Strategy and Goals

Strategy and Goals

The Department's dedicated staff address and balance a wide range of issues shaping the insurance marketplace, seeking optimal regulatory outcomes for consumers and our regulated entities. Annually, the Department examines the political, economic, social, technological, legal, and environmental trends and projections that are likely to influence NHID's activities. To respond to these challenges and opportunities, our strategy aims to expand and improve how we deliver services. We must also strengthen our brand and collaborate more to systemically change how we promote and protect the public good through our regulatory oversight.

We will do this by focusing on NHID goals that deliver on our mission through Consumer Protection & Outreach; Talent Management & Professional Development; Regulatory Transparency and Modernization; and Speed to Market.

1. We will increase awareness of our services to educate, protect, and inform New Hampshire consumers.
2. We will invest in our team through professional development and employee engagement to support a learning culture and advance succession planning solutions.
3. We will continue to modernize and preserve state-based regulation through efficient and effective financial review and market regulation.
4. We will continue to improve our review procedures to improve accuracy and efficiency in our regulatory oversight of all lines of insurance business.

The NHID is committed to fulfilling its mission. NHID continues to focus on its organizational agility, investing in the people, practices, and policies that support rapid adaptation to changing circumstances while continuing to deliver excellent services. The NHID team is focused on building four specific organizational competencies: 1. Trust and respect across its operational units and divisions; 2. Financial Regulation Division

The New Hampshire Insurance Department currently has 1,216 active licensed insurance companies to conduct business in the State, 57 of which are domiciled in New Hampshire. Of these companies, 392 are licensed to write life and health insurance, and the remaining 824 companies are licensed in various property and casualty lines.

The 172nd Annual Report

The division processed and issued 31 new company licenses during Fiscal Year 2023. Four are life and health and 27 are property and casualty insurance companies. (See Appendix A) One company withdrew from New Hampshire for as a result of a merger.

An alphabetical listing of all New Hampshire domestic companies with asset and liability information for calendar year-end 2022 may be found in Appendix B. Identical information is provided for all foreign companies licensed in New Hampshire in Appendix C.

While New Hampshire does not license surplus lines companies, it does qualify unauthorized insurers as eligible surplus lines carriers in the state pursuant to RSA 405:26. This list is provided in Appendix D.

The Non-admitted and Reinsurance Reform Act (NRRA) became effective July 21, 2011. Under the NRRA non-admitted insurance may be placed with a non-admitted insurer domiciled in a U.S. jurisdiction, provided they are authorized to write such business in their state of domicile and maintain minimum capital and surplus of \$15 million. Non-admitted insurance may be placed with insurers domiciled outside the U.S. provided the insurer is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the NAIC.

As of June 30, 2023, one hundred seventy eight (178) unauthorized insurers qualified as eligible surplus lines carriers in Appendix D.

Financial examinations of the following domestic companies were completed during Fiscal Year 2023:

American European Insurance Company	Rutgers Casualty Company
Granite State Health Plan, Inc.	WellCare Health Insurance Company of NH, Inc.

UnitedHealthcare Freedom Insurance Company	

The 172nd Annual Report

The Financial Regulation Division is additionally responsible for continually reviewing the financial health of all admitted and registered insurance companies in the State of New Hampshire's Insurance Department.

For Fiscal Year 2023, the Goals & Objectives for the Financial Regulation Division included:

1. Provide an in-depth financial review of the Annual and Quarterly Financial Statements and all other supplemental filings made by the state's domestic insurers in accordance with the NAIC Financial Analysis Handbook. Attend Supervisory Colleges. Financial condition examinations performed by the Department include full-scope periodic examinations and limited- scope or targeted examinations, which focus on specific accounts and/or issues.
2. Analyze and maintain license applications and renewals for Insurance Companies, TPAs, RRGs, UR, MGAs, Accredited Reinsurers, Motor Clubs, Premium Finance, Consumer Guaranty Contracts, Reinsurance Intermediaries, Purchasing Groups and RSA 405:14-A transactions and maintenance of Deposits.

Life and Health Division

The Life and Health Division (L&H) includes several units that exist to ensure compliance with life and health insurance laws and regulations, and to provide policy/data analysis. The products regulated include life, annuities, major medical, ancillary health, long-term disability, short-term disability, Medicare supplement, dental, and long-term care insurance. The Division also reviews contracts and other filings pertaining to life settlements and continuing care retirement communities.

