PREAMBLE

The parties agree to cooperatively work in a harmonious effort to assure the safe, fair, and reasonable employment of personnel.

The parties further agree to assure the continuity of municipal services through the establishment and implementation of the equitable terms and conditions of employment.

The parties are committed to the fair and timely resolution of disputes that may arise.

The City will endeavor to offer wages and benefits it determines it can reasonably afford given the significant economic and property tax challenges the City faces.

DEFINITION OF TERMS

FULL-TIME EMPLOYEES

Full-time employees shall mean any employee who regularly works a minimum of 35 hours per week.

PART-TIME EMPLOYEES

Part-time employees shall mean any employee who regularly works up to a maximum of 30 hours per week, or as certified by the PELRB.

It is hereby agreed that 'per diem' employees are not part of the bargaining unit.

NEW EMPLOYEES

Employees newly hired into the City and the bargaining unit shall be regarded as probationary employees for their first six (6) months of employment and may be terminated at any time during their probationary period without recourse through the grievance procedure. Upon successful completion of their probationary period, such employee's seniority shall be retroactive to their original date of hire and that the employee shall be entitled to the balance of the rights and privileges under this Agreement.

ARTICLE 1 - RECOGNITION

Section 1: In accordance with the certification of the New Hampshire Public Employees Labor Relations Board in Case No. G-0086-4 on December 2, 2019, the City recognizes the Union as the sole and exclusive representative of all persons employed in positions covered in Attachment A, and any later created positions as may become included as pursuant to law, for the purpose of establishing wages, hours, and other conditions of employment.

Section 2: The City agrees that all employees may become a member of the Union for any position so certified by the New Hampshire PELRB. Each employee shall have thirty-one (31) calendar days from their date of hire to determine which option above they shall exercise.

Section 3: Upon presentation of written authorization approved by the Union Representative, the City agrees to deduct from the wages of each covered employee the current weekly union dues/fees as certified to the City by the Union Treasurer in accordance with the Constitution and Bylaws of the Union. Said deductions shall be made weekly and the City shall remit these to the Union Treasurer promptly each month. If any employee has no check coming to him/her, or the check is not large enough to satisfy the assignments, then, in that event, no collection shall be made from said employee for that week.

The Union agrees to indemnify and hold harmless from any and all claims arising out of the City's authorized deduction of said dues/fees according to the terms and conditions of this agreement.

Section 4: The City agrees that there shall be no discrimination, harassment, interference, restraint, or coercion by the City or any of its authorized agents against any Member, because of his/her membership in the Union, or against any Member who may represent others in the discharge of his/her duties as a Member of any committee of the Union.

ARTICLE 2 - MANAGEMENT RIGHTS CLAUSE

The City retains all its customary rights and authority to manage, make decisions, and use discretion to direct the municipality and its employees except as otherwise specified in this agreement. The Union acknowledges the right of the City to make or change any rules or regulations governing the conduct of the City and its employees provided they are not inconsistent with the provisions of this agreement and further recognize that the exercise of any management function or right which is not specifically modified by this agreement is not subject to the grievance procedure or arbitration during the term of this agreement. The City shall notify the Union of all changes to the rules and regulations.

ARTICLE 3 - UNION VISITS

An authorized representative of the Union shall have access to the City's property for the purpose of conducting union business. Visits will be kept to a duration as to not interfere with City business, if longer meetings are needed to conduct Union business, ie processing grievances, notice will be given to the City Manager.

ARTICLE 4 - BULLETIN BOARD

Bulletin Boards will be made available to the Union for the purpose of posting Union notices relating to meetings, dues, entertainment, health and safety and general union activities. Copies of each posting to be forwarded to the office of the City Manager.

ARTICLE 5 - NON-DISCRIMINATION

- Section 1: The employer agrees that it will not discriminate against any employee because of his/her activity as a member of the Union.
- Section 2: Neither the Employer nor the Union in carrying out their obligations under this contract shall discriminate in matters of hiring, training, promotions, transfer, layoff, discharge, or otherwise because of race, creed, color, national origin, age, marital status, sex, or disability as guided by state and federal law.

