- 4.1 The Board agrees that all employees shall have full freedom of association and self organization and shall be free from restraint, coercion, interference, discrimination or reprisals by the Board by reason of membership in the Association or participation in any of its legal activities or the exercise of their individual rights under RSA 273-A.

## Article V

### Teacher Evaluation

- 5.1 The parties recognize the importance and value of a procedure for assisting and evaluating the progress and success of both newly employed and experienced teachers for the purpose of improving instruction. The evaluation/supervision/coaching process will be used to foster positive outcomes and professional growth and to identify competency standards in need of improvement. Further, the parties recognize the desirability of building strong collegial relationships in the evaluation/supervision/coaching process. In that regard, every effort should be made to encourage frequent administrative observation. It is acknowledged that the more frequently this takes place, the more effective the evaluation/supervision/coaching process will be.
- 5.1.A Teachers will receive feedback annually from a School District administrator through a series of mini-observations. Mini-observations are short (at least 10 minutes), frequent, and unannounced (randomized so as to get a representative sense of all the teacher's classroom work.) They are followed by face-to-face debrief chats and a brief summary sent electronically to the teacher. Observations of teacher performance throughout the year may include the many different contexts in which a teacher works, e.g., team meetings, professional development, parent contact, and other contributions to the school community, all of which factor into the District approved rubric. Rubrics should be used at most three times a year – beginning-of-the-year self-assessment and goal-setting, mid-year check-in (formative only), and end-of-the-year summative, with teacher input in the last two. Any written feedback used in a summative rubric document must be finalized following a post mini-observation meeting/conversation.

Administrators are frequently in classrooms during any given school day; therefore, teachers should know when a classroom visit is a mini-observation. Immediately following a mini-observation, on the day that the mini-observation takes place, the teacher will be notified by email or a follow-up conversation that the visit was a mini-observation. Post mini-observation conversation/communications between administrator and teacher will take place within 5 school days of the observation.

Non-Tenured/Probationary Teachers: School District administration will conduct a minimum of four (4) mini-observations by December 1<sup>st</sup>. The administrator and teacher will complete and review the District rubric by December 15<sup>th</sup>. Feedback and recommendations will be given during the December review, which will be documented with the rubric. District administrator will conduct an additional four (4) mini-observations and complete the District rubric by March 31<sup>st</sup>. Notification of renewal/non-renewal will be by April 15<sup>th</sup>.

Continuing Contract Teachers in Years 1 and 2 of Certification Cycle: School District administration will conduct a minimum of eight (8) mini-observations over the course of the school year. Three (3) mini-observations by January 1<sup>st</sup>. Teachers will complete a self-assessment using the District rubric and meet with administration by January 31<sup>st</sup>.

Continuing Contract Teachers in Year 3 of Certification Cycle: In addition to the observation steps followed in years 1 and 2 of the certification cycle, District administrators will complete a summative evaluation by June 1<sup>st</sup> using the District approved rubric. The teacher and administrator will meet for feedback and a summative conference.

In the case of a tenured/continuing contract teacher not meeting District competency

standards, the teacher will develop plan by January 31<sup>st</sup> based on the competency standards identified as deficient using the District approved rubric. The plan will be established **in collaboration with** the teacher and administrator. These goals must be in written form, signed by the teacher and the administrator, and have been reviewed by the teacher in a time frame which allows adequate time for a teacher to address said goals.

Teachers shall have the opportunity to review all mini-observation documentation, mid-year and end-of-the-year rubrics. Such review shall be indicated by the teacher's signature on said document (signature by a teacher may not necessarily indicate agreement.) A teacher who is dissatisfied with the substance of an observation or summary document must meet with her/her administrator in an effort to resolve this disagreement. Should the teacher remain dissatisfied, then the teacher is free to use the grievance procedure outlined in the master agreement in order to address issues relating to the substance of goals, observations or evaluations.

- 5.2 The observation of the work performance of a teacher will be conducted openly.
- 5.3 A teacher shall be given a copy of any evaluation document prepared by his/her evaluators. If the teacher is dissatisfied/disagrees with this evaluation document, he/she may request an additional conference. Thereafter, the teacher shall sign the document. Such signature shall indicate only that the document has been read by the teacher and in no way indicates agreement with the contents thereof. In the event that the teacher feels the evaluation was incomplete or unjust, he/she may request a second observation by another Moultonborough School District administrator. Any objections the teacher may have about the evaluation process shall be put into writing and attached to all copies of the evaluation
- 5.4 Complaints regarding a teacher made to any member of the administration by any parent, student, or other person, which may be used to evaluate a teacher shall be promptly investigated by the building principal or the assistant principal as his designee. The teacher shall be given the opportunity to meet with the person(s) making the complaint and hear the complaint in the presence of the building principal or assistant principal in an effort to resolve the complaint at its lowest possible level. Should the complaining party choose to pursue the complaint to the Superintendent's level, the teacher shall acknowledge that he/she has had the opportunity to review such complaint by affixing his/her signature to a copy to be reviewed by the Superintendent. Such signature will in no way indicate agreement with the contents thereof. The teacher shall be guaranteed the right of representation by a representative of the Association at any meeting involving the complaint. The Superintendent shall make a judgment as to whether or not a complaint has sufficient substance to justify its placement in a teacher's personnel file except that teachers may appeal this decision to the School Board.
- 5.5 The parties recognize and agree that, subject to the provision of this Article, teacher evaluation is a supervisory function. Each year the administration will provide teachers with a copy of school board regulations outlining the evaluation/supervision process.
- 5.6 Teachers shall have the right to make and affix appropriate responses to any material contained in their personnel file and such response shall be made a part of said teacher's file.
- 5.7 Upon written request to the Superintendent, each teacher shall have the right to review, within 5 school days of the Superintendent's receipt of the written notice, his/her

