It is implied that these issues can be addressed through memorandums of understanding and shall be affixed to the Agreement.
- H) Bank Review Panel – In addition to the Bank Administration Board, it is expressly understood that there shall be a thorough review done by a panel of twelve members, which shall be comprised of one (1) representative from each of the Town Unions appointed by the respective union and a management representative appointed by the Town Manager from Police, Fire, Public Works, Recreation, Town Office and the Town Manager's Office. The sole purpose of this Board shall be to convene on or about April 1, 2005 for the purpose of examining the impact of the sick leave offset

portion of the current work agreements for the past two years. This Panel shall return a written report no later than October 1, 2005 to the Town of Hampton and the respective Unions, which shall be available for discussions by the parties in the next Union negotiations.

- I) The Town shall keep records published to Union which shall include but not be limited to the total number of hours, the number of participants, any member participating in the bank, and other pertinent information which effects the bank. Should the bank run out of time then the Town will keep records of the negative balance and the monthly contributions will be posted against that negative balance.
- J) The bank shall be deemed fully funded when the total number of hours in the bank is ten thousand (10,000), at which time contributions to the Bank will cease. Contributions will resume as needed to maintain the 10,000 hours.
- K) There shall be no calculation made by the Town as to the value of each given hour in the Bank. Hours as needed shall be given to an employee regardless of that employee's hourly rate or time and one-half rate. An hour is an hour regardless of that employee's pay or benefits.
- L) Should a person leave the employment of the town and have an accrued sick leave balance that is not reimbursable to the employee then that balance shall be forwarded to the bank and increase the bank balance accordingly.
- M) Any new employee shall make their one hour per month contribution to the bank once they have accumulated a forty-hour (40) balance.
- N) Employees shall be entitled use of The Bank hours within the following guidelines and limits:
 - 1) The employee has an illness or injury that is not work related and has placed the employee out of work for a period of sick leave longer than one hundred sixty (160) hours.
 - 2) The employee has used one hundred sixty (160) hours of his or her own personal accumulated sick leave. At that time the employee will draw sick leave from the bank.
 - 3) In the event that an employee does not have one hundred sixty (160) hours then the employee shall draw their sick leave down to a negative balance, then the Bank will be activated provided all of their personal and vacation leave has been used.
 - 4) Each separate occurrence will require the employee to use one hundred sixty (160) hours of his or her own sick leave before time is withdrawn from the Bank.

- 5) At no time will an individual be expected to reimburse the bank for any time used from the bank other than the one (1) hour per month contribution.
- 6) Employees shall be allowed to use not more than one year of assets from the Bank after the 160 hours have been met. At the end of one (1) year if the employee is still sick then they may remain on leave using their current balance of their personal sick leave account as mentioned in Section 1 of this Article.
- 7) All contributions made to the Bank shall be the property of the Bank with no value assigned to individual employees with regard to contribution(s). Said property of the Bank is intended to be distributed to an employee who meets the aforementioned criteria.
- 8) Employees out on sick leave using Bank assets shall continue to accrue Sick Leave as referenced in Section 1. The one hour per month contribution shall continue to be contributed to the Bank as long as the employee accrues time. Any Sick hours accrued by an employee while the employee is out of work and drawing hours from the Bank will be deposited into the Sick Bank.
- 9) Employees who have been out of work drawing hours from the Sick Bank, but return to work, will not be eligible to use further Sick Bank hours until their time back at work equals or exceeds the amount of time they received from the Bank during their latest time out of work.
- 10) There shall be lifetime (during the period of active employment with the Town) caps upon an employee's drawing of hours from the Sick Bank as follows: 0-10 years (meaning the completion of the 10th year) - 52 weeks; 11-20 years (meaning the completion of the 20th year) - 52 weeks; 21 + years - 52 weeks. These caps are cumulative and can be waived by the Sick Bank Board to address extraordinary circumstances.

Section 4.

The value of the hours sold to the Town can be used to purchase one or more of the items listed below. The cost of the distribution option selected by the employee cannot exceed the dollar value of the sick leave hours being sold back to the Town. Election forms that list distribution options that exceed the value of the hours sold back will be returned to the employee for revision. Such employees will have seven calendar days to return the revised form to the Finance Department.

- 1) An Employee shall have a balance of 400 Hours of sick leave accumulated by September 1st.
- 2) After accumulation of four hundred (400) hours the employee can, at the employee's option sell back to the Town any unused annual hours accumulated during that year.

- 3) Employees wishing to take advantage of the sell back program must declare their intentions to sell back time. The Employee shall declare the number of hours and the Town shall take that number and multiply it by the hourly rate of the individual employee. The total amount shall be indicated to each employee in writing by September 15th of that year. By October 1st of that year the employee shall notify their respective Department of their wishes of this hour/dollar amount. Each employee must state the number of hours they are selling back and list in writing which distribution option is being selected. The Town shall buy back time at the employee's current hourly rate.
- 4) The value of the hours sold to the Town can be used in any of the following combinations.
 - a. Purchase the employees annual contributions to Health Insurance, Dental Insurance, Short Term, Long-Term Disability Insurance, AFLAC Insurance or life insurance. It is understood that if an employee opts to fund insurance programs they must fund the entire amount (i.e. currently the employee contributes 10 percent of the annual premium of the health insurance policy). Thus if the employee opts to fund their share of the insurance they must fund the entire 10 percent.
 - b. Make contributions to the employee's Individual 457 Tax Deferred Retirement Plan.
 - c. The hourly amount shall be available to the employee to be used as vacation in the following year. Hours shall be counted 3 for 1 so that an employee turning back 90 hours shall be given an additional 30 hours of vacation at a time of the employee choosing. The cap on additional vacation shall be no more than one week of each employee's typical vacation. This vacation time may be carried over if approved and it shall be reimbursable upon retirement or quit with other vacation or sick leave.
 - d. In the case of Employees that have reached their cap, as outlined in Article 19 entitled "Sick Leave", if no response is made by October 1st then the hour/dollar amount over the employees cap shall be turned into the Bank, and no action shall be taken. The employee's sick leave shall revert to the cap amount and a new calculation year shall begin.