ARTICLE 6 - DISCRIMINATION & HARASSMENT

Definition of Terms:

DISCRIMINATION: A show of partiality or favoritism in the treatment of, prejudice against, or animus towards any group of persons who are a protected class under civil rights legislation of the United States or the State of New Hampshire, including any group of persons distinct because of race, religious affiliation or belief, ethnicity, gender or similar characteristic, or such partiality, favoritism, prejudice or animus with respect to any person because of membership or perceived membership in any such group or union. Discrimination shall include unlawful partiality, favoritism, prejudice or animus with respect to any age classification. Discrimination shall include any unlawful conduct defined as discrimination by a federal or state civil rights legislation, or any reasonable administrative rule adopted pursuant thereto.

HARASSMENT: Harassment shall include any unlawful conduct defined as harassment by any federal or state civil rights legislation or any reasonable administrative rule adopted pursuant thereto.

POLICY STATEMENT

The City of Berlin and the Union, AFSCME, does not condone nor support the practice of harassment or discrimination in any form, by any person in the employ of the City or representing the City. Upon learning of a situation that violates this policy or the Federal Laws, the City will take immediate corrective and remedial actions that are deemed appropriate. In addition, the City will keep its employees informed about the applicability of compliance with these Federal Laws in the work place.

Any employee who believes or suspects himself or herself or any other person to be or to have been the victim of violations of the policies stated herein with regard to discrimination or harassment shall report same to their immediate supervisor or, if the immediate supervisor is the perceived perpetrator, to the next higher person in the chain of command.

PROCEDURE

STEP 1: Employees having a sexual harassment problem should, along with a Union representative, discuss such problem with the City Manager in an effort to try and resolve the problem. However, the fact that this obligation is not fulfilled shall not cause the employee to lose any right.

STEP 2: Upon receipt by the Union of a request in writing from the grievor, the Union shall file the grievance at the last step of the grievance procedure, prior to arbitration. Grievances of this nature shall be treated in the strictest confidence by both parties.

STEP 3: Should the grievance not be solved at this step of the grievance procedure; the Union may then proceed to arbitration. Arbitration proceedings will be in the strictest of confidence and privacy.

It is further understood by the Union and the City that a discrimination and harassment free environment will exist in the work place. Therefore, where proven harassment has been determined, appropriate disciplinary action or remedial action may result against the perpetrator, which may include, but not be limited to a transfer, unless the victim requests such a transfer for him/herself.

ARTICLE 7 - DISCIPLINE AND DISCHARGE

No employee shall be disciplined, suspended, or discharged without cause.

ARTICLE 8 - GRIEVANCE PROCEDURE

A grievance is defined as an alleged violation, misinterpretation, or misapplication of any provision of the labor agreement and/or valid signed side agreements.

An individual member of the bargaining unit may present an oral grievance to his/her department head with or without the assistance of the exclusive representative. Until a grievance is reduced to writing, the Union shall be excluded from a hearing if the employee so requests; but any resolution of the grievance shall not be inconsistent with the terms of this Agreement, nor set precedent without the knowledge and approval of the Union and the City.

Furthermore, in such cases where the grievant or the organization representing said grievant or grievance submits the issue to any other administrative or judicial venue for a decision, the grievance before the parties under the grievance procedure, shall be automatically stayed until the remaining venue(s) have rendered a decision. Said decisions shall be incorporated into the resolve of any stayed grievance.

A grievance to be considered under this procedure must be initiated in writing to the Department Head within seven (7) business days after cause for complaint arises, or the union has knowledge of the cause for complaint. The written statement of the grievance shall contain a brief summary of the alleged violation, a reference to the Provision of this Agreement which is believed to have been violated, and the remedy requested. If in the judgment of the Union a grievance affects a group or class of employees, such grievance may be submitted in the name of the Chief Steward of the Union.

If a grievance is not presented within the time limits set forth above, it shall be considered abandoned. Failure at any step of this procedure to communicate a decision within the specified time limits shall be considered the same as the denial of the grievance. Failure at any step to

appeal within the specified time limits shall be considered abandonment of the grievance. The time limits specified at any step may be extended by mutual agreement in writing between the parties.

Meetings held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity to attend for all persons proper to be present. When such meetings are held during business hours, all persons who participate shall be excused without loss of pay for that purpose.

