Any grievance matter, regardless of outcome, shall not become part of an employee's personnel file.
- 5.2 **Level 1:** -- The procedure to be followed by grieving parties regarding a grievance related to an alleged misinterpretation, misapplication or violation of this Agreement, is to discuss the matter with the building administrator or superintendent within ten (10) days of the known occurrence of the alleged misinterpretation, misapplication, or violation. Teachers will begin each contracted school year with twelve (12) days of sick leave. For any employee hired after the start of the student school year, total available days shall be prorated based on the employees start date. Unused sick days shall be allowed to accumulate from year to year. The maximum allowed to be carried over from year to year shall be 100 days.

A doctor’s certificate may be requested for absences in excess of three consecutive school days, as requested by the Superintendent.

13.3 **Sick Leave Bank**

In the event of catastrophic illness or serious illness or disability, an employee may obtain sick leave from the Sick Leave Bank based on the following conditions:

- Present Sick Leave accumulation is exhausted.
- There is medical documentation for the condition.
- The employee must have contributed to the Bank, as described below.

Voluntary contributions will be accepted and recorded in September. An employee must contribute two authorized leave (replace with sick leave) days to the Sick Leave Bank in order to join the Sick Leave Bank. Thereafter, the employee must contribute one day per year to remain a member of the Sick Leave Bank to be eligible for Sick Leave Bank time. Teachers shall sign and return a form indicating whether they will or will not join the Sick Leave Bank by the last school day of September. The administration shall provide the President of the Union with the number of those participating in the Sick Leave Bank no later than the second week of October each year. The administration shall also provide to members, no later than the second week of October, confirmation of the days contributed to the Sick Leave Bank.

An employee who has contributed to the Sick Leave Bank and who desires days from the Sick Leave Bank shall make written application addressed to the chair of the Sick Leave Bank Committee with the medical documentation attached. A committee of three employees (one from each level and elected by the bargaining unit) and two administrators (appointed by the Superintendent) will review all applications and forward a decision to the Superintendent. An employee who has been denied days from the Sick Leave Bank may appeal, in writing, the decision of the Sick Leave Bank Committee to the Superintendent within ten days. Committee members will serve for three-year terms.

Upon presentation of satisfactory medical evidence of disability or illness to the Committee and approval by said Committee, an employee participating in the Sick Bank may be granted up to 30 additional days of Sick Leave Bank time. Should the employee still be disabled after this time, he/she may request an additional 30 days for a maximum of 60 days.

Any unused days in the Sick Leave Bank will carry over to the next year. The maximum number of days to be utilized by all employees shall not exceed 180 days per year.

13.4 **Personal Leave**

Teachers shall be entitled to a maximum of three (3) paid personal leave days per year. Personal days are defined as those days when a teacher needs to conduct important affairs during the school day which cannot be accomplished at any other time. Personal days may be used without reason. Teachers will provide building level administrators twenty-four (24) hours' notice of a need to take a personal day. In the case of emergency, the building level administrator shall be notified as soon as possible. Personal leave shall not ordinarily be granted during the first and last five days of the school year unless pre-approved by the Superintendent. Personal leave shall not be used prior to or after any scheduled school vacation or school holidays unless pre-approved by the Superintendent. In the case of all requests requiring pre-approval, the employee shall disclose the reason for the request to the Superintendent. This request shall not be for the extension of a vacation or holiday.

13.5 **Bereavement Leave**

A teacher shall be granted bereavement leave of up to five (5) days per occurrence to attend funeral services and related affairs upon the death of a member of the teacher's immediate family. Immediate family shall include: spouse, children, parents, grandparents, grandchildren, siblings, aunts, uncles, step-equivalents and the same relatives of the employee's spouse or other family member or person for whom the teacher has primary care or custody who is a resident of the teacher's household. In addition, teachers shall be granted one paid bereavement day per year to attend the funeral of a close friend or other relative, however, additional days for this purpose may be granted at the discretion of the Superintendent.

13.6 **Professional Leave**

Teachers shall be granted up to two (2) professional development leave days to attend relevant conferences and professional development activities outside the District. Additional days may be granted at the discretion of the Superintendent.