The following examples are some of the recent key achievements by the Life and Health Division:

The Division facilitated the successful submission of a 1332 waiver to the federal government to lower premiums in the individual market. This waiver provides for direct financial assistance to setup a reinsurance mechanism that lowers the claims exposure to commercial carriers, and in turn allows premiums to be priced about 10-15 percent lower. For NH residents who do not receive premium subsidies, this was a substantial savings and resulted in more people purchasing individual insurance policies in NH. The timing was ideal with the consequences of COVID on the economy and access to employer-based health insurance.

The 172nd Annual Report

The 1332 waiver is for five years, with the opportunity to renew, and the benefits of the L&H division efforts will continue providing the waiver is in place.

During Fiscal Year 2023, the L&H Division and the Commissioner successfully implemented major COVID health insurance protection measures. Through a Commissioner's Order, assisting the Governor through emergency order, and by working with the NH Legislature in developing new laws, COVID coverage protections were put in place on an expedited basis. The Commissioner ordered broad access to health care providers and COVID testing, including without deductibles, copays, or coinsurance. Upon receiving guidance from the L&H Division and the Commissioner, the Governor clarified access requirements to telemedicine, and ordered carriers to provide coverage for COVID related telemedicine services without cost sharing.

The Division played a key role with informing carriers and the public about their rights to access health care services during this difficult time, resulting in improved COVID testing rates and health care outcomes.

The L&H Division continued the research and development that would lead to a greatly improved NH HealthCost website. Digital products and price transparency continue to evolve at a rapid pace, and after almost sixteen years the NH Insurance Department continues to produce the best public health care price transparency website in the nation. The Division completed the analysis and project plans for a relaunch of the website, including the addition of many new services and prescription drug price transparency dashboards. These efforts have led to Google search outcomes that connect the user to NH HealthCost when a search for a health care provider is performed.

Health Analytics Unit

The Health Analytics Unit exists to better serve the Department's need for evidence-based analysis and data driven policy development. The Unit specifically services policymakers and the public by providing information on the NH insurance markets, health care costs, and by performing various analyses of premium cost drivers and insurance rate submissions. The Unit also supports various divisions and units internal to the Department.

The Unit operates proactively by using confidential information submitted by carriers and public resources. Virtually any legislation that may result in a cost impact to insurance premiums is reviewed by the Unit, and fiscal notes, special studies, and testimony are prepared in response to these legislative initiatives.

Initiatives of the Unit include the lauded transparency website NHHealthCost.org, which uses claims data to help residents get estimates of hundreds of health care procedures at hospitals and other health care providers across NH. The Department also convenes an annual hearing on premium rates and medical cost drivers in NH and a corresponding report

The 172nd Annual Report

(<https://www.nh.gov/insurance/reports/index.htm>). Lastly, the Unit collects and reports pricing information on new, high-cost prescription drug releases. A consumer-facing interactive dashboard is updated quarterly, on the NHID website, which allows consumers, insurance carriers, healthcare providers, and pharmaceutical manufacturers to view the most recent releases of drugs whose price exceed thresholds set for a specialty drug under the Medicare Part D program. The dashboard may be found here: New High-Cost Prescription Drugs in New Hampshire <https://www.nh.gov/insurance/dashboard/high-cost-drugs.htm>.

Life and Health Rates Unit

The Life and Health Rates Unit is responsible for reviewing actuarial aspects of policy form and rate filings to determine that premium rates are not excessive, inadequate, or unfairly discriminatory and that premium rates conform to statutory requirements.

Life and Health Compliance Unit

The Compliance Unit examines insurance forms, including policies, riders, endorsements, amendments, and applications submitted for approval to ensure conformity with state and federal laws and rules.

All forms must be submitted electronically through the National Association of Insurance Commissioners' System for Electronic Rate and Form Filing (SERFF). Compliance Unit examiners perform an initial review and correspond with filers within 30 days of submission, ensuring quick filing disposition. This allows New Hampshire consumers to have access to new products and enhancements to existing products in a timely manner.

Health Insurance

The Compliance Unit responsibilities include the review and analysis of all individual and group health policies, including Affordable Care Act-compliant Qualified Health Plans, supplemental health, disability, Medicare supplement, and long-term care products.