The Chief Steward or unit steward shall be permitted the reasonable time without loss of pay to investigate and process grievances provided she/he has informed his/her Department Head. Reasonable time shall mean and intend time to investigate the basic issues in a pending case, as scheduled with the department head, but not excessive time away from completing their regular duties.

Step 1: The department head shall hold a hearing within seven (7) business days of receipt of the written grievance and shall render a decision no later than seven (7) business days following the hearing.

If the grievance is not resolved at Step 1, an appeal may be filed with the City Manager in writing within seven (7) business days of the receipt of the decision at Step 1.

Step 2: The City Manager shall hold a hearing within fourteen (14) business days of receipt of written grievance and shall render a decision no later than ten (10) business days following the hearing.

If the decision of the City Manager does not resolve the grievance, the Union shall have the sole right to appeal that decision and the matter shall be submitted to arbitration providing the Union notified the City Manager of such request within ten (10) business days of receipt by the Union of the City Manager's decision.

Step 3: Both parties agree that should arbitration be required, the selection of the arbitrator, by mutual agreement, would be made between the parties. If the parties mutually agree to a name on the list, then they will file with the New Hampshire Public Employees Labor Relations Board a request to have the arbitrator named to the case. If the parties cannot arrive at a mutually agreeable name from the list, then the parties agree to file for arbitration with the American Arbitration Association who shall submit a panel of arbitrators in accordance with its rules. Then the parties agree that they shall either mutually agree to a selection of an arbitrator from the AAA panel or absent of a mutually agreeable selection, the parties agree to the AAA selection of an arbitrator, who on the scheduled date shall meet with the parties for the arbitration. The arbitrator will follow all PELRB/AAA rules and regulations.

The costs of arbitration shall be borne by the party against whom the arbitrator rules, and the arbitrator shall state which party that is in his/her decision.

The decision of the arbitrator shall be rendered within twenty (20) days after the hearing date and shall be final and binding.

The arbitrator shall have no power to add to, subtract from, alter, or modify any of the terms of this Agreement or the vested functions and responsibilities of the parties to this agreement.

The arbitrator shall have no power to change any practice, policy, or rule of the City unless such practice, policy, or rule is in violation of a specific Article and Section of this Agreement.

The arbitrator shall have no power to substitute his discretion for the City's discretion in cases where the City is given discretion by the Agreement.

The arbitrator shall only have the authority to pass on a grievance referred to him as prescribed herein based upon the evidence presented to him at the hearing.

If either party shall claim before the arbitrator that a particular grievance fails to meet the tests of arbitrability, the arbitrator shall first proceed to receive information on such issue before proceeding to hear the case upon the merits. If the grievance concerns matters not subject to arbitration, the arbitrator shall return the grievance and all documents relating thereto, to the parties without decision.

ARTICLE 9 - LEGAL PROTECTION

The City shall undertake to defend, pay, and shall indemnify and save harmless any member from any claim, judgment, demand, or suit arising out of any act or omission to act of any member for personal injury, including death, or damage to property, while the member is engaged in the performance of his/her duties and employment on behalf of the City.

ARTICLE 10 - SENIORITY

Section 1: There shall be two types of seniority:

- A. Departmental Seniority: defined as the most recent date of assignment to a department;
- B. City Employment Seniority: defined as an employee's continuous length of service with the City from the date of hire

Section 2: A member shall continue to accrue seniority during an authorized absence caused by illness or injury resulting in temporary disability.

ARTICLE 11 - PERMANENT VACANCIES

All vacancies, new jobs, or positions covered by this bargaining unit shall be posted on all bulletin boards of City departments within five (5) working days of a City decision to fill the position. The posting shall remain on the bulletin boards for a period not less than ten (10) working days and include the job title, rate of pay, brief description of job, essential position skills, duties and responsibilities. Only those members who make application during the posted period will be considered for the job.

If the City does not move to fill a vacancy, the City will, upon Union request, provide the Union in writing with its current thinking with respect to its plans for the position. However, in no way shall limit the City with regard to modification of its plans.

The City shall fill job vacancies based on skills, ability, experience and other work-related factors.