personnel file in the presence of the superintendent's designee. Teachers are entitled to have a representative of the MSSA accompany them during such a review. Upon request by the teacher, the superintendent's office shall provide one (1) free copy of any requested item. Upon inspection of his or her personnel file, if a teacher disagrees with any information contained in the file, he or she can request that information be removed from the file. If the superintendent and the teacher cannot agree to the removal or correction of information, the superintendent must provide within 10 school days in writing, his or her decision in regards to the teacher's request to remove or correct information.

A teacher dissatisfied with the Superintendent's decision may appeal to the School Board within 10 school days of receiving the Superintendent's decision. The School Board will make a determination within 45 school days of receiving the appeal. If the School Board does not support the removal or correction of the information, the teacher may submit a written statement explaining his or her version of the information with any supporting evidence. This will be kept in the personnel file and be included in any transmittal of the file to a third party.

- 5.8 No tenured/continuing contract teacher shall be suspended, reprimanded, reduced in rank or compensation, or subjected to any adverse personnel action without just cause. No tenured/continuing contract teacher shall receive an evaluation which results in reprimand, suspension, reduction in rank or compensation without just cause. Bargaining unit members shall be guaranteed due process and shall have the right to have Association representation at all stages of the actions described above.

In case of renewal with reservation for a tenured/continuing contract teacher because of unsatisfactory performance, the teacher will receive a written notice from the Superintendent of Schools by March 20 stating the teacher will be non-renewed following the next year's contract if satisfactory improvement is not noted on previous deficiencies. The teacher will receive confirmation of non-renewal in writing by the Superintendent by April 1 of the teacher's final year of employment with MSD.

Notwithstanding any other provision of this agreement, the only procedure to be followed in the non-renewal and/or discharge of a teacher certified to be represented by the Association shall be limited to the provisions of RSA 189:13, RSA 189:14-a, and/or any other RSAs pertaining to the non-renewal or discharge of a teacher.

## Article VI

### Reduction in Force

When the Moultonborough School Board finds it necessary to reduce the number of certified full-time and/or part-time positions for reasons of declining enrollments, budget reduction, change in or consolidation of board-authorized programs, or for any other reason determined necessary or desirable by the School Board, the following reduction in force policy will be implemented.

#### 6.1 Notice:

- a. Any considerations by the school board for reduction in force shall be discussed by the Superintendent and the President of the Teacher's Association and then the teachers in the specific areas in which a position is being considered for elimination 10 school days prior to the first public budget meeting.

The board will determine which areas to reduce and by how much. Areas are defined as:

- a. Classroom Teachers Grades PK-6
  - b. Classroom Teachers Grades 7-12
  - c. Unified Arts Teachers PK-12 (art, music, media specialist, physical education, health, family consumer science, technical, technology, and other designated unified arts teachers)
  - d. Specialist Teachers Grades PK-12 (guidance counselor, nurse, speech & language therapist, occupational therapist, and content specialists)
  - e. Special Education Teachers Grades PK-12
- b. The decision to implement the reduction in force shall be made at the sole discretion of the School Board.

#### 6.2 Procedures for Determining Reduction in Force:

- a. The School Board will make every reasonable effort to minimize the effects of reduction in force on the current staff by absorbing as many positions as possible through attrition.
- b. If further reductions in staff are necessary, the School Board should retain those teachers who will be the best teachers for the school system and the students it serves. In determining the reduction of staff members, the School Board will consider the following guidelines:
  1. Within each certification category required by the District, non-continuing contract staff members will be the first to be reduced. These staff members will be reduced based on the following factors: certification, academic preparation, professional growth, job performance, experience in certified area and/or job classification and ability.
  2. If after terminating all non-continuing contract staff it remains necessary to terminate continuing contract staff, the school board shall consider the following factors: certification, academic preparation, professional growth, job performance, experience in certified area and/or job classification and ability. When the above factors are relatively equal in regards to the specific position, the least senior employee shall be subject to RIF. Seniority is defined as the total

number of years continuously employed in this school district.