13.7 **Child Rearing Leave**

Leave for the birth and care of an employee's child or placement for adoption or foster care of a child with an employee, may be taken by either parent/employee with at least thirty (30) days written notice to the School Board.

Up to twelve weeks leave shall be granted upon the request of the employee. Employees shall be paid by utilizing sick leave up to the full twelve weeks. Health insurance coverage shall be maintained at the shared District/employee cost for the duration of the paid leave period.

During unpaid leave, health insurance coverage may be maintained at the employee's expense, paid monthly in advance. If health insurance payments are ten (10) days late, a certified letter from the District shall be sent notifying employees that without payment in fifteen (15) days the carrier shall be notified to terminate the insurance coverage. Unpaid leave shall be granted if requested by the employee for a total leave (combined paid and unpaid) period of up to one year.

13.8 **Military Leave**

Military personnel, who are in reserve status, and who are called to active duty in any of the United States military services which cannot be postponed or deferred, such as Reserve Duty, Special Emergency Duty, etc., shall be compensated for such absence from their contract duty to the District to the extent that the District shall pay, during their contract, the difference between their per diem contract salary and their per diem military pay. The intent of this policy is to give full salary to the employees on military duty in addition to the District providing a substitute to fulfill their contract responsibilities. Employees must provide adequate lesson plans for at least ten (10) school days to their replacement.

13.9 **Jury Duty**

If it is necessary for employees of the District to serve as jurors, they shall be assured of their contract salary.

13.10 **Other Leaves**

Other leaves may be granted at the discretion of the Board.

13.11 **General Provisions**

1. Upon return from any leave granted by the School Board, employees shall be assigned to the same position, unless the position has been modified or terminated during the leave.
2. Employees on leave of absence shall not be denied the opportunity to substitute in the School District by reason of the fact that they are on a leave of absence.

3. Upon return from such leave of absence, all accrued rights and benefits held prior to leaving shall be reinstated upon returning to employment. Employees shall be given full credit for actual teaching experience gained while on leave.
4. Employees on leave under the above provisions of the Article shall be issued a statement indicating the type, duration and conditions of such leave.

ARTICLE XIV PROFESSIONAL IMPROVEMENT

14.1 Reimbursement during any given school year in a maximum of \$1300 shall be available for each employee for professional growth programs (staff development workshops and/or college/university courses). Professional growth programs shall be undertaken with the understanding that they fall within the limitations of the staff development plan. All professional development activities shall relate to individual, district, or school goals. The District is not required to provide release time from class for more than ten (10) teachers on any given day for workshop attendance.

- a) A maximum of \$600 per school year (from the total possible allotment of \$1300) may be used for approved staff development activities.
- b) Faculty may purchase up to \$100 in professional resource materials (books, reference materials, membership in professional organizations) from the total possible allotment of \$600. Resources must align with individual, school, or district goals. Materials purchased may not be classroom supplies or materials. All teachers are encouraged to donate the resource materials back to the district at the conclusion of their use by the employee.

District Professional Development allocations may not be used to purchase technology or such other products/services, ie: laptops, tablets, etc. without prior approval of the Superintendent.

- c) District Professional Development allocations may be used to purchase memberships in professional associations as they relate directly to the employee position in the district. The amount of dues shall be subtracted from the employee allocation for staff development activities.

A maximum of \$1300 per school year (from the total possible allotment of \$1300) may be used to reimburse employees for credits earned at a regionally accredited college or university which will cover the expenses of tuition. All courses shall be reimbursed the following October, March or June after successful completion of the course.

- d) In no event shall the benefit paid under this provision exceed \$35,000 annually.

14.2 Such compensation shall be made only after one (1) year of teaching experience. First

year employees, in the District, with two (2) or more years of prior experience may apply for reimbursement for a second semester course, in their first year of employment.