Vacancies will be filled subject to the above and in the following order:

- (a) By Recall - when applicable -- in accordance with Article 14, Layoff & Recall.
- (b) By merit

Qualifications (essential skills) and departmental seniority shall be considered in matters concerning promotions and transfers. Qualifications shall include both an assessment of technical skills and interpersonal skills.

Members who are promoted or transferred from one job to another shall have a promotional probationary period of sixty (60) days and shall be compensated during this time at a job rate equivalent to the rate of pay for the new position. Said rate shall be considered the promotional probationary rate for that new position or transfer. Prior to the completion of this promotional probationary period, the department head shall evaluate the performance of the member in writing and review this performance with the employee.

A member promoted or transferred who fails to satisfactorily complete their promotional probationary period shall be returned to their former job. A member who is displaced as a result of their bump back shall, himself, bump back in the same manner. A Member bumped back under the above conditions will be carried at the rate of pay of their former job.

New employees hired into vacant positions shall receive the entry-level rate of that position (see Base Pay Schedule in Article 26 - Wages). Said rate shall be considered the probationary rate for that position. Upon successful completion of the probationary period, the employee will be entitled to a 1% wage increase; upon completion of 30 months of service, the employee will be entitled to a 1% wage increase; and upon completion of 50 months of service, the employee will be entitled to a 1% wage increase. The above service increase shall also apply to members with less than 50 months of service who promote or transfer to vacant positions. The employee will also be subject to any other general wage improvements negotiated in the contract.

ARTICLE 12 - TEMPORARY VACANCIES

When the City determines that a vacancy should be filled on a temporary basis, the members shall be given the opportunity to fill that vacancy. When a member, other than for training purposes, temporarily fills a vacancy and thus serves in a job assignment higher than his/her own job classification which results in their taking an acting role for a position other than their existing job classification, or when a member works in an acting role that requires greater responsibility than their regular classification, that member will be temporarily compensated (during the period that they are "acting") at a rate of pay that is half-way between the pay rate of the vacant position or the position requiring greater responsibility and their original position. For those members who take on additional tasks regularly associated with another temporary vacant position but not assume the position itself shall be subject to some additional improvement so long as they continue with the additional tasks. This shall only occur under extenuating circumstances.

ARTICLE 13 - PROMOTION OUTSIDE THE BARGAINING UNIT

A bargaining unit member in good standing who promotes to a City position outside the bargaining unit shall continue to accrue seniority with the bargaining unit for a period of six (6) months and may be returned or may elect to return within six (6) months of said promotion to his/her original position in the bargaining unit, without loss of seniority.

Where a regular City employee is promoted into the bargaining unit, they will be subject to the sixty (60) day promotional period defined in "Article 11- Permanent Vacancies" rather than the six (6) month probationary period of new employees.

ARTICLE 14 - LAYOFF & RECALL

Section 1: No member shall have the right to replace another member in any position by virtue of departmental or city seniority alone. In the event of a permanent lack of work or layoff in any position, qualifications and seniority shall be considered for decision of transfer and replacement.

Seniority shall prevail, after qualifications (essential technical and interpersonal skills), in matters concerning layoffs and rehiring.

In the event of a lay-off, employees shall be laid off in the order of their departmental seniority beginning with the least senior employee in each job

classification. It is understood that an employee retained must be qualified to perform the available work, or the least senior employee in the job classification may not be laid off.

Reductions of personnel within a department shall occur initially by departmental seniority. Displaced employees will go to the next lowest classification within their department before being reassigned to other departments. Displaced employees may be reassigned based upon their qualifications and City seniority to fill or bump other full-time positions within the bargaining unit.

Regular full-time employees may then displace entry level and temporary/part-time employees and maintain their regular employee status during this time with benefits reflecting their actual work week. Regular employees shall maintain reassignment rights to regular positions in their former department within the bargaining unit for twelve (12) months.

Employees on reassignment may continue to accrue department seniority until they successfully bid into another department or they refuse an opportunity to return to their original department.

Displaced employees who have not been reassigned based upon the lack of qualifications and City seniority will be laid off.

Section 2: In the event of a recall employees shall be recalled in the reverse order of lay-off, in each job classification provided the employee(s) is qualified to perform the job available. No new regular employees shall be hired until all laid off regular employees have been given the opportunity to return to work, providing they are qualified. Laid off regular employees shall maintain recall rights for a period of up to one year.

Qualified and available regular members shall be reinstated before new members are hired. On recall from layoff, a member shall notify the City of his/her intention to return to work within ten (10) calendar days of the City's notification to do so, and must return to work within fifteen (15) calendar days of the City's notice, otherwise, he/she shall be considered to have resigned their employment with the City. The obligation of the City to notify a former member shall not exceed beyond one (1) year from date of layoff. It is the responsibility of the member to notify the City in writing of any changes in address. Written notice, by mail, shall be given by the City to the last known address which will be deemed proper notice. The postmark shall be considered the official date of notification. A courtesy copy of this notice will be forwarded to the local union representative.

Section 3: In the event a laid-off regular employee is re-employed by the City in the same or other position within the recall period, then the City may, on recommendation of the Department Head to the City Manager and approval by the City Manager, credit that employee's original service (less the period of layoff) for continuous service, seniority and benefit purposes. This will be achieved by moving the employee's official hiring

date forward by the amount of the period of the layoff, except that for NHRS purposes the hire date shall be that required by statute. In the event a laid-off probationary employee is re-employed in the same or other position within six months of the layoff, then the City may, on recommendation of the Department Head to the City Manager and the approval by the City Manager, credit that employee's original service (less the period of the layoff) for continuous service, seniority and benefit purposes in the same manner as for a regular employee.

ARTICLE 15 - HOURS OF WORK

The regular hours of full-time positions shall be either thirty-five (35) hours per week divided equally over five (5) working days of seven (7) working hours and one (1) hour lunch period, Monday through Friday, or forty (40) hours per week divided equally over five (5) working days of eight (8) hours work and one (1) hour lunch period Monday through Friday, depending upon the department to which the Member is assigned and the requirements of the position.

The lunch hour may be taken at flexible hours if requested and approved by the Department Head. Likewise, a Department Head, for purposes of operational coverage may require staggered or unique lunch hours for unique circumstances

Regular part-time personnel who work in excess of their regular part-time hours shall continue to receive their regular wage for work performed up to the regular work week (35 or 40 hours), after which they shall be subject to the accrual of compensatory time/overtime as indicated below.

The normal starting time shall be between 8 AM and 9 AM. Two (2) break periods of ten (10) minutes each shall be granted to all members each day on a scheduled basis through the approval of the Department Head.

The regular work week shall remain status quo, depending upon the department and the position to which the member is assigned. Job positions shall remain at their current number of hours and where the City has established the job position shall remain at the current number of hours. Both parties to this agreement have established time frames for the utilization of accumulated compensatory time, members of the Union agree to take all of their accumulated compensatory time within their respective time frames as follows.

General Membership - 90 days from accrual to usage
Asst Fire Chief & PWD Foremen - 150 days from accrual to usage
Engineering Asst - 200 days from accrual to usage

It is agreed by the parties to this agreement that all members must take any accrued compensatory time per their respective time frame above, unless unforeseen circumstances occur which would then require the member to receive approval for an additional time frame to take their time. If an individual does not utilize their compensatory time in the time frames above management will direct the member to utilize their accrued compensatory time and restrict the

accrual of any additional time.

Compensatory time in lieu of overtime may be accumulated for work that extends beyond 40 hours in a seven-day work week. For hours worked between 35 and 40 hours, employees shall be paid at their regular hourly rate. For work in excess of 40 hours up to 50 hours per week, employees may request compensatory time off which shall accrue at 1.5 hours for each additional hour worked. All hours worked over 50 hours in a work week shall be paid at 1.5 times the hourly rate.

Actual use of compensatory time shall be scheduled with the Department Head, so as not to unreasonably impact the operations of the Department. Compensatory time accrual and usage shall be in accordance with the Fair Labor and Standards Act. Upon separation from employment, employees will be paid at their then hourly rate for any unused compensatory time.

The Chief Chemist, Assistant to the Engineer, Public Works Foremen, and Assistant Fire Chief, when on-call, will continue the standby allowance and/or other benefits for compensatory time accumulation as established by the department.

