Statement from Governor Hassan on Signing SB 465

CONCORD – Governor Maggie Hassan issued the following statement after today signing Senate Bill 465, relative to the nonconsensual dissemination of private sexual images:

“In an increasingly technological world, there are new threats to the privacy and security of our citizens, including the dissemination of private sexual images without consent, a practice that is harmful and immoral. By making it a felony to disseminate private sexual images of another individual without their consent, Senate Bill 465 is a common-sense step forward in our efforts to protect and maintain the privacy of Granite Staters, and I am glad to sign this bipartisan bill into law.”
