Frequently Asked Questions

<p>What is in-kind and how do we account for it? In-kind contributions include any non-cash support your organization receives. Panelists want to know what kind of non-monetary support you receive. Volunteer time should be included in <i>in-kind services</i> and should be accounted for at minimum wage except for professional services (such as lawyers and accountants performing legal and accounting services) which can be counted at the professional's going rate. Materials and supplies such as waived rent and utilities should be included in <i>in-kind goods</i> estimating the value your organization would otherwise need to pay.</p>	<p>What should I include in my budget? This budget is for a PROJECT. Please include only those items of income and expense relevant to the specific project for which you are requesting funding, or for the portion of the larger project for which you are requesting support. Estimate as best you can the percentage of earned income, salaries, office supplies, etc. for this specific art project.</p>
<p>What is applicant cash? Applicant cash refers to the money that comes from the organization's general operating budget or reserves.</p>	<p>Should income and expenses match? Projected budgets should balance while actuals probably won't. Projected budgets balance because you are providing a picture of what you think you will spend and where that funding will come from.</p>
