Craig,

I wanted to reach out to you in regards to this mandatory vendor meeting.

In the event that we are unable to have a representative for our company meet at the physical location is there an option for a video conference arrangement in which I would be attending the session through a secured connection via satellite office.

If this is an option please advise, again I look forward to getting the chance to be able to become a part of your transportation team in the near future.

Regards,
