RE: Climate Risk Disclosure Survey

The National Association of Insurance Commissioners (NAIC) adopted a new version of the Climate Risk Disclosure Survey during the Plenary session of the Spring National Meeting, recently concluded in Denver, CO.

The New Hampshire Insurance Department has decided that there will not be any mandatory disclosure requirement of this survey for the 2009 Financial Reporting Year. Any insurer who wishes to submit the 2009 survey voluntarily, should feel free to provide the information to our Financial Division by May 1, 2010.

We will advise all insurers as to submission requirements for reporting years 2010 and thereafter at a later date.