The ACA resulted in a multitude of changes to the health insurance marketplace in New Hampshire and established direct regulatory requirements for the NHID. From 2011 to the present, NHID has adapted its regulation of the New Hampshire health insurance industry to accommodate these marketplace changes.

New Hampshire elected to implement a Partnership Exchange for the ACA marketplace. Under this arrangement, NHID performs plan management functions and recommends Qualified Health Plans be certified by the federal government for sale on the federally facilitated exchange.

The 172nd Annual Report

Life Insurance and Annuities

The Compliance Unit responsibilities also include review of life, credit life, and annuity products.

In addition, New Hampshire participates in the Interstate Insurance Product Regulation Commission (Compact) which is a multi-state joint public agency that develops uniform standards for review of life, annuity, disability, and long-term care insurance products. The Compliance Unit contributes to Compact activities through committee representation and the development of uniform standards. Compact examiners apply uniform standards to review applicable products filed and are maintained in SERFF.

For Fiscal Year 2023, the Goals and Objectives for the L&H Compliance Unit included:

1. Complete and accurate form and rate reviews to ensure compliance.
2. Speed to market: improve time to process on policy, rate, and form filings.

Life and Health Market Regulation Unit

The 172nd Annual Report

The Life and Health Market Regulation Unit (MRU) is responsible for monitoring behavior and conducting surveillance as prescribed in the National Association of Insurance Commissioners' (NAIC) Market Regulation Handbook for over 700 fraternal, life, accident and health, and health licensees in the New Hampshire market.

The goal of the MRU is to protect consumers by identifying and correcting licensee operating practices that conflict with contract provisions, laws, rules, regulations, or orders of the Insurance Commissioner. This is done through market analysis and market conduct action.

The purpose of market analysis is threefold; identification of licensees that require further scrutiny, identification of behavior adversely impacting consumers, and predicting non-compliant behavior before it occurs. The analysis process includes the review and assessment of consumer complaint data and licensee operational and financial data obtained through the NAIC and Department data calls required by statute, administrative rule, Department bulletin, and federal law.

Market conduct examiners utilize a continuum of market actions to apply the appropriate regulatory response to a suspected or identified issue or concern. The range of responses move from correspondence with the licensee, to targeted information gathering, to formal investigation or examination. The MRU participates in certain joint and multi-state market conduct actions and is active in the NAIC Market Actions Working Group. The Chief examiner of the MRU was appointed by the Commissioner as the Collaborative Action Designee and is the liaison with Centers for Medicare and Medicaid Services on senior product lines.

In Fiscal Year 2023, the MRU requested and was approved for two additional positions. A Junior Examiner position to assist with Market Analysis work and an Insurance Company Examiner III position, whose primary focus will be licensee compliance with the Mental Health Parity and Addiction Equity Act (MHPAEA). The development of a comprehensive MHPAEA assessment program will be a significant object in the coming fiscal year.

Following is a sampling of work completed in the MRU for Fiscal Year 2022:

- Completed four (4) examinations of continuing care retirement communities.
- Initiated one (1) examination specific to declined underwriting practices in the life insurance market.
- Initiated one (1) examination specific to prompt payment of claims in the major medical market.
- Completed compliance monitoring projects focused on:
 - Mental Health Parity – two carriers.
 - Declined Underwriting – one carrier.
- Received and assessed four (4) carrier compliance self-reports.
- Received and assessed seven (7) continuum actions.
- Received and assessed eight (8) investigations.
- Reviewed 520 filings of reports and certifications.

The 172nd Annual Report

Health Reform Coordinator

The Health Reform Coordinator is a position created to manage various projects and federal grants associated with the Life and Health Division, and health reform more generally. The federal Affordable Care Act created new requirements and funding opportunities for New Hampshire, and this position is charged with managing initiatives associated with health care costs, market stabilization, and information to empower consumers.

Property and Casualty Division

The Property and Casualty Division (P&C) reviews form, rule, and rate filings for compliance with regulatory requirements and performs market conduct analysis, investigations and examinations of property and casualty insurers, including but not limited to automobile, homeowners', general liability, professional liability, and workers' compensation insurance lines.

Property and Casualty Compliance Unit

The Property and Casualty Compliance Unit examines insurance forms, including policies, riders, endorsements, amendments, and applications that have been submitted for approval to ensure conformity with the state's laws and rules. All forms, rule, and rate filings are reviewed and assigned via the Property and Casualty Compliance intake person.