- 14.3 All professional growth programs, not including course reimbursement, shall be reimbursed following completion of the program except where programs are prepaid. All attempts will be made to reimburse all employees for professional growth programs within two accounts payable cycles after the employee has submitted the appropriate paperwork. Mileage reimbursement, for private vehicle use, shall be paid at the current IRS rate. All mileage reimbursement requests shall be submitted with the original professional development request and shall be subtracted from the individual's total professional development allocation.
- 14.4 Employees shall have prior approval of their program from the Principal and Superintendent. Proof of successful completion of programs shall be given to the Superintendent prior to reimbursement.
- 14.5 Overnight hotels and meals will only be approved in extreme circumstances. Travel must be more than 2 hours in distance from the teacher's residence and/or place of employment, whichever is the shortest distance, for the consideration of approval of an overnight stay. Pre-approval by the Superintendent must be sought for all overnight stays.
- 14.6 **Special Projects**
Employees may make application to the Superintendent of School to develop ideas, teaching units or programs during summer months or outside of school time during the school year. Total expenditures cannot exceed \$30,000 per year. Employees shall receive a rate of \$25 per hour. The Superintendent shall authorize all proposals that require funding.

ARTICLE XV PROFESSIONAL COMPENSATION

- 15.1 All employees shall be placed on scale in accordance with this contract as provided in **Appendix A** unless there is evidence of unsatisfactory performance as prescribed in Article XI, Evaluation of Personnel. Teacher placement on the salary schedule as of November 15 shall remain at that placement for the balance of the school year. No new employee shall be placed on a step of the salary schedule which is higher than those steps for current employees with equivalent experience. Exceptions will be allowed if the Superintendent determines, and the School Board approves, that there is an unavailability of qualified candidates.
- 15.2 Criteria for track advancement: 1) All courses shall be earned from a regionally-accredited college or university; 2) all courses shall be earned after the awarding of a teacher's most recent degree; 3) all courses shall be graduate level; 4) undergraduate

courses may be eligible within an approved program (see Article XIV); 5) 45 hours of staff development equals one (1) credit toward track advancement; 6) a maximum of six (6) credits may be obtained from approved staff development; 7) #5 and #6 shall be for anyone moving from the BA to the BA + 15 only.

- 15.3 Individuals involved in co-curricular assignments as set forth in **Appendix A-1**, which is attached to and incorporated in this agreement, shall be compensated in accordance with the provision of **Appendix A-1** without deviation. In the event a new co-curricular position is created during the term of this Agreement, the School Board shall establish the initial salary and the salary for said position shall be negotiated in future agreements. If the activity is less than 8 weeks, reimbursement shall be made at the end of the activity. If the length of the activity is more than 8 weeks, but less than a full year, the reimbursement shall be made twice. If the activity is for a full year, reimbursement shall be made three times a year. This payment arrangement also includes co-curricular assignments that are not listed in **Appendix A-1**. Co-curricular payments shall not be made if the entire season or activity is canceled prior to its scheduled start. Cancellation of a season or activity after its scheduled start shall result in payment on a pro rata basis. All co-curricular activities shall be reviewed for appropriate placement every three (3) years, beginning in 2001. The Board and the Union shall establish a joint committee comprised of equal representatives appointed by the Board and the Union to review all co-curricular payments, update **Appendix A-1** and recommend salary adjustments as may be necessary subject to approval by the School Board and Union membership. Final approval of adjustments will be made by the voters of the Newfound Area School District.
- 15.3.1 The parties agree to develop a Memorandum of Understanding to apply the total amount of up to \$10,000 to co-curricular stipends. The Memorandum of Understanding shall include the specific adjustments which shall be made to be implemented for July 1, 2019. It is understood that with the approval of this contract the voters have approved \$10,000 for this express purpose.
- 15.4 Employees, required in the course of their work to drive personal cars from one school building to another, shall be paid at the current IRS rate per mile. The same allowance shall be given for use of personal cars for field trips or other business of the District.
- 15.5 The District shall not ask nor encourage its employees to transport students in personal vehicles.
- 15.6 The basis for pay shall be twenty-six (26) biweekly periods with checks available on Fridays. When a payday comes during a vacation period, the checks shall be mailed to the address on file in the Office of the Superintendent, or to another address designated in writing by the teacher at least two weeks prior to the vacation period. Employees shall be paid biweekly. The final payment shall be made on the last workday in June.
- 15.7 Any member of the bargaining unit who has taught in the Newfound system for a minimum of twenty (20) years is entitled to a stipend upon retirement. At age 50 that stipend is one-half of one percent (0.5%) of his/her final salary multiplied by the number

of years taught in the system. At age 55 the stipend is one percent (1%) of his/her final salary multiplied by the number of years taught in the system.