- c. Non-continuing contract teachers shall have no recall rights if terminated due to reduction in force. A continuing contract teacher whose position has been identified to be eliminated, shall have the right to be offered a contract for the following school year for a position for which the teacher is qualified, provided that a position becomes vacant anytime during the following two succeeding contractual years (e.g. a teacher who is released June 30 of one school year, shall have recall rights throughout the 2 succeeding school years.) There will be no other obligation on the part of the School Board to offer a position to a teacher who has been reduced in force.
- d. Any transfer, assignments, or reassignments resulting from or involved with a reduction in force will be made by the Superintendent, after concurrence with the School Board. The Superintendent will then consult with the President of the Teacher's Association, and then all affected teachers. A good faith effort will be made to accommodate reasonable requests these parties may have about the changes in assignments.
- e. This reduction in force procedure is the only procedure that may be used in a reduction in force. No other personnel action, other than a reduction in force, may be considered under this policy.
- f. If needed, the district shall pay the employer contribution up to three months beyond the contract of the employee's current health insurance for any member who is released from employment at no fault of his/her own.

## Article VII

### Teacher Employment

- 7.1 For the purpose of this Agreement, the period of service shall not exceed one hundred eighty-five days (185). Teaching days shall not exceed 180 days.

Not more than three of the in-service days will be held prior to the first day of school for students. No more than one in-service day will be held the day following the last day of school for students. During two in-service days held prior to the first day of school, meetings scheduled by administration will consume no more than 6 hours of the total time for the two days. Additional meeting time may be required of individuals who receive a stipend for additional responsibilities (i.e. department chairs, coaches). Use of in-service days will be determined by the Board with input from MSSA.

- 7.2 The Association agrees to submit to the Board for its consideration suggestions for the school calendar on or before January fifteenth (15) of the preceding year. The Board shall consider the suggestions of the Association when establishing the school calendar. Once the Board has passed a school calendar at a public meeting, any later changes shall be made only after seeking consultation with the Association. It is understood that the Board, at its sole discretion, shall determine the School District calendar.

- 7.3 Teachers will be in their learning areas for their first teaching responsibility prior to students' entering their learning areas.

Teachers are expected to be in the building and available 15 minutes before and 15 minutes after the school day. The school day is defined as 7 hours. Part-time teachers are to work with their building administrator to schedule their time, which will be consecutive blocks to coincide with the hours that students are available for instruction.

Teachers are expected to carry out their professional duties, which shall include but not be limited to, assigned duties, faculty meetings, conferences with parents or students, extra help to students, and open house. Additional conferences with administrators or any other requests shall be mutually agreed upon. There will be no more than two faculty meetings per month, each no longer than one hour in duration. In extraordinary circumstances, the administration reserves the right to convene a meeting.

- 7.4 At Moultonborough Central School, the administration will provide teachers with a 30 minute duty free lunch daily. No teacher will be assigned lunch or recess duties. Each teacher may be assigned two duties per week before or after lunch/recess. Teachers may request lunch or recess duties in lieu of other assigned duties.

- 7.5 An amount of \$1600 shall be provided by the school district for graduate courses, professional workshops, approved technology, and professional development activities. Up to \$3100 will be provided if used solely for graduate courses. All professional development activities must be approved by the Superintendent. Reimbursement for professional development activities shall be provided upon submission of receipts documenting the expenditure. Amounts will be prorated accordingly for teachers working less than full-time or less than a full year.

Five Hundred dollars (\$500) of the \$1600 may be approved for the purchase of technology that is not provided to the teacher by the district and is used to improve

student performance, enhance instructional practice, and/or supports a teacher's learning plan. All technology requests will be approved by the building administrator, the Director of Technology, and the superintendent. Any specific type of technology purchase may not be made more often than every three years. Any money towards approved technology will be deducted from the \$1600 or the \$3100.

Staff who wish to carry over remaining professional development funds to the new fiscal year must make that request in writing by June 1<sup>st</sup>. Requests for reimbursement of the remaining funds must be submitted for reimbursement no later than September 30<sup>th</sup> of that new fiscal year.

- 7.6 The Association agrees to submit to the Administration for its consideration, suggestions for in-service programs on or before April fifteenth (15) of the preceding year. The Administration and Board shall consider the suggestions of the Association, but the Board shall have the right to establish the in-service program and to make appropriate changes at any time, and such action by the Board shall not be subject to the grievance procedures under this agreement.
- 7.7 Full-time teachers will be provided with a minimum of five (5) planning periods or a total of 225 minutes of planning time per week.
- a. At the Central School, a minimum of 225 minutes of planning time will be based on contiguous blocks of time of at least 30 minutes duration. Each teacher will have at least one planning period per day.
  - b. At the Academy, full-time teachers will be given six assignments (one instructional assignment is equal to one 45 minute period).

Teachers with instructional teaching assignments that are comprised of eighty five or more students, per semester, will have no more than four preparations and five instructional responsibilities plus one study hall or one learning lab.

A teacher supervising a learning lab will assist students asking for help on class work and/or assignments and work with students seeking assistance to better understand course competencies. He/she will not be required to develop curriculum, prepare lesson plans, assign grades or provide direct instruction to students participating in the learning lab.

Teachers with instructional teaching assignments that are comprised of sixty to eighty-four students, per semester, will have no more than four preparations and six instructional responsibilities.

Teachers with teaching assignments that are comprised of less than sixty students, per semester, may be required to assume up to five preparations and six instructional responsibilities.

- 7.8 Notices of vacancies, both full and part-time, including Administrative and extra-curricular, will be posted on the official bulletin in each school building and sent to the Association as soon as the vacancy is established by the Board. Such notices shall contain the date of posting, a description of the position, name and location to whom the application is to be returned and date by which the application is to be returned. When a part-time teaching position within the District is being expanded to full-time, said position shall be posted as a vacancy in the same manner and with the same information. Upon mutual agreement between the Moultonborough School Board and the Moultonborough

School Staff Association, this provision may be waived.

Teachers who desire a change in grade and/or subject assignment or who desire to transfer to another building may file a written statement of such desire with the Superintendent not later than requested date for contract returns. Such statement shall include the grade and/or subject to which the teacher desires to be assigned and the school or schools to which he/she desires to be transferred, in order of preference.

Teachers who are being considered for reassignment shall be consulted prior to a recommendation for reassignment being made to the Board. Teachers being asked to teach a class with a new prep will be notified no later than 60 days prior to the beginning of that class.

## Article VIII

### Leaves of Absence

8.0 All provisions of the Family Medical Leave Act contrary to provisions under Article VIII will supersede Article VIII where the Family Medical Leave Act provisions are more favorable to the employee.

8.1 Sick Leave:

- a. Sick leave shall be confined to the personal illness or medical or dental care of a teacher, dependents and immediate family members as described in 8.2, excluding work connected disability covered by N.H. Worker's Compensation laws.
- b. Teachers will begin each contract year with a credit of fifteen (15) sick leave days in addition to the accumulated sick leave days at their applicable salary rate. Teachers shall be entitled to accumulation of sick leave up to a maximum of one hundred twenty (120) days to carry over to the next contract year. There may be times when a teacher begins the school year with 135 sick days, 120 accumulated, plus 15 credited to start the school year
- c. A doctor's certificate may be required.
- d. Teachers shall be given a written accounting of their accumulated sick leave by September 10 of each school year.

The School District, in cooperation with teachers wishing to do so, agrees to create annually a bank to provide additional sick leave benefits to participating teachers who require sick leave beyond the amount of their accrued sick days. Each teacher who contributes one or two of their sick days to the sick leave bank annually will be a participating member for that school year. The School District will distribute at the beginning of each school year a form which must be returned to the SAU Office no later than September 15 in order for a given teacher to participate in the sick leave bank for that school year.

At the beginning of each school year, the District will temporarily contribute 30 days to the sick leave bank. As of September 16th annually, the total number of days available in the sick leave bank for a given school year will be equal to the cumulative number of days contributed by all teachers participating in the current contract year. The 30 days temporarily contributed by the District will be removed from the sick leave bank on September 16.

The total number of days in the annual sick leave bank will revert to zero on June 30 of each year. If none of the total contributed days in a given school year are used as benefit days, then each participating teacher who ended the contract year with fewer than 30 total sick days will be credited with the one or two sick days he/she contributed at the beginning of the contract year.

Eligibility:

1. Only teachers who have contributed to the bank in the current contract year shall be eligible for benefit.

2. Teacher on leave necessitated by childbearing disability shall not be eligible for benefit from this bank except that special requests for eligibility may be considered by the Executive Committee when childbirth results in circumstances which extend the term of disability beyond the usual and customary period.
3. The use of the bank by any contributing member must be approved by the Executive Committee.
4. The main criterion for approval of benefit will be the need for sick leave beyond a teacher's accrued sick leave for reasons of major or catastrophic health problems.
5. No benefit will be provided beyond June 30 of the school year in which the sick leave occurred.

Application for Benefit:

A teacher who has contributed to the bank may apply for the benefit by making such a request in writing to the Superintendent of Schools. The Superintendent will convene a meeting of the Executive Committee, made up of two teachers who are bank members and two School Board Members. The Superintendent shall be a non-voting member. A decision will be rendered within 30 days of the Superintendent receiving such request.

- 8.2 Illness or Death in the Immediate Family: A maximum of five (5) days with pay per year of the fifteen (15) annual sick leave may be used for absence due to illness or death in the immediate family. Immediate family, as used in this section and all other sections of this Agreement, shall mean mother, father, sister, brother, grandparent, grandchild, legal guardian, spouse, children and legal wards of the employee and the same relatives of the employee's spouse. Exception and/or extension with or without pay shall be at the discretion of the Board, and such action by the Board shall not be subject to the grievance procedures of this Agreement.
- 8.3 Personal Leave: A maximum of three (3) personal days per year with pay (non-cumulative) may be used to conduct important affairs, which cannot be accomplished at any other time. Leave under this section shall require permission from the Superintendent or his/her designee. To be eligible for personal leave under this section, written requests shall (except in an emergency) be presented to the Superintendent or his designee at least twenty-four (24) hours prior to any such leave. These days may be taken without disclosure of reason as long as all other criteria are complied with. Undisclosed personal days may not be taken the day before or the day after a federal, state or other school holiday period. It is expressly understood by all parties that personal leave days are not vacation days and should be used by an employee only as a last resort. No more than three (3) teachers shall be granted an undisclosed personal day on any one day. Said requests will be considered on a first come, first served basis.
- 8.4 Professional Leave: Absence with pay may be allowed for professional leave approved in advance by the Superintendent. All requests for such absence will be made in writing, when possible, at least one (1) week in advance to the Principal, and if recommended, will be submitted to the Superintendent for approval. The administration will grant each teaching staff member a minimum of three professional development days annually upon request. Administration also has the authority to grant additional professional development days if so requested by a member of the teaching staff. Furthermore, administration may request members of the teaching staff

to participate in specific professional development opportunities (i.e. conferences, workshops, etc.). In such cases, administrative professional days will be granted, and will not be credited against the teacher's minimum number of three professional days annually.

8.5 Military Leave:

- a. Military leave of absence shall be granted by the Board in accordance with state and federal statutes.
- b. An employee called to serve not more than fourteen (14) days annual training tour of duty with the National Guard or Armed Forces Reserves when school is in session will be paid the difference between his pay for such government service and the amount of earnings lost by him for reason of such service based on the employee's regular daily rate.

8.6 Jury Duty: An employee called as a juror will be paid the difference between the fee he receives for such service and the amount of earnings lost by him for reason of such service, based on the employee's regular daily rate. Satisfactory evidence (court issued pay stub) must be submitted to the Superintendent.

8.7 Worker's Compensation: An employee who is absent due to a work-connected illness or accident (Worker's Compensation) shall receive his/her net difference between Worker's Compensation payments and his/her full pay at his/her applicable salary rate, and such payment by the Board shall continue until any such employee has used all of his/her accumulated sick leave. Thereafter, he/she shall continue to receive only those monies paid to him/her under the provisions of the Worker's Compensation Laws of the State of New Hampshire. Amounts paid by the Board under the provision of this section shall be subject to usual and customary payroll deductions (taxes, etc.). In no event shall any teacher receive monies in excess of the regular net earnings to which he/she was entitled prior to any such Worker's Compensation claim.

8.8 Sabbatical Leave: Upon recommendation by the Superintendent of Schools, sabbatical leave may be granted to members of the teaching staff by the Board, subject to the following conditions:

- a. The teacher has completed at least seven (7) consecutive full years of service to the Moultonborough School District.
- b. All sabbatical leaves shall be for a full school year, (i.e. August 1 through July 31) and the teachers will be paid by the Board at fifty percent (50%) of the salary rate which they would have received if they had remained on active duty. Teachers will be given credit toward salary increments while on sabbatical leave.
- c. The teacher must be enrolled for full-time study in the United States at any regionally accredited graduate school, or at a foreign school approved by the Superintendent. All courses of study shall be related to the teacher's assignment.
- d. Requests for sabbatical leave on a basis other than the criteria established above may be given consideration, and nothing contained herein shall prohibit the Board from granting such leaves.
- e. Requests for sabbatical leave must be received by the Superintendent of Schools in writing, in such form as may be required by the Superintendent, no later than November 15 of the year preceding the school year for which the sabbatical leave is requested.

The Superintendent shall inform each applicant in writing of the action to be recommended on the request for sabbatical leave no later than January 15 of the school year preceding the school year for which the sabbatical is requested. The Board shall notify the teacher by April 15 of its intent relative to the request for sabbatical leave.

- f. Each teacher must agree to return to service in the Moultonborough public schools immediately upon termination of sabbatical leave and to continue in such service for a period of at least two (2) years, unless medical disability makes this impossible, or there is mutual agreement between the Board and the teacher to the contrary. A signed statement in the format of a promissory note shall stipulate that failure of the teacher to provide such service shall result in the obligation to reimburse the Moultonborough School District for a proportional part of the salary to that teacher during sabbatical leave, determined by the fraction of the two years not served following the leave.
- g. A complete and detailed outline of work and/or study to be performed during the time of leave shall be provided in the request for leave.
- h. Approval of leave shall specify the work and/or study to be performed, and failure to abide by the terms and conditions of such approval shall automatically result in pro rata adjustment or cancellation of salary, or reimbursement to the Board of all or part of salary paid to date.
- i. A teacher shall not accrue sick leave during the year of sabbatical, but shall retain all accumulated sick leave earned at the completion of the school year prior to the sabbatical leave.
- j. A report or summary of the sabbatical leave shall be submitted to the Superintendent of Schools and the Board upon the completion of the leave. Periodic progress reports of the sabbatical leave, as requested by the Board and/or the Superintendent, shall be furnished by the individual during the leave period.
- k. No more than one (1) teacher may be granted a sabbatical leave for a given school year, and a teacher shall be eligible for only one (1) sabbatical leave from the District.
- l. Upon returning from sabbatical leave, the teacher will be assigned to a position for which he/she is qualified.
- m. A teacher on sabbatical leave shall be eligible to participate in group insurance programs provided to teachers under Article XI of the Agreement. The right to continue participation in such group insurance programs will terminate if the teacher does not return to employment pursuant to this section 8.8 or if the carrier does not allow such coverage.
- n. Granting of sabbatical leave shall be at the discretion of the Board and such action by the Board shall not be subject to the grievance procedures of this Agreement.

8.9 Other Leaves: Leaves for any and all other reason(s) paid or not paid, shall be granted at the discretion of the Board, and such action by the Board shall not be subject to the grievance procedures of this Agreement.

- 8.10 Child Bearing/Rearing Leave: In regard to matters related to leaves of absence for the purposes of child bearing and child rearing, the following categories shall apply:
- a. Child Bearing Disability: This leave (actually sick time) shall apply to the period of time that a teacher is medically disabled due to the birth of a child. To secure a child bearing disability, a teacher who is pregnant must notify the Superintendent of Schools in writing ninety (90) days before they go on leave. Notification must specify the approximate date upon which the disability is expected to begin and delineate the type of leave(s) requested (i.e. child bearing and/or child rearing.) When medically possible, at least two (2) weeks prior to the commencement of the disability period, the teacher must provide the Superintendent with written notification from the teacher's physician stating that she is unable to work and specifying the expected period of this disability. The Superintendent may at his/her discretion request that a physician, named and paid for by the School District, conduct an examination of the teacher to provide a second opinion. If the second opinion is in conflict with the teacher's physician's opinion, the School District's physician shall prevail. During the period specified by the physician, paid sick leave will be granted for contract days missed, up to the amount of accrued sick time of the teacher. If a teacher's disability exceeds accrued sick time, unpaid leave will be granted until the disability period is over or eight (8) weeks after the birth of the child, whichever comes first. Beyond this time, a teacher may either resign or make a written request of the Board for an extension of leave. Extension of sick leave is at the sole discretion of the School Board.
  - b. Child Rearing Leave: This leave shall apply to an unpaid period of time requested by a teacher for the purpose of rearing a newly arrived child. During this period of time, a teacher need not be medically disabled. Child rearing leave is available only after the arrival of a child and may be requested to commence beginning the first day after a teacher's disability period ends, or immediately after the arrival of an adopted child. All child rearing leave is unpaid.

Child rearing leave is available only to teachers who have taught in Moultonborough at least three (3) full consecutive years. To secure a child rearing leave, a teacher who is anticipating the arrival of a child must provide written notification to the Superintendent within ninety (90) days of the determination of pregnancy.

Requests for leaves will not be accepted in any other time period. In the case of adoption, the Superintendent must be notified in writing within seven (7) days of the notification of the adopting parents that a child is to be received. Said notification must include the approximate time period of the child rearing leave.

If the child rearing leave begins prior to January 1 of a given school year, then said leave will extend to the end of that school year and will not extend into the next academic school year. If the child rearing leave begins after January 1 of a given school year, then the leave shall be for the remainder of the school year and may continue for the entirety of the next school year. The decision as to whether or not the leave will continue for the entirety of the next school year must be made by the teacher at the time the child rearing leave is requested.

Any teacher requesting such a leave will be expected to return to a position for which he/she is qualified no later than the first contract day of the next school year after their leave ends. Earlier return shall be at the discretion of the Superintendent.

It is agreed by the parties if a teacher taking child rearing leave wishes, said teacher

may continue hospital and medical insurance coverage under the plan then covering other School District employee, if permitted by the insurance carrier. Said teacher must:

1. Provide the Superintendent with written notification of his/her intention to continue under said insurance plan and;
2. Agree to pay the full cost of such insurance coverage on a monthly basis beginning one month in advance.

Days absent on leave shall not be counted to determine if a teacher has taught "one or more" or "three or more" years as set forth in New Hampshire RSA 189:14a, and nothing in this section shall be construed to exclude or in any way limit the Board's or the Superintendent's right under RSA Chapter 189 or any other provision of the Revised Statutes Annotated.

