PELRB amends its August 3, 1989 Order, Decision No. 89-50 as follows:

The Town of Merrimack is hereby ORDERED to Cease and Desist from the enactment of the 4-day workweek for all unit members of the Highway Department and Wastewater Treatment Facility effective August 13, 1989. This action is taken on the basis that there is no dispute with respect to the actual allegations made in the petition; that those facts, as such, are a per se violation of RSA 273-A, State Employees Association of N.H., Inc. v. Board of Trustees, New Hampshire State Prison v. N.H. Public Employee Labor Relations Board 118 NH 466, 338 A.2d 203, 6/27/78; that it is in the public interest to preserve and enforce the rights of both employees and management under the Act; and, that a per se violation creates that public interest.

Written evidence of compliance to this order should be received in our office no later than 4:30 p.m., Monday, August 14, 1989.

Signed this 9th day of August, 1989.