All filings by insurers and advisory organizations must be submitted electronically through the National Association of Insurance Commissioner' System for Electronic Rate and Form Filing (SERFF). All compliance examiners perform and complete reviews within an average of sixteen (16) review days by an examiner, exclusive of regulated entity review periods. This allows New Hampshire consumers to have access to new products and enhancements to existing products in a timely manner.

The Property and Casualty Compliance Unit has responsibilities that include the review and approval of certain personal and commercial types of insurance. Filings are analyzed to ensure compliance with New Hampshire's insurance laws and administrative rules. Any form language found not in compliance with New Hampshire's insurance laws and administrative rules is brought into compliance prior to approval or acknowledgement.

The compliance examiners also participate in various working groups and serve on several commissions and boards at the request of the Commissioner, including the Commercial Automobile Insurance Plan and the New Hampshire Reinsurance Facility.

Property and Casualty Market Regulation Unit

Market conduct examinations and investigations address observed market problems or violations of New Hampshire's insurance laws that affect insurance consumers. Examiners review and analyze insurance company market activity to ensure compliance with the state's administrative rules and laws, including reviewing insurers' procedures and processes to ensure that policyholders and claimants are treated fairly, as spelled out in those laws. Findings, indicating violations of law, rule, or regulatory standards, are addressed through administrative or disciplinary action. Examinations are conducted in accordance with uniform national standards and include investigations and examinations of insurers, producers, and other Department licensees. The area also participates in certain joint and multi-state market conduct actions. Market conduct is also responsible for the maintenance of several statistical databases¹. In Fiscal Year 2022, the Market Analysis unit completed 22 Level-1 reviews, 11 investigations and 3 industry-wide surveys.

Market Regulation Actions and Results for Fiscal Year 2022

In Fiscal Year 2023, the Market Analysis unit initiated eighteen investigations in addition to four industry-wide surveys. Several of the investigations are focused on Consumer Guarantee Contract products under RSA 415-C.

Property and Casualty

The following is a tabulation of significant market conduct actions performed by the Property & Casualty unit. During the 2023 fiscal year, the P&C Market Regulation unit focused on targeted examinations pursuant to provisions of the RSA 412, RSA 417, RSA 402, and Ins 1002. The examinations resulted in \$577,500 in fines against the companies examined.

Property and Casualty Actuarial Unit

The Property and Casualty Actuarial unit is responsible for general market and industry analysis, evaluation of the competitiveness of New Hampshire's insurance markets, and review of all P&C rate, rating rule, and predictive model filings. This unit provides consumer assistance on rate related issues and all workers' compensation (WC) related inquiries. It also provides support for the Market Regulation unit, as well as fiscal notes, legislative testimony, research, and data analysis on WC related bills and other bills that affect insurance coverage or cost.

During Fiscal Year 2023, the P&C Actuarial unit reviewed 1,510 loss cost, rate, model, and rule filings for various P&C lines of business. Of these, 105 filings (7%) were related to workers' compensation, and the remainder was split between personal lines (24%) and other commercial lines (69%). As insurance company pricing models become more sophisticated, regulatory actuaries continue to be called to evaluate more complex types of models that affect insurance cost, such as credit scoring models, catastrophe models, usage-based insurance programs, and predictive models in the form of generalized linear models, random forests,

The 172nd Annual Report

gradient boost models and, recently, cluster analysis that incorporate non-traditional pricing variables.

The P&C Actuarial unit provides support for workers compensation in New Hampshire. The Workers' Compensation Analyst provides information and technical assistance to consumers who have inquiries or complaints about their workers' compensation coverage. During Fiscal Year 2022, the unit responded to approximately 146 inquiries from agents, carriers and consumers.

The P&C Actuarial unit is responsible for the review and approval of all workers' compensation loss cost, rate, and rule filings. In addition, the unit analyzes the annual WC loss cost filing from the National Council on Compensation Insurance (NCCI). This year the department approved a 14% decrease in loss costs as presented by NCCI.

The P&C Actuarial Unit also provides underwriting and product development expertise in support of Market Regulation activities and supports several initiatives aimed at identifying areas of regulatory concern to focus resources on carriers with potential market conduct issues.

The P&C Actuarial unit maintains the online premium comparisons for personal automobile and homeowners' insurance that are published on the Department's website. Both comparisons were updated to reflect filings effective as of May of 2023. Since the first publication of these comparisons, thousands of consumers have used the reports to obtain comparative pricing information for the leading 35 insurers in New Hampshire, allowing for a more informed purchasing decision.

RSA 412:14 calls for the Insurance Commissioner to monitor the degree of competition in insurance markets in the state. The P&C Actuary performs analyses annually at the state, regional, and countrywide level. This information is important in determining whether a reasonable degree of competition exists in each line of insurance. The reports are published on the Department website.

Members of this unit act as the Commissioner's designee to the NH Workers Compensation Advisory Council, the Workers Compensation Classification and Rating Appeals Board, and the Joint Agency Task Force on Employee Misclassification Enforcement. The unit also represents the Department on various legislative study committees, such as the Commission to Study the Incidence of Post-Traumatic Stress Disorder in First Responders.

In Fiscal Year 2023, the Department responded to dozens of press inquiries and issued 30 press releases to inform the public about important insurance-related issues on a range of topics.

For Fiscal Year 2023, the Goals & Objectives for the Communications Unit included:

1. Create new NHID website and provide meaningful and useful website content for consumers and industry. Maintain website as a trusted resource.
2. Regularly post relevant and engaging content on social media.
3. Develop and maintain editorial calendar for annual public education campaigns.
4. Engage producer community in our outreach and communications plan to consumers.
5. Schedule outreach events (in-person or via webinar) about public education priorities and Department initiatives for P&C and L&H topics.
6. Assist commissioners and management team with tracking and communicating internal decisions to impacted units or entire Department.

Consumer Services Unit

The Department's Consumer Services Unit is staffed by seven full-time employees: one director, one supervisor, one work-flow coordinator, and four consumer services officers (CSO's). The unit's CSO's fulfill a threefold mission: educate residents about insurance products, companies, and producers; assist residents who request help navigating the complexities and intricacies of the insurance industry; and work with other Department staff to investigate consumer complaints to ensure that licensees, including companies and producers/insurance agents, comply with NH insurance laws and rules.

The 172nd Annual Report

Recognizing the importance of the unit's education and assistance functions, the mainstay operation of the unit is investigating formal grievances. In this effort, the unit's four CSO's review submitted complaints, identify potential violations of state insurance laws and regulations, contact licensees for formal responses to the alleged violations, and analyze all facts collected to substantiate or invalidate those allegations. When violations are identified, the unit's CSO's facilitate remediation for the complainants. When warranted, the CSO's engage other NHID business units, including Legal, Enforcement and Market Regulation to initiate market-wide remediation activities and targeted enforcement actions against licensees.

In Fiscal Year 2023, the Division processed 1107 consumer complaint investigations, 131 insurance provider investigations, 4,192 assistance requests, and 88 applications for external health review. During the fiscal year, Consumer Services recovered approximately \$6.0 million for New Hampshire consumers. Following is a summary of the complaints and inquiries received by the Property and Casualty (P&C) and Life and Health (L&H) sub-units.

Property and Casualty

The P&C sub-unit provides insurance consumers with assistance by answering questions, investigating complaints, distributing educational materials, and assisting the NH Emergency Management Operations Center during catastrophic weather events. During Fiscal Year 2023, the unit processed 575 consumer complaint investigations, 16 auto body shop investigations, and 1,656 requests for service, during which the Consumer Services Officers answered questions, provided information and referrals, and otherwise assisted the public. On behalf of NH consumers, the sub-unit facilitated the recovery of \$1,918,985.

Life and Health

In Fiscal Year 2023, the L&H sub-unit processed 532 consumer complaint investigations, 115 health care provider investigations, 2,536 requests for assistance, and 88 applications for external health review. The L&H Consumer Services Officers responded to consumer complaints and inquiries on a variety of life and health insurance topics, including coverage issues, the impact of legislation, suitability of annuity sales to seniors, and claims concerns. On behalf of NH consumers, the sub-unit facilitated the recovery of \$4,076,568.

The NHID is responsible for administering the appeals process for adverse health insurance claim decisions under RSA 420-J:5 and for certifying independent review organizations, which render the decisions in these appeals. The Department also certifies long term care insurance independent review organizations under Department rule Ins. 3601.

The 172nd Annual Report

During Fiscal Year 2023, 88 applications for external health review were received. Of those, 49 met the legal requirements to qualify for external review and 22 health insurance company decisions were overturned or partially overturned by the certified external review organizations.