- c. In the event a teacher elects to take childrearing leave after the birth of her child, and the birth of this child occurs during the first six weeks of school, then the School Board may elect to pay said teacher full salary and benefits for a period not to exceed eight (8) weeks during the childbearing period of said teacher. If the teacher agrees, said teacher would be assigned childrearing leave effective the first day of the contract year.

### Grievance Procedure

- 9.1 Definition: A grievance means an alleged violation, misinterpretation, or misapplication with respect to one or more teachers of any provision of this agreement. An “aggrieved teacher” is a person (or persons) who has suffered a loss as a result of the alleged violation, misinterpretation or misapplication. The term “Days” when used in this article shall mean school days and Monday through Friday, excluding holidays, during June, July and August.
- 9.2 Purpose: The parties acknowledge that it is desirable for an employee and his/her immediately involved supervisor to resolve problems through free and informal communications. Grievances which are not satisfactorily settled in an informal way shall be reduced to writing (see Appendix C Grievance Report Form) and referred to the following formal grievance procedure. A grievance to be considered under this procedure must be initiated in writing within 25 days as defined in Article 9.1 above of the date of its occurrence or from the time the teacher should have known of its occurrence. Failure to initiate a grievance within this time will make the grievance null and void.
- 9.3 Right of Representation: A teacher covered by this agreement shall, under this Article IX, have the right to have not more than two (2) representatives present at all levels of the grievance procedure, subject to his/her request for such representation.
- 9.4 Formal Procedure: The grievance shall state the specific alleged violation, misinterpretation, or misapplication with proper reference to the contract agreement and the relief sought. It shall also set forth names, dates, and other related facts which will provide a sound basis for a complete understanding of any such grievance.

*Level A*: Within five (5) days of receipt of a formal grievance, the building principal shall meet with the aggrieved teacher. Within five (5) days following any such meeting, the principal shall give his/her answer to the grievant in writing. If the grievance is not settled at this level, then it may be referred to Level B within five (5) days of the receipt of an answer given at this level.

*Level B*: Within five (5) days of a grievance being referred to this level, the Superintendent will meet with the participants of Level A and examine the facts of the grievance. The Superintendent shall give his answer to the grievant in writing within five (5) days of any such meeting. If the grievance is not settled at this level, then within ten (10) days from receipt of the answer rendered at this level, the grievance may be referred to Level C.

*Level C*: Within thirty (30) days of a grievance being referred to this level, the School Board will meet with the participants of Level A and examine the facts of the grievance. Any new factual evidence to be presented at Level C will be provided both parties of Level B within 10 days of appeal to Level C. Participants in Level C may include the Superintendent and representatives of the grievant.

The Board shall give its answer in writing within ten (10) days from the time of the above hearing.

*Level D:* If the grievance remains unsettled, then the matter may be referred by the Association to arbitration. If the Association determines the matter should be arbitrated, it shall in writing so advise the Board within five (5) days from the receipt of the answer at Level C. If the matter is referred to arbitration, the parties shall request the American Arbitration Association to submit a roster of at least five persons qualified to function as an arbitrator. If the parties are unable to determine a mutually satisfactory arbitrator from the submitted list, then the parties shall apply to the American Arbitration Association to name an arbitrator under the rules and procedures then obtaining the service. The arbitrator shall use his/her best efforts to arbitrate the grievance, but he/she shall have no power or authority to do other than interpret and apply the provisions of this agreement and he/she shall have no power to add to or subtract from, alter, or modify any of the said provisions. The arbitrator shall thereafter submit a decision to both parties. The arbitrator's decisions shall not be binding on either party, but shall be advisory only. The parties agree to share equally in the compensation and expenses of the arbitrator.

- 9.5 Grievance(s) of a general nature, or involving the Superintendent, may be submitted by the Association to Level B. The Principal will be notified of this action.
- 9.6 Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall allow the aggrieved person to proceed to the next level. Failure at any level of the procedure to appeal a grievance to the next level within the specified time limits shall be deemed to be acceptance of the decision rendered at this level.
- 9.7 The parties agree that employees covered by this agreement shall enjoy freedom from restraint, interference, coercion, discrimination or reprisal in presenting or appealing any personal grievance(s).
- 9.8 Grievances shall not be made a part of a teacher's personnel file or used in making employment references.

One factor is equivalent to one weekly student meeting for one quarter or one monthly student meeting for the full year. A teacher may apply to the building principal to conduct an extra-curricular activity. For each proposed activity, the application form will specify the number of meetings per week, the anticipated number of student participants, and the number of quarters the activity will meet. The principal will determine whether or not a proposed activity is approved, and if so, the number of factors to be assigned the proposed activity. The stipend for one factor will be \$200. The School Board will determine annually the total funds available to support the District's extra-curricular activities. Extra-curricular activity contracts will be issued for all approved activities at both MCS and MA.

The number of factors for each of the following activities has been determined by using the same factor definition as above:

Upon mutual agreement between the School District and teachers, a teacher may agree to work additional contract days (beyond 185).

Summer Curriculum Days: The rate of pay for each additional summer curriculum day will be 185th of the track the teacher is on, up to a maximum of Step 5. [i.e. a teacher on Track 3 (Masters), Step 3 would be paid at a rate of 185th of the Step 3 for Track 3; a teacher on Track 3 (Masters), Step 7 would be paid at a rate of 185<sup>th</sup> of the Step 5 Salary for Track 3]. The daily rate of pay for summer curriculum days will be based on the preceding school year's salary schedule. These are non-instructional days during the summer on which teachers are not instructing students. The length of a summer curriculum day is 8 hours.

Summer Instructional Days: The rate of each additional summer instructional day will be 185<sup>th</sup> of the track and step the teacher is on based on the preceding school year's salary schedule. These are instructional days during the summer on which teachers are providing direct instruction to students.

- 10.4 All courses credited to salary track advancement must receive prior approval by the Superintendent of Schools. Said course must be graduate level courses from approved colleges and universities that are reasonably related to the teacher's job role in the School District. In exceptional circumstances, undergraduate level courses may be approved by the Superintendent for salary track advancement. Teachers who complete all requirements to advance from one educational level to the next educational level on or before August 31st shall receive compensation in accordance with the provisions in 10.1 set forth in this Article, provided they notify the Superintendent in writing no later than November 1st of the prior school year that they anticipate advancing from one educational level to the next and, upon completion of all requirements, they notify the Superintendent in writing not later than September 15 of any contractual year that they have complete all requirements to advance to the next educational level.

- 10.5 To provide for unusual circumstances, the Association may petition the Superintendent to ask the School Board to place individual teachers in a higher salary track on the salary schedule. Such placement shall be predicated on substantial educational experiences other than graduate study. The School Board may initiate and implement the placement of individuals on a higher salary track or step, provided that such action has been discussed with the Association and agreement has been reached. Such placement will be at the discretion of the School Board.

10.6 Retirement:

- a. Retirement Stipend: In recognition of service to the Moultonborough School District, a teacher retiring from the Moultonborough School District, who will be receiving benefits from New Hampshire Retirement System immediately after retiring, will receive a stipend in addition to their last year's salary equal to \$450 per year of experience in the Moultonborough School District beginning with the 1980-1981 school year.

In order to be eligible for this stipend, by November 1 of the year at the end of which they intend to retire, a teacher must submit in writing to the School Board a letter stating that he/she will retire at the end of the school year. The retirement stipend will be paid in accordance with section (d) of this article.

OR
  - 2. Toward the cost of post retirement health and or dental insurance premiums as selected by the teacher until the funds are exhausted or until the teacher reaches age 65. At age 65, the District would no longer provide this as a benefit option. Any balance of funds remaining at age 65 will be paid directly to the teacher as a stipend.
- d. For the 2016-17, 2017-18, and 2018-19 school years, a teacher with twenty (20) or more years of service in the Moultonborough School District, upon retirement from employment with the School District, shall be eligible for 100% district-paid health insurance at the level of a single Lumenos plan for two years, or until age 65, whichever comes first. Any difference in cost between the single Lumenos plan and the retiree's desired plan will be the responsibility of the retiree. At the end of the year, the retiree may continue coverage at their expense

Disbursements for these claims will be made once each month and will be paid to the teacher who will be responsible for paying the service provider.
- 11.6 To the degree it is allowable under Internal Revenue Code (IRC) §125, teachers will be allowed to annually designate up to \$5,000 of their salary to be deducted for the purpose of paying out of pocket dependent care expenses and \$2,500 of their salary to be deducted for the purpose of paying out of pocket medical expenses. By IRC §125 , for a married couple who file separately, each such person's dependent care contribution may not exceed \$2,500; and for a married couple filing a joint return as well as for single individuals, the dependent care contribution may not exceed \$5,000. - 11.7 A Two Thousand Dollar (\$2,000) allowance will be allotted to eligible teachers who do not choose to enroll in the School District's health insurance plan paid in two equal installments (November and April). A teacher desiring to enroll in the District's health insurance plan during this twelve-month period, may do so only if there is a qualifying event (as referenced in the Moultonborough School District's Integrated Flexible Benefits Plan Adoption Agreement). The District will determine the distribution of the \$10,000 benefit by dividing \$10,000 by the total amount declared by all teachers. The quotient will be the amount of distribution each teacher receives per dollar of annuity reduced from their salary.

- 11.9 The School District will provide each teacher employed by the District under the provisions of this master agreement with a \$20,000 term Life, Accidental Death and Dismemberment Insurance Policy.
