Request to Change the Designated Responsible Licensed Producer

Per RSA 402-J:6 IIb The business entity has designated a licensed producer responsible for the business entity's compliance with the insurance laws, rules, and regulations of this state.

The Designated Responsible Licensed Producer (DRLP) must remain actively licensed for the lines of authority held by the agency. Cumulatively the lines of authority held by the DRLP(s) must equal the lines held by the entity.

To change the DRLP we require either this form or a written request advising us of the change, signature of the new DRLP and a \$50 amendment fee. Changes cannot be completed online and cannot be processed during the renewal process. Failing to comply jeopardizes the license of the entity.
