**MEMORANDUM**

**TO:** New Hampshire Municipalities  
**DATE:** July 7, 2015  
**SUBJECT:** New Hampshire OEP Annual Survey of Municipal Land Use Regulations

---

The New Hampshire Office of Energy and Planning (OEP) would appreciate your municipality's assistance in providing information about your current land use regulations and other planning-related information by completing the enclosed 2-page survey by **July 31, 2015**.

The purpose of this annual survey is a way for municipalities to report to OEP about recently adopted or amended land use regulations as required in [RSA 675:9](#). In addition, the data from the survey results will be compiled into a statewide summary report, which will provide a snapshot of the municipal land use regulations and other planning-related information across the state. OEP will notify municipalities and other interested parties when the summary report is completed.

Please note that the annual survey is now a fillable PDF document. Please complete the survey and email it to OEP. If you are unable to complete the form electronically, please print, complete, and mail the survey to OEP. Please be sure to review all sections of the survey form and complete it to the best of your ability.

As noted in the survey, we asked for any direct web site links to the municipality's land use regulations. Pursuant to [RSA 675:9](#) filing requirements, if a web site link is not available for any **new or amended** (in the last year) master plan, zoning ordinance, historic district ordinance, capital improvement plan, building code, subdivision regulation, historic district regulation, or site plan review regulation, please email an electronic version of the applicable document along with your survey.

Thank you for assistance!

**Please send the Survey and applicable Regulations to:**
