2. RSA Authority:

3. Federal Authority:

5. Explanation of the reason for the proposed readoption with amendment of the form:

RSA 175:1 LXIV-c defines "sports recreation facility" as "a facility that is primarily established for general sports, fitness, and recreation services. Recreation facilities include the following types: alpine slide facility, bowling facility, golf facility, racquet sports facility, ski facility, billiards/pool hall, or any similar recreation facility approved by the commission in rules."

The Liquor Commission uses Form LTW-05 in conjunction with its review of sports recreation facility license applications. That form provides for many specific sports/recreation facilities, however, it does not contain a general category for sports/recreation facilities that do not fall into one of the above-referenced specific enumerated classifications. Because it is unduly burdensome for the Liquor Commission to specifically delineate all possible forms of sports recreation facilities on form LTW-05, the Commission proposes the amended form, which creates the "general sports, fitness, and recreation services facility" section.