Retirees shall be permitted access to the District's medical insurance plan. Upon retirement and for a period not to exceed three (3) years, the District shall pay \$7,500 toward the cost of a single plan for the retiree. The retiree may also enroll his/her spouse in a two-person plan with the retiree paying the difference in the cost between the single and two-person plan.

A retiree shall be defined, for purposes of this section of the contract providing a retiree health insurance benefit, as a teacher who has taught in the District for a minimum of twenty (20) consecutive years immediately prior to retirement and is at least fifty-five (55) and less than sixty-five (65) years of age at the time of retirement. An authorized leave of absence shall not constitute a break in service. This benefit will end no later than when the employee becomes Medicare eligible or has utilized this benefit for three (3) years, whichever shall occur first.

- 15.8 A bargaining unit member desiring to take advantage of this retirement benefit must so inform the Superintendent in writing by October 15th of his/her final year of teaching. In the event a bargaining unit member has an unforeseen medical issue for them or an immediate family member or some other unforeseen event which interferes with the bargaining unit's member's ability to return to employment, the bargaining unit member may request a waiver of the October 15th deadline from the School Board. The retirement benefit stipend shall be paid in the fiscal year after notice is received. Payment of the retirement benefit stipend shall be a single payment on the District's pay date closest to July 30 of the next fiscal year.
- 15.9 A person covered by this agreement and employed 49% time or less shall advance one step for every two years of service. A person covered by this agreement and employed 50% or more time shall advance one step for each year of service.
- 15.10 A person covered by this agreement and employed by the, Newfound Area School District on or before December 15th of a contract year shall receive credit for one year of experience in future contract offerings. A person employed following December 15th shall receive credit for 1/2-year experience.
- 15.11 Employees hired but not starting at the beginning of the year shall be pro-rated commencing the first day of employment.
- 15.12 Longevity
All employees having completed ten (10) years of service to the Newfound Area School District and on Step 14 for at least one (1) year for the 2022-23 contract year shall receive an annual longevity stipend in the amount of \$150 per year of service.

All employees having completed ten (10) years of service to the Newfound Area School District and on Step 13 for at least one (1) year for the 2023-24 contract year shall receive an annual longevity stipend in the amount of \$175 per year of service.

All employees having completed ten (10) years of service to the Newfound Area School District and on Step 12 for at least one (1) year for the 2024-25 contract year shall receive an annual longevity stipend in the amount of \$200 per year of service.

A year of service shall be counted if an employee has worked for at least one half of the school year. The stipend shall be paid in the bi-weekly pay period immediately preceding Thanksgiving as a lump sum line item that will include the word "longevity" in the description.

For any employee hired or rehired (except if subject to a reduction in force in the Newfound School District) on or after July 1, 2019, in order to be eligible for longevity payment, service to the Newfound School District shall be continuous with no break in service except for an authorized leave of absence. The calculation for years of service for those employees hired before July 1, 2019 and already receiving a longevity stipend shall not be affected by this paragraph.

Further, effective July 1, 2019, for purposes of calculating years of service to the Newfound School District for the purposes of longevity payments, the payments will be pro-rated based on completed years of service. [For example: A teacher in 2019 who worked 50% time for 20 years would be eligible for a \$1,250 longevity payment not \$2,500.

ARTICLE XVI SAVINGS CLAUSE

- 16.1 If any provision of this Agreement or any application of this Agreement to any employee or groups of employees is changed by legislative action, by executive order, or by directive of the State Board of Education, or is held to be contrary to law by a court of competent jurisdiction and a final determination has been made, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

REPLACEMENT CLAUSE

- 16.2 When any provision or application of the Agreement is deemed to be not valid according to the preceding clause, the parties shall enter into immediate negotiations for the sole purpose of arriving at a mutually satisfactory replacement for such provision or application.
