

## NH Plan-Link Listserv Guidelines

The NH Office of Strategic Initiatives (OSI), with support from the NH Department of Information Technology (DoIT), offers the Plan-link Listserv (Listserv) to provide an online discussion and information-sharing forum for the New Hampshire planning, zoning and land use regulation community. Subscribers to the Listserv must review and be familiar with the following guidelines.

- Subscribers are encouraged to discuss and share information on aspects of planning and land use regulation in New Hampshire.
- OSI does not moderate the Listserv. Subscribers should only post information that is relevant to planning, zoning and land use regulation topics in New Hampshire. Posted items may include questions, thoughts, research results, relevant websites, references, book and publication reviews, sample ordinances, examples of warrant articles, current legislative information, upcoming events, announcements, etc. Subscribers should be mindful of copyright laws and give adequate citations about the author and source of the article.
- Subscribers who wish to engage in on-going, back and forth discussions should invite others to do so independent of Plan-link.
- Commercial announcements and advertisements are not permitted nor is the Listserv a forum for vendors and consultants to sell products and services. Subscribers may not conduct business or actively solicit actions which are prohibited by law or which violate any federal, state or local laws.
- Opinions or preferences subscribing to a political party are not allowed.
- There may be no commercial or other unauthorized use of this Listserv. Commercial announcements and advertisements are not permitted nor is the Plan-link Listserv a forum for vendors and consultants to sell products and services.
- Persons who violate these guidelines will be removed from the list.
- The opinions expressed by subscribers to this Listserv are their own and do not necessarily reflect the opinions and beliefs held by OSI or DoIT.
- All messages, information, software, features, services and other materials which are posted or accessed by this Listserv are considered "as is" without any kind of express or implied guarantee or warranty by the State of New Hampshire or any subdivision thereof pertaining to the operation and administration of the site or for the accuracy of the information posted. However, to advance the usefulness, fairness and integrity of the Listserv, posted information should be quoted or otherwise attributed only with the prior permission of the person who posted the message.
- Participants may not post any defamatory, abusive, profane, threatening, offensive or illegal material on this listserv and must otherwise conform to the Listserv site rules and guidelines. OSI retains the right to remove any inappropriate posted material from the site and to revoke the subscription of anyone from the Listserv who uses this service improperly. The determination of what material is inappropriate or what constitutes improper use of the site lies in the sole discretion of OSI.