Business and Operations Division

Premium Tax Unit

The premium tax unit is responsible for the accounting and auditing of all general fund and restricted revenue received by the department. Upon request, revenue and tax related information is provided to the legislative committees.

The department received total general fund revenue of \$156.8 million in fiscal year 2023, compared to total general fund revenue of \$154.9 million in fiscal year 2022. The unit monitors general fund revenue and prepares revenue projections for current and future fiscal years. General fund revenue is generated primarily from two sources - a premium tax on premiums written, and fees from companies, producers, and other sources. Premium tax is received from licensed companies, surplus lines producers, and companies and individuals that acquire insurance policies independently of licensed producers.

In fiscal year 2023 the unit reported \$130.7 million in premium tax revenue and \$26.1 million in licensing and other fee revenue, totaling \$156.8 million that was credited to the general fund. Also see Appendix E – General Fund Revenue. This compares to \$126.5 million in premium tax revenue and \$28.4 million in licensing and other fee revenue, totaling \$154.9 million that was credited to the general fund for 2022.

The unit also administers the department's administrative assessment that provides reimbursement for the administrative expenditures of the department.

For Fiscal Year 2023, the Goals & Objectives for the Premium Tax Unit included:

1. Receive and audit premium tax, surplus lines and other tax returns.
2. Calculate annual revenue projections.
3. Provide data for the determination of the examination per diem rate and the monthly examination billing data.
4. Prepare annual assessment calculation and invoices.

The 172nd Annual Report

Producer Licensing Unit

The Licensing Unit has seen continued growth in the number of licenses issued and maintained in New Hampshire. As of June 30, 2023, NH had a total of 230,443 active licenses that were authorized to sell insurance and adjust claims in New Hampshire.

Resident Producers and Resident Adjusters are required to pass the appropriate licensing examination prior to becoming licensed. Along with our examination vendor Prometric, we continue to offer 'ProProctor', a remote testing capability for potential licensees that was introduced during the pandemic and continues to provide easy access for license candidates. In-person testing can be taken in New Hampshire and across the country at Prometric test sites.

Resident producers and adjusters are required to complete continuing education prior to the renewal of their resident licenses. Non-residents complete continuing education in their respective resident states. Currently we have 233 approved Continuing Education Providers that have been approved to offer NH licensees continuing education classes. Those providers have a total of 5,520 continuing education courses for our licensees to choose from and gain knowledge appropriate to their license type.

We have 117,258 individual insurance producers licensed to sell insurance products in New Hampshire at end of the fiscal year. Of those, 6,576 are New Hampshire residents. There are a total of 7,549 business entity producers licensed, of those 487 are resident business entities. Currently, there are 105,480 claims adjusters licensed to adjust any loss affecting NH residents. Of those, 810 are resident claim adjusters who are licensed to adjust workers' compensation claims or property & casualty claims in New Hampshire.

The Unit continues to maintain and monitor continuing education requirements and records for our resident licensees. The specific education requirements help to ensure our resident producers and adjusters remain aware of the ever-changing insurance market. That knowledge and training allows the licensees to better serve the public. New Hampshire citizens, the insurance consumer, and the insurance industry can verify license information through online options on our website. The electronic online systems provide the most accurate up to date information available.

For Fiscal Year 2024, the Goals & Objectives for the Licensing Unit include:

1. Review new license applications for prospective producers and adjusters within 24 hours.
2. Review and renew producer & adjuster licenses within 24 hours.
3. Respond to inquiries via email, telephone, or mail from the public, licensees or carriers within 24 hours.

Business Operations Unit

For Fiscal Year 2023, the Goals & Objectives for the Business Unit included:

The 172nd Annual Report

2. To process all A/P transactions with complete accuracy.
3. To process Federal Grant and Admin. Assessment transactions with complete accuracy.
4. Project Management Office (PMO) to complete 6-12 Projects per year.
5. To work directly with the DoIT Staff (Developers, IT Manager and BA) to complete the departments Fiscal Year 2021-2022 IT initiatives.

Legal Division

Enforcement Unit

The Enforcement Unit assists the Department in meeting its mission of promoting and protecting the public good by ensuring the existence of a safe and competitive insurance marketplace through the enforcement of New Hampshire's insurance laws and rules. The Enforcement Unit does this by conducting investigations and taking administrative action against individuals and entities engaged in insurance business in New Hampshire that have violated New Hampshire law. Referrals to the Enforcement Unit come from other units within the Department including Licensing, Consumer, and Market Regulation, as well as outside agencies such as the National Association of Insurance Commissioners and other state and federal agencies.

The results the Enforcement Unit obtained during Fiscal Year 2023 include:

Total new cases opened:	248

The 172nd Annual Report

Insurance Fraud Unit

In 1993, the Legislature enacted RSA 417:23, which authorized the NHID to establish the New Hampshire Insurance Fraud Investigation Unit. The Fraud Unit investigates insurance fraud and other insurance-related crimes. The Fraud Unit is composed of three investigators and one fraud research assistant. If a company has reason to believe that fraud has been committed, there is a statutory requirement that it refer the issue(s) to the Fraud Unit for review. The unit also accepts referrals from all other sources. It has established a referral form online, but will accept referrals in writing, in person, or by telephone.

In Fiscal Year 2023, the Fraud Unit received 420 referrals of suspected fraud or other insurance-related crimes. Of these referrals, the unit conducted 40 criminal investigations, of which 18 were presented for prosecution by the County Attorney's office, the NH Attorney General's office, or the United States Attorney's office. The Fraud Unit had a financial impact of \$1,511,632.76 in Fiscal Year 2023. This compares with 298 referrals; 37 criminal investigations, of which there were 22 presented for prosecution; and a financial impact of \$282,668 in Fiscal Year 2022.

The Fraud Unit has unique powers of authority granted to it by the Commissioner allowing the unit to secure evidence far more quickly than most law enforcement agencies. In its efforts to take a proactive stance against insurance crimes, the Fraud Unit works jointly with the National Insurance Crime Bureau and other local, state, and federal law enforcement agencies conducting undercover operations when appropriate. Although most of these types of operations generally target suspected healthcare fraud by providers and/or clinics, the undercover operations can expand as far as necessary to combat all lines of fraud.

Rehabilitations & Liquidations

On June 11, 2003, at the request of the New Hampshire Insurance Department, the Merrimack County Superior Court issued an Order of Liquidation placing The Home Insurance Company into liquidation. The Home is one of the largest property-casualty insurer liquidations ever to occur, with marshaled assets of approximately \$1.79 billion (net of expenses and Class I distributions) as of June 30, 2023 and allowed Class II claims of approximately \$3.0 billion as of September 1, 2023. The process of determining claims

The 172nd Annual Report

continues. In August 2019, the Liquidator sought approval of a claim amendment deadline for the final filing of claims in the liquidation. After litigation and appeal, the New Hampshire Supreme Court affirmed the underlying order and established a deadline of January 26, 2023. On August 7, 2023, the Liquidator moved for approval of a fourth interim distribution of 10%, bringing the total interim distribution percentage to 40%. The Superior Court approved the interim distribution on August 16, 2023. The interim distribution is expected to be made during November 2023. The liquidation is ongoing and court documents and other information regarding The Home Insurance Company in Liquidation, including quarterly reports filed by the Liquidator, may be found on the website at <http://www.hicilclerk.org>

Insurance Department Legislation and Rulemaking

Legislation

While passage of legislation is ultimately at the discretion of the Legislature, it is up to Department personnel and the Legal Coordinator to ensure any initiatives the Department brings forward are comprehensively drafted, thoroughly researched, fully vetted with industry, and sufficiently explained so that Legislators hearing our bills understand their importance. The following is an overview of the disposition of Department-requested legislation for the 2023 Legislative Session. The bill prohibits surprise medical bills and balance billing.

Legislative Action: Referred to Committee 3/9/23

Rules

The rulemaking process is set forth in RSA 541-A and is overseen by the Joint Legislative Committee on Administrative Rules (JLCAR), which has ultimate approval authority for any Department rules. Here again, Department personnel and the Legal Coordinator must ensure (1) all rulemaking proceedings meticulously follow the process established in statute; (2) perform regulatory research and carefully draft language within rules to ensure there are no conflicts with existing rules or statutes; and (3) work closely with JLCAR attorneys to produce Final Proposals for rules that will accomplish the Department's intent while at the same time meeting JLCAR standards. Rule proposals are thoroughly vetted with industry to solicit feedback for the practical application of any of the Department's rules.

During the period of this Annual Report (July 1, 2022 through June 30, 2023), the Department completed administrative rulemaking proceedings on the following:
