FAMILY AND MEDICAL LEAVE ACT OF 1993

Section 1: General Provisions

Under the provisions of the Family and Medical Leave Act of 1993 ("FMLA"), all employees who worked at least 1,250 hours during the prior twelve (12) months are entitled to take not more than twelve (12) work weeks unpaid FMLA leave of absence in a twelve (12) month period (as defined below) in the event of:

- (A) The birth of a child in order to care for the child (leave must be taken within twelve (12) months of the birth);
- (B) An adoption or foster care placement of a child in order to care for the child (leave must be taken within twelve (12) months of the placement);
- (C) A serious health condition of the employee's parent, spouse, minor child, or adult child when the ill person is not capable of self care and the employee is needed for such care; or
- (D) A serious health condition of the employee which results in the employee's inability to perform his or her job.

As stated above, an eligible employee is entitled to a total of twelve (12) work weeks of leave during any twelve (12) month period. That twelve (12) month period is defined as a "rolling" twelve (12) month period measured backward from the date an employee uses any FMLA leave. For example, if an employee has taken eight (8) weeks of FMLA leave during the past twelve (12) months, an additional four (4) weeks of leave could be taken when a second leave is requested. As further example, if an employee takes four (4) weeks of FMLA leave beginning September 1, 1994, when the employee requires additional FMLA leave on March 1, 1995, the employee would have available four (4) weeks of FMLA leave as he/she had taken eight (8) weeks in the twelve (12) months prior to March 1, 1995. In other words, the number of weeks which an employee has available upon the beginning of a FMLA leave shall be twelve (12) weeks less the number of FMLA leave weeks taken in the twelve (12) month period prior to the beginning of the current FMLA leave (the "Available Leave Weeks").

FMLA leaves for the birth or placement for adoption or foster care of a child, as described in paragraphs (A) and (B) above, must be taken all at once unless otherwise agreed to by the City Manager. If medically necessary, FMLA leaves due to illness as described in paragraphs (C) and (D) above may be taken on an intermittent or reduced leave schedule. If FMLA leave is requested on this basis, however, the City Manager may require the employee to transfer temporarily to an alternative position which better accommodates periods of absence or a part time schedule, provided that the position has equivalent pay and benefits.

An employee's will have the option to use their accrued leaves, such as sick leave, unused vacation, and/or personal time. However, unpaid leave is available after all other available leaves are exhausted as part of the twelve (12) week leave requirement for A, B, C or D. When an employee requests any leave of absence which qualifies as leave under the FMLA, the City Manager may designate such leave as FMLA leave upon written notification to the employee.

Section 2: Status of Employee Benefits.

While on FMLA leave, employees may continue to participate in the City's group health insurance in the same manner as employees not on FMLA leave. In the event of unpaid FMLA leave, an employee shall pay to the City Finance Director the employee's share of any medical insurance premiums once per month in advance on the first day of each month. In the event that the employee elects not to return to work upon completion of a FMLA leave of absence, the City may recover from the employee the cost any payments to maintain the employee's medical coverage, unless the employee's failure to return to work was for reasons beyond the employee's control. Benefit entitlements based on length of service will be calculated as of the last paid work day prior to the start of the leave of absence; for example, an employee on leave will not accrue vacation or sick time. At the end of an authorized FMLA leave, an employee will be reinstated to his or her original or a comparable position.

Section 3: Basic Regulations and Conditions of Leave.

The City will require medical certification to support a claim for FMLA leave for an employee's own serious health condition or to care for a seriously ill child, spouse or parent. For the employee's own medical leave, the certification must include a statement that the employee is unable to perform the functions of his or her position. For FMLA leave to care for a seriously ill child, spouse or parent, the certification must include an estimate of the amount of time the employee is needed to provide care. In its discretion, the City may require a second medical opinion and periodic re-certifications at its own expense. If the first and second opinions differ, the City, at its own expense, may require the binding opinion of a third health care provider, approved jointly by the City and the employee.

Section 4: Notification and Reporting Requirements.

When the need for FMLA leave is foreseeable, such as the birth or adoption of a child, or planned medical treatment, the employee must provide reasonable prior notice, and make efforts to schedule leave so as not to disrupt City operations. In cases of illness, the employee will be required to report periodically on his or her FMLA leave status and intention to return to work. At the expiration of any FMLA leave due to the employee's own illness, the employee must present a written authorization form his/her doctor stating that the employee is ready to return to work.

Section 5: Procedures.

A Request for Family and Medical Leave of Absence Memo must be originated in duplicate by the employee. This memo should be completed with full details, signed by the employee and

then submitted to the City Manager or his/her designee for proper approvals. If possible, the memo should be submitted thirty (30) days in advance of the effective date of the FMLA leave.

All requests for FMLA leaves of absence due to illness will include the following information attached to a completed Request for Family and Medical Leave of 1) the date on which the serious health condition commenced; 2) the probable duration of the condition; and 3) the appropriate medical facts within the knowledge of the health care provider regarding the condition. In addition, for purposes of FMLA leave to care for a child, spouse, or parent, the certificate should give an estimate of the amount of time that the employee is needed to provide such care. For purposes of FMLA leave for an employee's illness, the certificate must state that the employee is unable to perform the certification for intermittent FMLA leave or FMLA leave on a reduced leave schedule for planned medical treatment, the dates on which such treatment is expected to be given and the duration of such treatment must be stated.

Section 6: Coordination with Maternity Leave.

The City provides employees a leave of absence for the period of temporary physical disability resulting from childbirth and related medical conditions. A maternity leave begins when an employee is medically determined to be disabled and ends when medically determined to be able to return to work and is paid in accordance with the provisions of the City's Short Term Disability Plan or applicable Collective Bargaining Agreement.

Maternity leave will be treated in the same manner as a type D FMLA leave of absence. The employee will have the option to exhaust accrued, sick leave, unused vacation, and/or personal leave before taking any unpaid leave. However, maternity leaves are not limited by any measure other than the period of medical disability.

An employee who uses less than the Available Leave Weeks for type D leave for maternity may take additional type A FMLA leave after the end of the disability period for a period not to exceed the Available Leave Weeks.

Section 7: Coordination with Other City Policies; Reference to.

In the event of any conflicts between this policy and other City policies, the provisions of this policy shall govern; however, if any proven of a collective bargaining agreement exceeds the benefit offered herein; the agreement shall control for those covered employees.
