

Q: As stated on page 17, bullet one, sub-bullet one, Exhibit C was not included in the RFP package. Will this be available for the mandatory responsiveness requirements?

A: On Page 17, Part IV, Criteria for Selection, 1. 1., This is a typographical error. There is no Exhibit C attached to the RFP. However, the bid proposal shall be properly signed by the respondent's authorized representative and if award is given, a certification of vote or authorization will be required for contract execution.
