.. Currently we have over 62,000 claims adjusters licensed. Of those 872 are residents, who are licensed to adjust workers' compensation and property & casualty claims in New Hampshire.

The steady growth in our license holders is directly related to online technology. From license applications, license verifications, printing of licenses and fulfilling their continuing education requirements our licensees can process their requests through our electronic systems. Licensees have access to managing and maintaining their license electronically. Our partnerships with the National Association of Insurance Commissioners' (NAIC) affiliates—the National Insurance Producer Registry (NIPR) and State Based Systems (SBS)—have continued to result in increased services, securities and efficiencies.

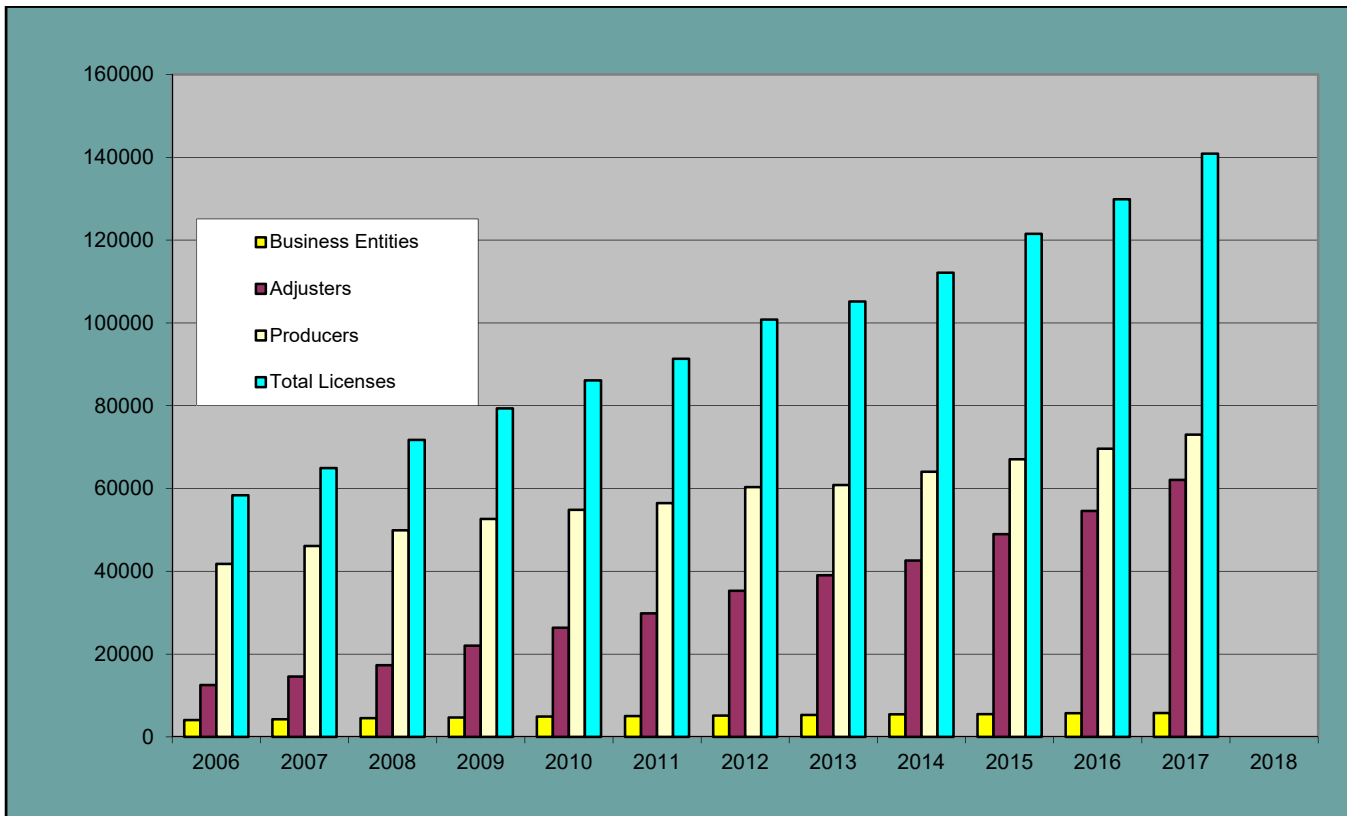

Fiscal year 2017, saw the continuation of the Federal Affordable Care Act Marketplace. The Licensing Division has made available to the public a list of the 96 federally trained and registered resident producers qualified to sell the products through the Federal Marketplace.

The unit continues to maintain and monitor continuing education requirements and records for our resident licensees. The specific education requirements help to assure our resident producers and adjusters remain aware of the ever changing insurance marketplace. That knowledge and training allows the licensees to better serve the public

NH citizens, the insurance consumer and the insurance industry can verify license information through online options on our website The electronic online systems provides the most accurate up to date information available.

### Rehabilitations & Liquidations

#### The Home Insurance Company in Liquidation

On June 11, 2003, at the request of the New Hampshire Insurance Department, the Merrimack County Superior Court issued an Order placing The Home Insurance Company into liquidation. [The Home is one of the largest property-casualty insurer liquidations ever to occur, with projected assets of \$1.9 billion and gross, undiscounted liabilities of \$4 billion]The liquidation is ongoing and all court documents and other information regarding The Home Insurance Company in Liquidation, including quarterly reports filed by the liquidator may be found on the website at [www.hicilclerk.org](http://www.hicilclerk.org).

#### New Hampshire Medical Malpractice Joint Underwriting Association

During December 2014, a legislative committee asked the New Hampshire Insurance Department to determine whether there was still a need for a government risk-sharing plan to provide medical malpractice insurance. After a public hearing with testimony from all interested stakeholders, the Insurance Department determined that medical malpractice coverage was readily available from private insurers. As a result of the Department's determination, the Legislature passed House Bill 508 calling for an orderly wind-down of the JUA.

As required by the law, the Insurance Department on July 21, 2015 filed a petition with the Merrimack County Superior Court (Docket No.217-2015-CV-00347) to commence a receivership for the wind-down and closure of the JUA. The court appointed the Commissioner as receiver and approved the appointment of a special deputy, who has been overseeing the wind-down effort. In August of 2016, the court approved the assumption by MedPro of all policy-related obligations of the JUA for a payment to MedPro of approximately \$23 million. In February of 2017, the receiver filed a motion for approval of an interim distribution by way of an interpleader, which the court deferred ruling on pending the resolution of procedural questions that have been certified to the NH Supreme Court. The court order appointing the receiver and subsequently filed court documents including monthly status reports may be found on the Insurance Department's website: [http://www.nh.gov/insurance/legal/nhid\\_nhmmjua\\_recvrshp.htm](http://www.nh.gov/insurance/legal/nhid_nhmmjua_recvrshp.htm).
