Governor Hassan's Statement on Dartmouth-Hitchcock Layoffs

CONCORD – Governor Maggie Hassan issued the following statement in response to the announcement of upcoming layoffs by Dartmouth-Hitchcock later this year:

"As we continue working to address the challenges caused by the national health care workforce shortage, the announcement of upcoming layoffs at Dartmouth-Hitchcock later this year is disappointing and troubling news. I am directing the state's Rapid Response Team to provide all possible assistance to affected workers, and New Hampshire Employment Security and other state agencies will use every resource possible to connect those affected with a new employment opportunity, including the nearly 4,000 job openings in health care in New Hampshire."
