

April 15, 2013 CLARIFICATIONS AND AMENDMENTS:

Pursuant to Section 1.5.3, Page 7 of the Transportation Services RFP, the NHSLC has the authority to amend the RFP at any time and at its sole discretion.

In Section 1.3, Page 6, the NHSLC stated that official responses, official answers, and/or written information issued in writing by the Issuing Officer shall be the same as amendments. The NHSLC has consolidated or paraphrased submissions for sufficiency and clarity.

Clarification:

On April 12, 2013, the NHSLC published on its website responses to vendor questions. On Page 2 of this document, the NHSLC states:

“Using Revised Appendix M, a vendor is required to provide a proposed delivery schedule for:

*the second week in February,
the second week in May,
the second week of October, and,
the second week of December.”*

To be more specific, the second full week should be used:

February 10 – 14
May 12 – 16
October 13 – 17
December 8 – 12

The dates that the NHSLC has provided are Monday through Friday. Please bear in mind that Saturday deliveries may occur from time to time but we are not asking for you to include Saturdays.

We do want information about Sunday. You have been provided the number of cases for each Monday delivery. Once you work out your Monday route, calculate the number of empty trailers that will need to be left at the warehouse at 8 PM on Sunday night to begin the loading process early Monday morning. Perform the same calculation for Monday night in regard to Tuesday deliveries through Thursday night for Friday deliveries.
