

2011 SCRAP FIELD SCHOOL IN HISTORICAL ARCHAEOLOGY A SURVEY AND MAPPING PROGRAM WITHIN NEW HAMPSHIRE'S STATE PARKS

The New Hampshire Division of Historical Resources' State Conservation and Rescue Archaeology Program (SCRAP) is offering a one-week archaeological field school in Historical Archaeology. The program will be in coordination with the NH Division of Forests and Lands and under the direction of SCRAP Historical Archaeologists Edna Feighner and Tanya Krajcik.

Who should participate?

Community members, students, teachers and visitors to the region who are interested in exploring New Hampshire's rich history are encouraged to enroll in this hands-on field school.

Where:

Bear Brook State Park, Allenstown, NH

When:

One-week session: October 24-28, 2011
Each day runs from 9:00 a.m.-4 p.m.

Why enroll?

Participants will learn how to locate, document, and create state-level recordation of the existing cellar holes, barn foundations and other associated features that indicate a community's presence. They will also be instructed on preparing archaeological site forms. The specific objective for this field school is to encourage participants to explore the rich history of New Hampshire and appreciate that the past bears an important relationship to its environment and natural resources.

Fee:

There is no required cost for participation! However, a donation of \$10 is recommended to defray expenses.

For more information:
