**Order on Assented-To Motion to Continue  
Adjudicative Hearing**

A merits hearing is scheduled in this matter for May 3, 2016. The respondent has filed an Assented-to Motion to Continue. If a party requests a continuance, the motion must be granted if the hearing officer finds that the party seeking the continuance has demonstrates good cause for the continuance. Ins. 204.12(b). Respondent states that he has only recently hired counsel and requires additional time to obtain information and to prepare his case. He further indicates that settlement seems imminent. As there has been an assent by the enforcement unit and the hearing officer finds that good cause has been demonstrated, the motion is **Granted**. The clerk shall reschedule the matter for hearing as the calendar permits.

**SO ORDERED**

Dated: April 28, 2016
