Scope of Project:

Background: The NH Poetry Out Loud (POL) Program is part of a national network of Poetry Out Loud programs sponsored by the National Endowment for the Arts in partnership with the Poetry Foundation. State arts agencies are provided funds to implement state programs. POL supports high school students from private and public high schools to participate in a three-week poetry curriculum, and is designed to encourage the nation's youth to learn about great poetry through memorization and performance.

The curriculum, provided by the National Endowment for the Arts, can be varied to fit a school's needs. POL uses a pyramid structure where students progress from classroom competitions, to regional competitions and a statewide championship competition. State champions then progress to the National Competition in Washington, D.C.

In New Hampshire, the program has capacity for up to 45 high schools (including public, private and home schooled consortia). The NH project plan calls for: two teacher orientation meetings for participating schools at different locations in the state; an option of an on site orientation for teachers unable to attend the group orientations; up to four regional semi-final competitions strategically located around the state to best accommodate participating high schools and a state final competition located in central NH. The NH POL project implementation and budget is overseen by NHSCA staff and implemented through contracted services facilitated by the fiscal agent.

Specifications:

Services provided by the NH POL fiscal agent/partner will include:

- Administer partnership grant funds approved by NHSCA Councilors and Governor & Executive Council to support the NH POL program.
- Provide accounting support for fiscal transactions related to the NH POL program with direction from the NHSCA staff, to include but not be limited to: tracking of revenues raised from all sources; calculation and tracking of cash and in-kind match; processing and tracking of all expenses including contracted services for the project identified by NHSCA; mileage/travel; stipends paid to judges; performers; master of ceremonies; food; and ancillary expenses.
- In concert with NHSCA staff, provide a final reconciled budget at the conclusion of POL FY23 on or before July 1, 2023, to include breakout reports for all funding sources. Periodic budget reconciliations need to be compiled in a format compatible with NHSCA budgetary/databases (to be provided) and delivered to NHSCA on a monthly basis.

Eligibility:

To be considered eligible, proposals must be submitted by non profit organizations that are physically located and incorporated in New Hampshire and comply with the Americans with Disabilities Act. Organizations must be recognized as tax-exempt under Section 501(c)(3) of the Internal Revenue Code and have been in continuous operation for at least three years. Organizations must be in good standing with the IRS, the NH Attorney General's Office, the NH Secretary of State's Office and the NHSCA, and have a UEI.

Special Qualifications:

Organization should have a mission statement related to the support of arts education or writing/poetry. The chief administrator for the non profit organization should have a professional background in budget management.

Selection:

The Partnership grant will be awarded based upon capacity as indicated in the proposal addressing the above specifications.

The NHSCA reserves the option to extend the partnership for an additional fiscal year upon agreement of both parties and provided that funding for the project remains available.

Budget: Overall project budget is estimated at: \$25,000. Source of funds: \$20,000 from the NHSCA and \$5,000 from other sources. The NHSCA Partnership funds will cover contracted services (NH POL coordinator, assistant, scoring supervisor); program expenses and a fiscal agent fee not to exceed 10% of the grant partnership amount. Any unexpended funds remaining after all NH POL costs have been covered will be kept in a designated "NH POL" account, the dispersal of which to be determined by NHSCA. Amounts are subject to change based on availability of state and federal funds.

Payment: Upon acceptance and approval by NH State Council on the Arts' Councilors and Governor & Executive Council, 100% of the Partnership grant will be processed as a single payment.

How to submit a proposal:

If interested, please submit the following items by the deadline of August 31, 2022 to:
