B. Whenever the City hires employees, as a condition of continued employment, they shall become, sixty (60) calendar days after their employment, members of the Union, except those employees excluded in paragraph A above.

C. The City agrees that it will not discriminate against, intimidate, or coerce any employee in the exercise of his rights to bargain collectively through the Union on account of membership in or activities on behalf of the Union. The City agrees that it will deal with the Union for the purposes of bargaining with respect to wages, hours of duty and working conditions of members of the Bargaining Unit.

D. Should there be a dispute between an employee and the Union over the matter of an employee's Union membership, the Union agrees to hold the City harmless in any such dispute.

ARTICLE 3 - NON-DISCRIMINATION

It is also agreed that factors such as sex, race, color, national origin, religion, lawful political or employee's organization affiliation, age, marital status or non-disqualifying disability are not considerations in evaluating the qualifications of an employee or prospective employee.

ARTICLE 4 - MANAGEMENT RIGHTS

Except as otherwise expressly and specifically provided in this agreement, the Union recognizes that the direction of the Division's operations; the determination of the methods and means by which such operations are to be conducted; the supervision, management and control of the Division's work force; the right to hire, promote, transfer, and layoff employees; the right, lawfully and for just cause, to demote, discipline, suspend or discharge employees; the right to determine the hours and schedules of work and the work tasks and standards of performance for employees, and all other rights and responsibilities not specifically provided in this agreement, shall remain the function of Management and the Board of Public Works, all in accordance RSA Ch. 273-A. C. In no case will the City collect fines or assessments for the Union other than dues as provided under A, above.

A. The first sixty (60) calendar days of regular full-time employment on an uninterrupted basis except by reason of lay-off or approved leave of absence is established as a probationary period.

C. During a period during the winter months, certain Park Department employees will normally be scheduled to work a shift starting at 10:45 p.m. and will work eight (8) consecutive hours until 6:45 am. Shift differential pay of forty (40) cents per hour will be paid for time worked on this shift. The shift will be staffed, first, by employees desiring this shift; if the staffing is not adequate, this shift will be filled by employees in order of reverse seniority within the Department regardless of classification. Leave time taken by those employees during the period when their schedule commences at 10:45 p.m. will be paid at the premium rate. Overtime worked by those employees during the period when their schedule commences at 10:45 p.m. will be paid in accordance with Article 9, paragraph (B). This shift will be devoted to winter maintenance of skating rinks, snow removal work and other work as assigned.

D. After a bargaining unit employee has been assigned and has worked in a classification in a higher pay level than the employee's regular classification, for an accumulated period of one hundred twenty (120) hours within a twenty-four month period, the employee shall be entitled to the pay rate of the higher paid classification while working in such classification if the employee is assigned to and works in the higher paid classification for a minimum of eight (8) hours in any one (1) calendar day.

A. The workweek shall consist of seven (7) consecutive twenty-four (24) hour periods with 12:01 AM Sunday being the end of the *workweek*.

B. The normal work schedule shall consist of five (5) consecutive eight (8) hour workdays.

The City will schedule regular working hours and regular workweeks to suit specific jobs in continuous operations.

G. Assignments as collection equipment operators/rubbish collectors will first be made from those who desire the position.

I. Rubbish collection will be scheduled in accordance with Appendix B.

ARTICLE 9 - OVERTIME

A. Time and one half the employee's regular hourly pay shall be paid for work assigned and performed in excess of eight (8) hours in a workday, or in excess of forty (40) hours in a workweek.

B. Paid sick leave, paid holidays, personal days, military active duty for training, jury duty, bereavement leave, or other excusable reasons of similar urgency as determined by the Superintendent with the approval of the City, shall be considered as time worked for the purpose of computing overtime pay.

C. When Park Department employees go on permanent night shift assignment, all overtime for these employees in the Park Department will be based on the premium rate of pay (base pay plus shift differential) for all overtime work performed.

D. Any person who left his/her place of employment and is recalled to work prior to the next regular shift will be paid for a minimum of three (3) hours at the rate of time and one half; provided, further, that an employee who is called back for overtime or emergency work and completes the required task and returns to his/her residence within the three (3) hour minimum guarantee may be called back for overtime or additional emergency work without an additional three (3) hour minimum work guarantee. In order to receive the (3) hour minimum, the employee must report for work within (60) sixty minutes from the time called; otherwise the employee shall only be paid for actual time worked.

It is the purpose and intent of this section to assure an employee of at least three (3) hours of pay at overtime rate for the inconvenience of being called back to work between normal shifts, but not to be separately paid for several call-backs within the three (3) hour minimum guarantee period.

E. Any employee who is called back for one (1) hour or less prior to the start of his/her normal shift shall receive such time at the overtime rate, but is excluded from the three (3) hour minimum guarantee outlined in paragraph D, above.

F. The workday or the workweek will not be interrupted to avoid the payment of overtime.

G. For the purpose of distribution of overtime on a rotating basis as discussed in paragraphs H through K below, all classifications and work locations which have overtime as part of the regular schedule shall not have such overtime considered as overtime opportunities.

H. Overtime work which is scheduled in advance or which requires employees to be called in for unscheduled work shall be offered first on a rotating basis among all qualified employees by classification in the department of the division which normally performs the work,

11/8/01 M1 -

except as modified in paragraph I, below. If the overtime situation requires additional employees, then such overtime shall be offered to any qualified employee in the department, then to any qualified employee in the division, and then assigned to any qualified employee in the order of reverse seniority within the department.

I. Placement for the overtime rotation will be by classification seniority. Once the rotation is established, the senior employee will be offered the next overtime opportunity. Subsequent overtime opportunities will be offered to employees in order of seniority. Whether the overtime opportunity is accepted or rejected, the individual will be placed last in the rotation.

J. Any employee who accepts overtime but does not appear for said work without adequate justification shall be subject to disciplinary action.

K. Except in emergency situations, an employee who is on vacation, sick leave, military training or bereavement leave shall not be called for overtime work until the employee returns to his/her regular shift. An employee using vacation and/or sick time during a rest period under Appendix E shall maintain their eligibility for overtime.

L. No temporary or probationary employee shall be assigned overtime work until all qualified regular employees shall have had the opportunity to accept the assignment.

M. Any employee, if physically able, shall be required to work in an emergency, if needed.

N. Employees of the Solid Waste Department may be required to work as follows during a week in which a holiday is observed. When a holiday is observed on a Friday, collection equipment operators maybe required to work on the Friday as determined by the Board of Public Works. When a holiday is observed on a Monday, collection equipment operators may be required to work on the following Saturday. A volunteer substitute, who is acceptable to the supervisor, may take the place of an individual collection equipment operator on such work assignment provided that classification of the substitute does not exceed the pay classification of the collection equipment operator.

O. If at the beginning of the workday, the Superintendent or his/her designated representative identifies a project for potential overtime, the work force will be notified of this potential and adjustments will be made at that time so that the work force finally constituted will be available for overtime, if required.

Notwithstanding the above, if an unforeseen and unanticipated situation occurs during the course of a workday that requires work beyond the usual workday hours, the employees currently working on such assignment may be assigned no more than one additional hour to continue work on the project. The parties agree that this section is not intended to usurp the overtime list. Instead, it is intended to be used to address unforeseen and unanticipated situations that occur on a given work day at a given work site.

P. Master Overtime List

1. Each department shall have a list of employees by classification seniority and a department master overtime list by division seniority within the department.

1/2/2021 ADL

2. Overtime by classification seniority shall be on a rotating basis.
3. Overtime by department master overtime list shall be on a rotating basis.
4. Employees who normally perform the work according to classification shall be offered the overtime first.
5. Should overtime remain unfilled within the classification, the overtime shall be offered to qualified employees according to the department master overtime list.
6. There shall be two (2) possible entries other than a blank box on a master overtime list:
 - A = Accepted
 - or
 - R = Refused
7. A box shall remain blank if the employee is working when the overtime was to occur. If an employee is currently working an overtime shift, then they will not get a blank box. Blanks shall not accumulate.
8. There will be a stop point on the master overtime list from which overtime was filled; employees remaining with blanks shall be contacted prior to continuing on with the list.
9. Should the overtime remain unfilled, the overtime will be offered outside the department by Department master overtime list according to the following orders:

ARTICLE 10 - SENIORITY

- A. There shall be three types of seniority:
 - (a) Division Seniority
 - (b) Department Seniority
 - (c) Classification Seniority

1/10/11 M...

Division Seniority is the length of service an employee has with the Division of Public Works. Department Seniority is the length of service an employee has with a particular department within the Division of Public Works. Classification Seniority is the length of service an employee has within a particular job classification.

In the event more than one employee is hired on the same day, their seniority shall be based on the letter(s) of their name. The employee's last name shall be considered first, first name shall be second and the middle name shall be considered in the event the employees have the same first and last name. The first letter of the last name will be considered first starting with letter "A" being first in seniority, and "Z" being last in seniority. If the letters being compared are the same, the next letter will be considered. In the event one employee's name being compared ends and the other employee(s) have more letters, the employee with no other letters shall have higher seniority.

B. The term "service" as used in this Agreement shall mean time when the employee is physically present on the job, together with any authorized paid leave granted pursuant to this agreement. For employees hired after the date of this agreement, it shall not include the employee's initial probationary period set forth in Article 6.

C. The term "length of service" as used in this Agreement shall mean accrued time in service as defined in B above. In the event of authorized unpaid leave, suspension or layoff, the employee shall retain such length of service as was accrued on the date of the authorized unpaid leave, suspension or layoff, but shall commence further accrual only upon such return and shall not accrue length of service during such leave, suspension or layoff period. In the event of retirement, resignation, death, or other permanent termination of employment, the employee shall lose all accrued length of service.

D. The Division of Public Works shall establish a seniority list of all types of seniority specified under A above, and it shall be brought up to date as of July 1 of each fiscal year. A copy of the list shall be mailed to the Union. Any objections to the list as established shall be reported to the Division Director within ten (10) days, or it will stand as approved.

E. Until an employee has served the sixty (60) day probationary period, it shall be deemed that the employee has no seniority status, and the employee may be discharged or laid off with or without cause, and such discharge or layoff shall not be subject to the grievance procedure.

F. The employee's present classification seniority as of the effective date of this contract shall be the only type of seniority considered for the purpose of establishing the classification seniority system called for in this Article. This classification seniority must have been continuous in nature to merit consideration under this section. The preparation and maintenance of the classification seniority roster shall be the responsibility of the Division of Public Works, approved by the Union, and is to be part of this agreement.

G. In cases of promotions and transfers, Department Seniority shall be the type considered. Where Department Seniority of two qualified candidates is identical, Division Seniority shall be the type considered.

H. Layoffs will be made on the basis of job classification with the employee having the least Division Seniority being the first identified for layoff. Laid off employees will have the option of bumping by seniority if they are minimally qualified for that position and hold any required certifications, permits or licenses associated with that position. An employee so bumped shall have the same rights.

The division shall not increase beyond the 2009 season level the number of summer and temporary positions, exclusive of summer pool instructors and lifeguards, during the term of this contract following any attrition in the number of members employed in bargaining unit positions.

The board of public works acknowledges the union has job security concerns and that this language shall not be interpreted in such a way as to replace regular employees with summer help.

The City agrees to maintain at least 110 AFSCME positions through the term of this contract, ending on June 30, 2014.

I. The names of employees laid off from the bargaining unit will be maintained on a recall list for three (3) years from the date of such layoff and such employees will be offered their job classifications in the event of a recall. If a laid off employee is notified by telephone or by letter sent certified mail to the employee's last known address on the records of the Division to report to work, the employee must notify the Division within five (5) days of the employee's intention to comply or accept and must report to work within two (2) weeks of such notification or the employee shall cease to have any rights based on seniority and shall be terminated. Recalled employees who return to work will be credited with prior length of service provided such employee has not withdrawn his or her contributions from the Employee Retirement Plan to which he/she belonged.

J. In the event that an employee transfers to the Public Works Division from any other City Division/Department, said employee will be assigned a Division Seniority date and a Department Seniority date which shall be the same as the date of such transfer.

ARTICLE 11 - VACANCIES, PROMOTIONS AND TRANSFERS

A. Within ninety (90) days of the occurrence of a permanent opening in a department, the City shall either abolish the job or post it and fill it in accordance with the provisions below:

a. If a permanent job in a department is not abolished, the job shall within said ninety (90) days be posted on bulletin boards in the respective departments together with the title or the classification, the duties involved, rate of pay, job location, and the shift. The posting shall occur for a period of fifteen (15) days. All applicants shall then be considered on the basis of minimum qualifications, seniority, experience, and ability. If an applicant is qualified by reason of such minimum qualifications, seniority, experience, and ability, the job will be filled within thirty (30) days following the close of the posting period.

b. The City may administer testing procedures to determine the qualifications of applicants for a posted vacancy. If an employee has acquired sufficient creditable

experience it can be considered in lieu of the testing procedure. The City has the right to determine job qualifications, provided they are limited to those factors directly required to satisfactorily perform the job. Wherever possible, promotions shall be made from the ranks of regular employees who are employed in the department in which the vacancy occurs. The Division shall promptly post the names of employees selected for posted jobs.

c. An employee selected by the City for a posted job shall have a trial period of sixty (60) days, starting on the effective date of appointment to the position as approved by the Board of Public Works. The effective date of appointment will be within seven (7) days following the Board of Public Works meeting, and will be within the time frames established in subsection (a) above. At the end of said trial period, the City may do one of the following:

(1) Consider the employee qualified and assign the new classification.

(2) Consider the employee unqualified and return the employee to the employee's former classification without the loss of seniority.

(3) Consider the employee questionably qualified and extend the trial period an additional thirty (30) days, after which the City must act under (1) or (2) above.

d. After an award is made of a promotion, the name of the person promoted shall be posted for five (5) working days following said award. Employees may file a grievance in accordance with the grievance procedure.

e. The City agrees that members of the Union may apply for any vacant or newly created supervisory or administrative position and will receive full consideration according to their qualifications. However, final selection of such persons shall be the sole prerogative of the City.

f. Any employee who is awarded a transfer shall be allowed to transfer back to his/her former position within their probationary period. In addition, any employee may transfer back to his/her former position or to another position, if the other position has a higher pay rate, for a period of one year after the award is made, and only if a vacancy exists.

B. TEMPORARY JOB ASSIGNMENTS

1. The superintendent may make temporary job assignments which will be filled as required on the basis of ability, experience required, and departmental seniority. The employee temporarily assigned will be paid his or her regular pay rate or the pay rate of the job to which he/she is temporarily assigned, whichever is higher, provided he/she qualifies under the 120 hour clause as in Article 7, paragraph D.

2. If a temporary job assignment is mandated after it has been posted division wide by the City without any volunteer having the necessary ability and experience required, the city will assign the least senior employee in the division who has the necessary ability and experience required for the temporary job assignment.

3. In the case of a temporary assignment to a higher paid classification, the employee shall receive the rate of pay to which he is entitled under paragraph B.1., above, for absences caused by paid holidays, provided he is assigned in the higher paid classification both the workday before and the workday after the holiday.

ARTICLE 12 - WORK POLICY AND REGULATIONS

A. The City may adopt rules for the operation of the division and the conduct of employees provided such rules do not conflict with any of the provisions of this Agreement.

B. It is agreed that the City has the right to discipline or discharge employees for just cause. Examples of just cause which apply include, but are not limited to: reporting for work under the influence of an alcoholic beverage or illegal drugs; bringing an alcoholic beverage or illegal drug on the job; drinking an alcoholic beverage or using illegal drugs during working hours; discrimination; theft; knowingly submitting false reports; damaging equipment through negligence or carelessness; failure to observe safety rules, excessive tardiness or absence; insubordination; or similar serious offenses.

It is further agreed that if an employee currently employed by the City is convicted of a Class A felony as defined in the New Hampshire criminal code, that employee will be immediately discharged.

C. All documentation of written warnings and suspensions shall be removed from an employee's personnel file after three (3) years provided that the employee has had no infractions of discipline within that period. All documentation of verbal warnings shall be removed from an employee's personnel file after two (2) years provided that the employee has had no infractions of discipline within that period.

D. In justice and fairness to the taxpayers of the City, all employees shall be required to report to work on time, shall not leave the job early, shall be prompt in reporting to their assigned duties, and shall faithfully perform their duties. It is also agreed that no union business will be transacted on City time, except as specified in Article 14. The Union recognizes that the efficient delivery of services is a primary objective of the parties under this contract.

E. It is agreed that any employee leaving his work without authorization of his/her foreman will forfeit the pay for the time while absent from his/her assigned job for the first such absence, and will be subject to disciplinary procedures, authorized under paragraph B above for each subsequent absence.

F. It is agreed that the "service slip" system will apply when employees are sent out individually or in pairs to perform particular tasks, and that Foremen are required to sign these slips at the time the work is completed.

G. No employee will be required to appear before the Board of Public Works, the Mayor, the Director of Public Works, or the Superintendent or his/her designee on any disciplinary matter without union representation.

ARTICLE 13 - PROTECTION OF CITY PROPERTY AND EQUIPMENT

A. It shall be the responsibility of all employees having custody of or assigned to operate any equipment or property to see to it that it is properly cared for kept clean and returned to proper storage place at the end of the work shift. No City owned vehicle will be used by a City employee for other than City business.

B. All truck drivers and equipment operators will be required to check oil, water, tires and accessories (wipers, defrosters, etc.) daily before operation. All drivers and operators will be held responsible to notify the garage foreman when the equipment being operated is in need of any mechanical adjustment or correction. The operator's vehicle condition report will be completed and turned in on a daily basis. Failure on the part of such employees to comply with the above will be grounds for disciplinary action or reclassification.

C. The City agrees to furnish two-copy deficiency report slips of which truck drivers and equipment operators are to indicate any mechanical adjustments or corrections believed to be necessary. The foreman of equipment maintenance or designee shall sign one copy of the deficiency report for retention by the employee.

D. When skating rinks are being flooded, all available Park Department vehicles shall be assigned to the flooding operations.

ARTICLE 14 - GRIEVANCE PROCEDURE

A. It shall be the purpose of this grievance procedure to settle grievances between the City and Union as expeditiously and fairly as possible. Any difference as to the interpretation of this Agreement in its application to a particular situation, or as to whether it has been observed and performed, shall be a grievance under this Agreement and the parties shall observe the following procedure for the adjustment and settlement of such grievance.

An employee may present an oral grievance without the intervention of the Union. Until the grievance is reduced to writing, the Union shall be excluded from any meetings if the employee so requests. Any resolution of the grievance shall not be inconsistent with the terms of this agreement. The Union shall be notified of the resolution of the grievance.

Without intending to expand the definition of a grievance beyond violations of this agreement, all written grievances will be submitted on an AFSCME Council 93 Official Grievance Form, which is appended hereto as Appendix C.

Grievance Mediation may take place, at no cost to either party, in the grievance procedure at any time if agreed by both parties. Either party may submit a request to the other requesting Grievance Mediation. Mediator services through the Federal Mediation and Conciliation Service shall be used. Mediation shall not be binding and cannot be used by either party in further proceeding should mediation fail.

Step I: Within eight (8) workdays of the incident leading to grievance, if the parties involved have not reached a verbal agreement, then the grievance shall be reduced to writing, signed by the employee and the union, and presented to the Superintendent or his designated representative. If the grievance remains

unresolved following a discussion which is not to exceed one (1) hour, the Superintendent shall respond in writing within two (2) workdays.

Step II: Within two (2) workdays of receiving the response, the Union may notify the Director of Public Works, in writing, that a hearing on the grievance is requested. The Director will investigate the grievance to determine if a grievance exists under the Agreement and if it can be settled under the policies of the City as well as under the Agreement. If the matter has not been settled by the Director within one (1) week, then,

Step III: The Union, within three (3) days, may notify the Board of Public Works, in writing, of the grievance. The Board shall, within thirty (30) days after the grievance is presented to the Superintendent under Step I, consider the grievance and within two (2) working days thereafter, notify the Union in writing of their disposition of the grievance. In the event the employee and the Union are not in accord with the disposition by the Board, then

Step IV: The parties hereto agree that any grievance which involves the interpretation or application of a specific provision of this agreement shall be settled by arbitration. The parties agree to submit such grievances to the N.H. Public Employees' Labor Relations Board, as the agency to coordinate the arbitration, and to abide by the rules and procedures set forth by said Board. Delta Dental PPO plus Premier Network

You will get the best value from your Delta Dental Plan when you receive your dental care from one of our PPO (greatest savings) or Premier network participating dentists:

- ✓ No Balance Billing: Because participating dentists accept Northeast Delta Dental's allowed fees for services, you will typically pay less when you visit a participating dentist.
- ✓ No Claims Paperwork: Participating dentists will prepare and submit claims for you.
- ✓ Direct Payment: Northeast Delta Dental pays participating dentists directly, so you don't have to pay the covered amount up front and wait for a reimbursement check.

To find out if your dentist participates in our PPO or Premier network, you can: call your dentist, visit our website at nedelta.com, or call Customer Service at 1-800-832-5700.

Claim Process for Participating Dentists

Your participating dentist will submit your claim to Northeast Delta Dental (claims for any of your covered dependents should be submitted under your Subscriber ID number). Northeast Delta Dental will produce an Explanation of Benefits (available through our Benefit Lookup site at nedelta.com) detailing what has been processed under your plan's coverage. You are responsible to pay any outstanding balance directly to the dentist.