The standby allowance shall increase annually, July 1, based upon the CPI-W Schedule C (see <http://www.bls.gov/cpi/>).

If and when the three Foremen only are scheduled for shift work, they shall receive the following in addition to their regular rate the following shift differential:

| | |
|--------------|-----------|
| 3:00-11:00pm | \$.35/hr. |
| 11:00-7:00am | \$.40/hr. |

ARTICLE 16 - MAINTENANCE OF BENEFITS

The parties acknowledge that past practice is subject to the grievance/arbitration process.

The following are position specific benefits that have been carried into and continue in this contract:

Under this clause, the (1) Assistant Fire Chief currently receives: pager allowance at current department rate; clothing allowance at current department rate; and longevity payment at current department rate, as listed in job description for Assistant Fire Chief.

The following provisions and restrictions shall be incorporated into any such restrictions or requirements he/she deems appropriate at the time.

Said request must be received by the office of the City Manager no later than 60 days prior to the requested starting date of leave.

- c) Any full-time employee granted a leave of absence without pay shall be entitled to restoration to duty at the same classification and at the pay rate currently in effect. The employee shall notify his respective department head in writing of his intention to return to work at least fourteen (14) days in advance of the day he intends to commence work.

Time, or Personal Time for which she would otherwise be eligible. Male employees who are expectant fathers may use Vacation, Comp. Time or Personal Time in connection with a newborn in their family. In addition, both parents are eligible for FMLA as provided below.

Leave - FMLA

All employees determined to be eligible under the guidelines set forth by the federal Family and Medical Leave Act of 1993 (FMLA) will be provided the option of taking up to twelve (12) weeks of unpaid, job-protected leave within a twelve (12) month period for certain family and medical reasons defined as follows: to care for the employee's child after birth, or placement for adoption/foster care; to care for the employee's spouse, son or daughter, or parent, who has a serious health condition or for a serious health condition that makes the employee unable to perform the employee's job.

The twelve (12) month period used to determine eligibility and amount of FMLA leave available is measured backward from the date an employee requests FMLA leave to begin.

Intermittent or reduced-schedule FMLA leave will be allowed when medically necessary; intermittent or reduced-schedule FMLA leave for the birth or adoption/foster placement may be granted by the City at its discretion. Such leave will be figured to the nearest quarter hour. ARTICLE 18 - VACATIONS

Employees shall be granted vacation accrual and utilization in each calendar year without loss of pay. City seniority shall determine the accrual and selection of vacation time. Such vacations shall be computed in the following manner:

| <u>Years Of Completed Service</u> | <u>Paid Vacation (Weeks)</u> |
|-----------------------------------|------------------------------|
| 1 | 2 |
| 6 | 3 |
| 12 | 4 |
| 17 | 5 |
| 24 | 6 |

Employees hired after July 1, 2012 shall be granted vacation accrual as follows:

| <u>Years of Completed Service</u> | <u>Paid Vacation (Weeks)</u> |
|-----------------------------------|------------------------------|
| 1 | 2 |
| 6 | 3 |
| 12 | 4 |
| 17 | 5 |

Part-time employees shall receive pro-rated vacation accrual.

Employees may take their vacation in non-consecutive parts, but not less than one (1) hour at a time.

In the event a paid holiday falls during the vacation period of a member, the City shall compensate the member with an extra day.

Employees shall be entitled to select the first two (2) weeks of their vacation according to their City seniority primarily, in comparison to others within their department. For Departments who have full time and part time employees, they will be considered two separate groups in determining next in line for choosing vacations. On January 2nd of each year, the most senior person will choose two weeks of vacation within 1 week, then next most senior person will have 1 week to choose his or her two weeks of vacation. After everyone has chosen, the rotation will begin again. This procedure shall continue until April 15, after which any employee may select additional weeks of vacation on a first-come first-served basis.

Employees, for reasons of sickness or injury occurring prior to the scheduled start of a vacation, may cancel such vacation and may reschedule said vacation for any dates left open on the vacation list. However, any employee who cancels his vacation because of sickness or injury shall not reschedule his/her vacation until the vacation list has been completed in its entirety by all other employees. Such rescheduling shall not interfere with vacations already scheduled, regardless of seniority. An employee injured (on or off the job) who has vacation scheduled between the date of said injury and the end of the calendar year, and who, because of said injury cannot take the remainder of his/her vacation by the end of the same calendar year, is required to take the balance of vacation time due, no later than February 15 of the following year or at the next available time(s) as scheduled by the department head, whichever occurs first, after which the vacation time will be lost and non-compensable if not so taken as per the above.