Non-Participating Dentists

If you visit a non-participating dentist, you may be required to submit your own claim and pay for services at the time they are provided. Claim forms are available by visiting nedelta.com or by calling Northeast Delta Dental. Payment will be made to you, the Subscriber, unless the state in which the services are rendered requires that assignment of benefits be honored and Northeast Delta Dental receives written notice of such assignment. Payment for treatment performed by a non-participating dentist will be limited to the lesser of the dentist's actual submitted charge or Delta Dental's allowance for non-participating dentists in the geographic area in which services are provided. It is your responsibility to make full payment to the dentist.

Predetermination of Benefits

Northeast Delta Dental recommends that you ask your dentist to submit a *pre-treatment estimate* for any dental work involving costly or extensive treatment plans. Predeterminations help avoid any potential confusion and enable us to help you estimate any out-of-pocket expenses you may incur.

Coordination of Benefits

When an individual covered under this plan has additional group coverage, the Coordination of Benefits (COB) provision described in your Dental Plan Description booklet will determine the sequence and extent of payment. If you have any questions about COB, please contact our Customer Service Department at 1-800-832-5700.

Identification Cards

Two identification cards will be produced and distributed shortly after your initial enrollment. Both cards are issued in your name but can be used by any family member covered under your plan. Any future cards will be issued electronically via our Benefit Lookup site accessible through nedelta.com. You can also use our smartphone app and enjoy access to dentist search, claims and coverage, and your ID card. Simply scan the QR code to the right.

This list will cover one (1) week periods, from Monday 6:45 a.m. to Monday 6:45 a.m. Up to 80 bargaining unit members who agree to be on call will be compensated \$100.00 or 4.5 hours of overtime pay, whichever is greater, for the week. Employees will provide one phone number and receive a call and text notifying them that they need to report to work. Bargaining unit members on-call will be allowed to get someone else to cover for them as long as they provide notification. Four (4) maintenance positions shall be entitled to the aforementioned on-call compensation. Bargaining unit members hired after the date that this contract is signed will not be eligible for on call compensation for snow.

B. Bargaining unit members on-call who have worked at least sixteen (16) hours within a twenty-four (24) hour period are eligible for up to an 8 hour rest period. At the employee's option he/she may respond without the minimum hours of rest. An employee shall give notice of the duration of such rest period to the dispatcher, should the employee desire a rest period. An employee using vacation and/or sick time during a rest period under Appendix E shall maintain their eligibility for overtime.

C. Bargaining Unit employees who are unable to commit to the week block for on-call shall be contacted and offered the opportunity to work during a call-in provided additional manpower is needed above the bargaining unit on-call volunteers. All Bargaining Unit members shall be offered any available work prior to offering such work outside the bargaining unit. Should a bargaining unit employee not be available at the time of the call, receives a message, or has no answering machine at their residence, such employee may contact the dispatcher and provided work is continuing to be completed, advise when they will be available to respond. They will be assigned the next available open slot in the order in which such calls are received.

paid to those qualifying employees uninterruptedly operating sidewalk plows until the work related to the snow event is completed.

3. The Division of Public Works will be able to utilize non-bargaining unit employees of the Division for snow events only after all bargaining unit members have been called and offered the opportunity to work or left a message indicating such an opportunity. Further, the use of non-bargaining unit employees of the Division will not diminish the right of a bargaining unit members from coming in later to replace a non-bargaining unit employee of the Division to complete the bargaining unit work that remains. Employees interested in coming in after the initial call out shall call in and provide at least a 30 minute notice of their intent to return provided bargaining unit work remains to be completed.

4. The start of an event shall commence once pretreatment or plowing occurs or a call-in occurs, whichever is earlier. Should an employee respond in at a later time, the start of the event shall be from his/her arrival to the worksite. All hours worked on an event during normal working hours shall count towards the total hours for the event. Employees will be paid from time badged in for a snow event.

5. Each Monday a volunteer sign-up sheet shall be posted for the week commencing 14 days later. The sign-up period closes Friday at 12:00 p.m. the week of the posting. A separate list shall be established for employees to sign up for all weeks for the duration of the snow season as defined in Section 11. A separate list will be established for employees hired prior to July 1, 2006 to sign up if they do not want to be contacted about snow event(s) for a full week.

6. Solid Waste employees shall be eligible at all times to volunteer for overtime.