Employees who return to work before the end of the year, but because of existing vacation schedules no vacation slots are available, are required to take the balance of their vacation time due, no later than February 15 of the following year or at the next available time(s) as scheduled by the department head, whichever occurs first, after which the vacation time will be lost and non-compensable if not so taken as per the above. Employees who do not avail themselves of any remaining and available vacation slots in the same calendar year of their return will lose the opportunity of any vacation carry-over nor will they be compensated for the lost vacation time.

In all cases above, employees qualifying for and availing themselves of vacation carry-over into the following calendar year may do so, but first must await the first two-week vacation bid selections for employees seeking regular vacation time within the new year.

Vacations with pay are intended as a period of rest and relaxation, and no employee shall be allowed to work for the City during his/her vacation to receive extra pay.

ARTICLE 19 - PAID HOLIDAYS

The employees shall be entitled to receive pay for the holidays as herein established and computed on the regular base pay rate of the employees.

In the event work is required of any employee on any of the scheduled holidays, the employee shall be paid at a rate of time-and-one-half for all hours worked on said holiday. In no case shall the time-and-one-half pay be equal to less than seven (7) hours, eight (8) hours where applicable, plus their regular holiday pay. (At no time may other contractual clauses be stacked to allow for a greater benefit than what is said above.)

Example:

8 hr employee works 3 hours on a paid full day holiday

-Employee is paid 8 hrs for the holiday pay.

-3 hrs x 1.5 = 4.5 hrs; 4.5 hrs is less than 8 hrs, therefore, the employee is paid an additional 8 hrs at straight time (same as 5.333 at time and half rate) for the hours worked.

8 hr employee works 6 hours on a paid full day holiday

*-Employee is paid 8 hrs for the holiday pay.
-6 hrs x 1.5=9 hrs; 9 hrs is more than 8 hrs, therefore, the employee is paid an additional 9 hrs at straight time (same as 6 hrs at time and half rate) for the hours worked.*

8 hr employee works 1 hr during a paid 1/2 day holiday

-Employee is paid 4 hrs for the 1/2 day worked

-Employee is paid 4 hrs for the holiday pay

-1 hr x 1.5= 1.5hrs; 1.5 hrs is less than 4, therefore, the employee is paid an additional 4 hrs at straight time (same as 2.667 at time and half rate) for the hours worked.

8 hr employee works 3 hrs during a paid 1/2 day holiday

-Employee is paid 4 hrs for the 1/2 day worked

-Employee is paid 4 hrs for the holiday pay.

-3 hrs x 1.5=4.5 hrs; 4.5 is more than 4 hrs, therefore, the employee is paid an additional 4.5 hrs at straight time (same as 3 hrs at time and half rate) for the hours worked.

If an employee takes earned vacation during a period which included a holiday, the employee shall receive an extra day of vacation.

In order to be eligible for holiday pay, the employee must work his/her regular work day prior to and following a holiday, unless the employee is on legitimate leave or vacation. A regular work day, in the case of a part time employee, may not be the day before or after the holiday given that they may not work every day. For instance, the holiday day might fall on a Thursday and the part time employee's preceding regular work day might be on Tuesday. Nonetheless they are entitled to the paid holiday as long as they worked their regular day before and after the holiday.

If any holiday falls on a Sunday, the following Monday shall be considered the holiday. If the holiday falls on a Saturday, the preceding Friday shall be considered the holiday.

The following shall be considered paid holidays:

New Year's Day

Failure to attain a passing grade will result in a member reimbursing the City for the total amount paid to date.

Section 6: Approval for courses and training will be based upon the standards as established by the City to assure the relevancy of the work that the Member's position and role requires, the number of the Member's applying, and funds available.

This notification shall not apply to work which must be done on short notice because of emergencies and extenuating circumstances, or where there is no diminishing of the terms and conditions of employment.
